TASTE FOR CANDI

Ever since my girlfriend and I saw delectable Candi Evans in your magazine, we've both been hooked. Her perfect body and gorgeous face are a constant turn-on for us. We now have several of her videos. Thank you and James Baes for the great photos of that sexy, sweet thing.

—D. K.

Skyland, North Carolina

Thank you for introducing me to Candi Evans. I'm normally not turned-on by small-titted babes, but Candi Evans's pretty face, cute bubblebutt and suckable little toes made my dick hard. When I rented some of her videos and heard her little-girl voice, I fell in lust. I'm still waiting to see a video in which she gets fucked in that bubblebutt.

—J. W.

Tucson, Arizona

CENTER OF ATTENTION

Your February 1987 HUSTLER Honey, "Cha Cha: Beach Ball," is one of the most voluptuous sluts I have ever seen.

—J. C.
Attleboro, Massachusetts

CULT WATCH

Being opposed to all forms of superstition, I enjoyed and appreciated Scott Metzger's article "New Age Cults" in the February '87 issue. My only complaint is that Christianity, Judaism, Islam, etc., weren't included. The only real difference between large, accepted cults and smaller ones is the specific brainwashing techniques. Christians, etc., usually employ far less overt tactics since their victims are programmed in childhood. The rites of circumcision practiced by Jews and Moslems on helpless infants is as despicable and barbaric as any of the perversions dreamed up by the practitioners of New Age occultism.

—A. M.

Farmingdale, New Jersey

JUMPING FOR JANUARY

Hats off and cocks at attention for your January '87 edition. It made me cream in my pants. You'll have a hard time finding another beauty to match Blondi—gorgeous eyes, smile, tits, pussy and inviting asshole. Nice photography, James Baes—what a tasty tunnel.

—P. W.

Westport, Connecticut

I don't read my husband's HUSTLER—I have my own subscription! Your January feature "Blondi: The Woman in Red" caused this admirer of beautiful women to fall head over heels in lust. I've posted those photos on my bedroom walls and ceiling, and even inside the kitchen cabinet!

—T. K.

Coulterville, California

I have gotten my dick hard and whacked

Candi Evans: Cool Dip for a Hot Star

off to the girls in your magazine before, but the January '87 issue caused my dick to get hard twice. It was treacherous pain, and I had to relieve myself. I'd get even harder if you'd show more pictures of the girls' feet, particularly a woman in tight black leather with her bare feet being sucked by a male slave.

—T. J.

New York, New York

I know my kudos for the girl's asshole are late, but I spent the whole month flogging my log to Blondi's bunghole. I could marry the girl's bottom.

—F. H.

Bayonne, New Jersey

BEAVER FEVER

Tammy of Ft. Lauderdale in the January '87 HUSTLER *Beaver Hunt* makes me want snatch pie. Her well-tanned body and luscious pussy rate high on my list. I'd love to see her snatch featured again as a HUSTLER Honey.

—G. H.

Dallas, Texas

I think that Tammy, 26, from Ft. Lauderdale (*Beaver Hunt*: January '87) is an absolute fox! I got an instant hard-on when I first saw her. She has my vote as your *Beaver Hunt* winner.

—Yeoman K.

USS Dubuque

I would like to thank Tabby from Fresno (*Beaver Hunt*: December '86) for the memories of my past. After my discharge from the Navy in 1974, I was seeing a lady who bears a striking resemblance to her. Every time I took at Tabby's photo, I can't

help but remember the good times Brandy and I had.

—B. F.

Madera, California

BOLD COMMENTS

When I read your November '86 profile of James Dean Walker, I was pleased that HUSTLER was bold enough to print it. Thank you for exposing your readers to such cases. We tend to forget that justice must not be taken for granted in this country. How can we help Mr. Walker? I feel that others besides myself would like to contribute in some way.

X-RATED-REVIEWS REVIEW

I buy HUSTLER each month, mainly for the reviews of X-rated films and videos. I've looked at most magazines that offer reviews, and I feel that yours are the best. As a serious consumer, I like your reviews because I can trust them. My complaint is that I'd like to see more reviews.

I have a compliment too. The article "Pattie Petite's Wonderful World of Sex Toys" was the best thing I've read in HUSTLER in many months. Please, more articles by the great Pattie Petite. —J. S.

Little Rock, Arkansas

HUSTLER reviews the cream of the monthly video crop, and occasionally we use some space for an expanded look at a noteworthy production, but you can count on our coverage growing as the output of worthwhile videos increases.

MAKIN' CANADIAN BACON

HUSTLER, you've got the best magazine out. In Ontario, Canada, we have a censor board that edits the shit out of your publication. Some cornhole decides what we get to see and read. We'll be lucky if we ever see HUSTLER again. You people in the United States have got to keep fighting those assholes—there's no room for censorship.

I'm writing because HUSTLER has the best beavers, articles and cartoons of any magazine. No one else has the guts to print what you do. Keep up the good work, and if you ever need an asshole of the month, use "Mary Brown," who's on our repressed, behind-the-times censor board in Ontario.

—R. F.

Toronto, Ontario, Canada

IMPROVED WITH AGE

I'm 28, and I've been banging a good-looking 59-year-old widow for two years. She's always naked when I get to her place, and what a piece of ass! Great head too! Her husband did everything to her, even opened her back door. Real easy

entry. Anyway, how about a photo-set of some truly older women?

—M. F.

Baltimore, Maryland

DARK DESIRES

I always enjoy the beautiful women in your magazine, but I want to know when HUSTLER is going to put some black beauties in the magazine.

—M. G.

Baltimore, Maryland

PORN-STAR GAZER

Being an avid HUSTLER reader, I especially enjoy articles and pictorials of porn actresses. I love hearing about their lives on and offscreen. It gets me real horny when they talk about taking loads in their faces, licking pussy, sucking huge cocks or getting double penetrated. I also like to hear about the things they do in their personal lives, and about first times, like sucking cock for the camera or getting fucked in the ass.

—G. D.

Cranston, Rhode Island

Just when I was about to write to suggest a pictorial featuring porn star Danielle, I noticed HUSTLER VIDEO STARS at the newsstand. I feasted my eyes—and my prick.

—D. P.

Bethlehem, Pennsylvania

HUSTLER VIDEO STARS is available for \$4.95 a copy from your newsstand or by ordering from Flynt Subscription Co., P.O. Box 67068, Los Angeles, CA 90067.

BUSHY OR BALD?

I would like to see more pictorials of girls with bushes under their armpits and hair on their legs. If more such pictures appeared in magazines, maybe more women would skip shaving. My wife hasn't shaved her pits for the past three years, and I've got her thinking about letting her legs go furry. I think it looks natural and sexy.

—Name Withheld

Youngstown, Ohio

In your January '87 edition, I noticed some babes with shaved pussies. Personally, I love a hairless pussy. My ex-wife used to let me shave her, and sometimes she shaved me.

—D. C.

Rochester, New York

I was really turned-on by the photo in your Hot Letters section (February '87). It showed two guys and a woman with a big, beautiful bush. I love hairy women!

—R.I.

Houston, Texas.

HAVE IT YOUR WAY

My name is Penny, and I love to be called a slut. I'm 20 years old, have dirty-blond hair, blue eyes and stand 5-2 with a nice slim frame. I live outside of Wilkes-Barre, Pennsylvania, and work at one of those famous American burger chains that span the country. I work part-time, because I have a daughter, but raising a child has not interfered with this girl's pursuit of humping happiness.

The guys I work with are always flirting aggressively with me. They keep asking for blowjobs, and pestering me to let them all fuck me at once. It's always good-natured and doesn't bother me a bit. I think of myself as open-minded, and I'm glad I was raised that way because I would have missed out on quite a few outrageously erotic experiences if I had been a prude. I read some of the better men's magazines, like *HUSTLER*, and they provided the inspiration for me to relate this story.

I was working a rainy evening shift one night last month. It was a slow shift. Most of the orders were from the drive-through window; so I didn't have much to do. The guys had laid off the come-ons lately; so I figured I'd have some fun with them. I approached Brian, who happens to be the most forward of the fellows, looked him in the eyes and reached for his dick. Underneath those ugly yellow uniform pants, I discovered that Brian wore no underwear and that he was packing a pretty big bundle of stiff man meat. He looked at me and said, "Let's go in the back room."

Joey glanced up from the grill, saw Brian and me heading for the back room, and followed us. Joey also motioned for Mike and Jim to tag along. The manager had called in sick, and since Brian is the assistant manager, all systems were go. I locked the door behind the four boys and began to take off my uniform. Brian helped me with my bra and panties, then laid me out on a storage table as he and the other three ripped off their clothes.

My movements were trancelike as I started to finger-fuck myself. Then Brian climbed aboard the table. He got on his knees and guided his 100% beef into my tender taco. After about two or three minutes I looked over at the other three and motioned them over. I made Brian stop for a minute, then rolled onto my left side. With my right hand I took Joey's joint in my ass. Joe spread some saliva on his hot dog before he entered my browneye. Slowly, he pushed his way

through my backdoor, filling my rectum with his greasy frank.

Mike and Jim were both slow to act, and it wasn't until I licked my lips and opened my mouth that they got the picture. Never had I taken two tools in my mouth at once; so I welcomed the challenge and accepted their combined manhoods like the ballsy broad I am. They stood next to each other and inserted a double dose of dick into my waiting mouth. My throat was stretched to the limit, but I managed to gobble them down. They each took a tit and began pinching my hard, brown nips, grinning at each other like a couple of naughty kids.

I gave 'em all the green light, and off

we went to fantasyland. The greatest aspect of this double-dorking came from the combined sensations of Brian and Joey's cocks. When they established a steady, in-and-out rhythm, I could almost feel their rods rubbing together through the thin, sensitive membrane separating my parallel passion passages. But after nearly 30 strokes, I was yearning for the lubrication of Pennsylvania crude oil, for my body felt as it were torn apart with this incredible burning sensation. My special sauce took a while to activate, but soon it was flowing freely, which helped these two pistons fuck me smoothly. My twat sizzled like a deep fryer with a new basket of fries.

My jaw was beginning to get sore from my two-flute fellating; so when Mike finally shot off, I was happy to lessen the load. Brian also came about the same time; so some shuffling was in order. Brian moved to the head of the table—as management is entitled to do—where his frank replaced Mike's. Brian had to work himself up to the task by choking his chicken and rubbing his rod on and around my erect nipples.

Mike then climbed aboard the table, where with one swoop he more than filled the vacuum in my love tunnel created by Brian's pullout. It was time again to start hitting on all cylinders, which I did by deep-throating Jim and Brian's dicks. Brian's boner tasted tangy with my cooze and his cum coating it. The two of them pushed their pricks in and out, tickling my tonsils with their tallywhackers. Their fellow fucks kept up their steady reaming of my lower regions. In almost no time the assistant manager and the onion-ring man were spraying my face with a double shot of hot sauce.

Joe slapped my ass checks once or twice, and then increased the pace of his pumping as he shot his wad up my shitter, firing salvo after salvo of cream into my bowels. Joe collapsed after banging my buns and had to sit down and take in the remaining action as a spectator. Mike was the last to orgasm, but I savored his sex sawing at my snatch. I tightened my pussy

muscles, which sucked in his dong to the hilt. He kissed and nipped at my round cones, grabbed my globes, then arched his back and announced his erotic explosion for all to hear.

It was at that point that Brian said we should wrap this up and get back to work—he was also worried that someone had heard Mike's yelling. Mike helped me with my uniform as the other three dressed and returned to work. When I returned to the drive-through window, there was a line of about ten cars waiting to place their orders. With the busy activity and customers that followed, I was unable to bask in the afterglow of my first fivesome. But when it came time to close, I took Mike and Jim home for a threeway finale.

SO ASHAMED

In order to orgasm violently, I need sexual degradation. Polite, considerate men are boring to me. I know this is a destructive attitude, but I can't seem to help myself. If I could, I would change. At 33 years of age, I must face the fact that I probably can't alter my ways. My cunt simply does not respond unless I am first debased, humiliated, then embarrassed in an extreme fashion.

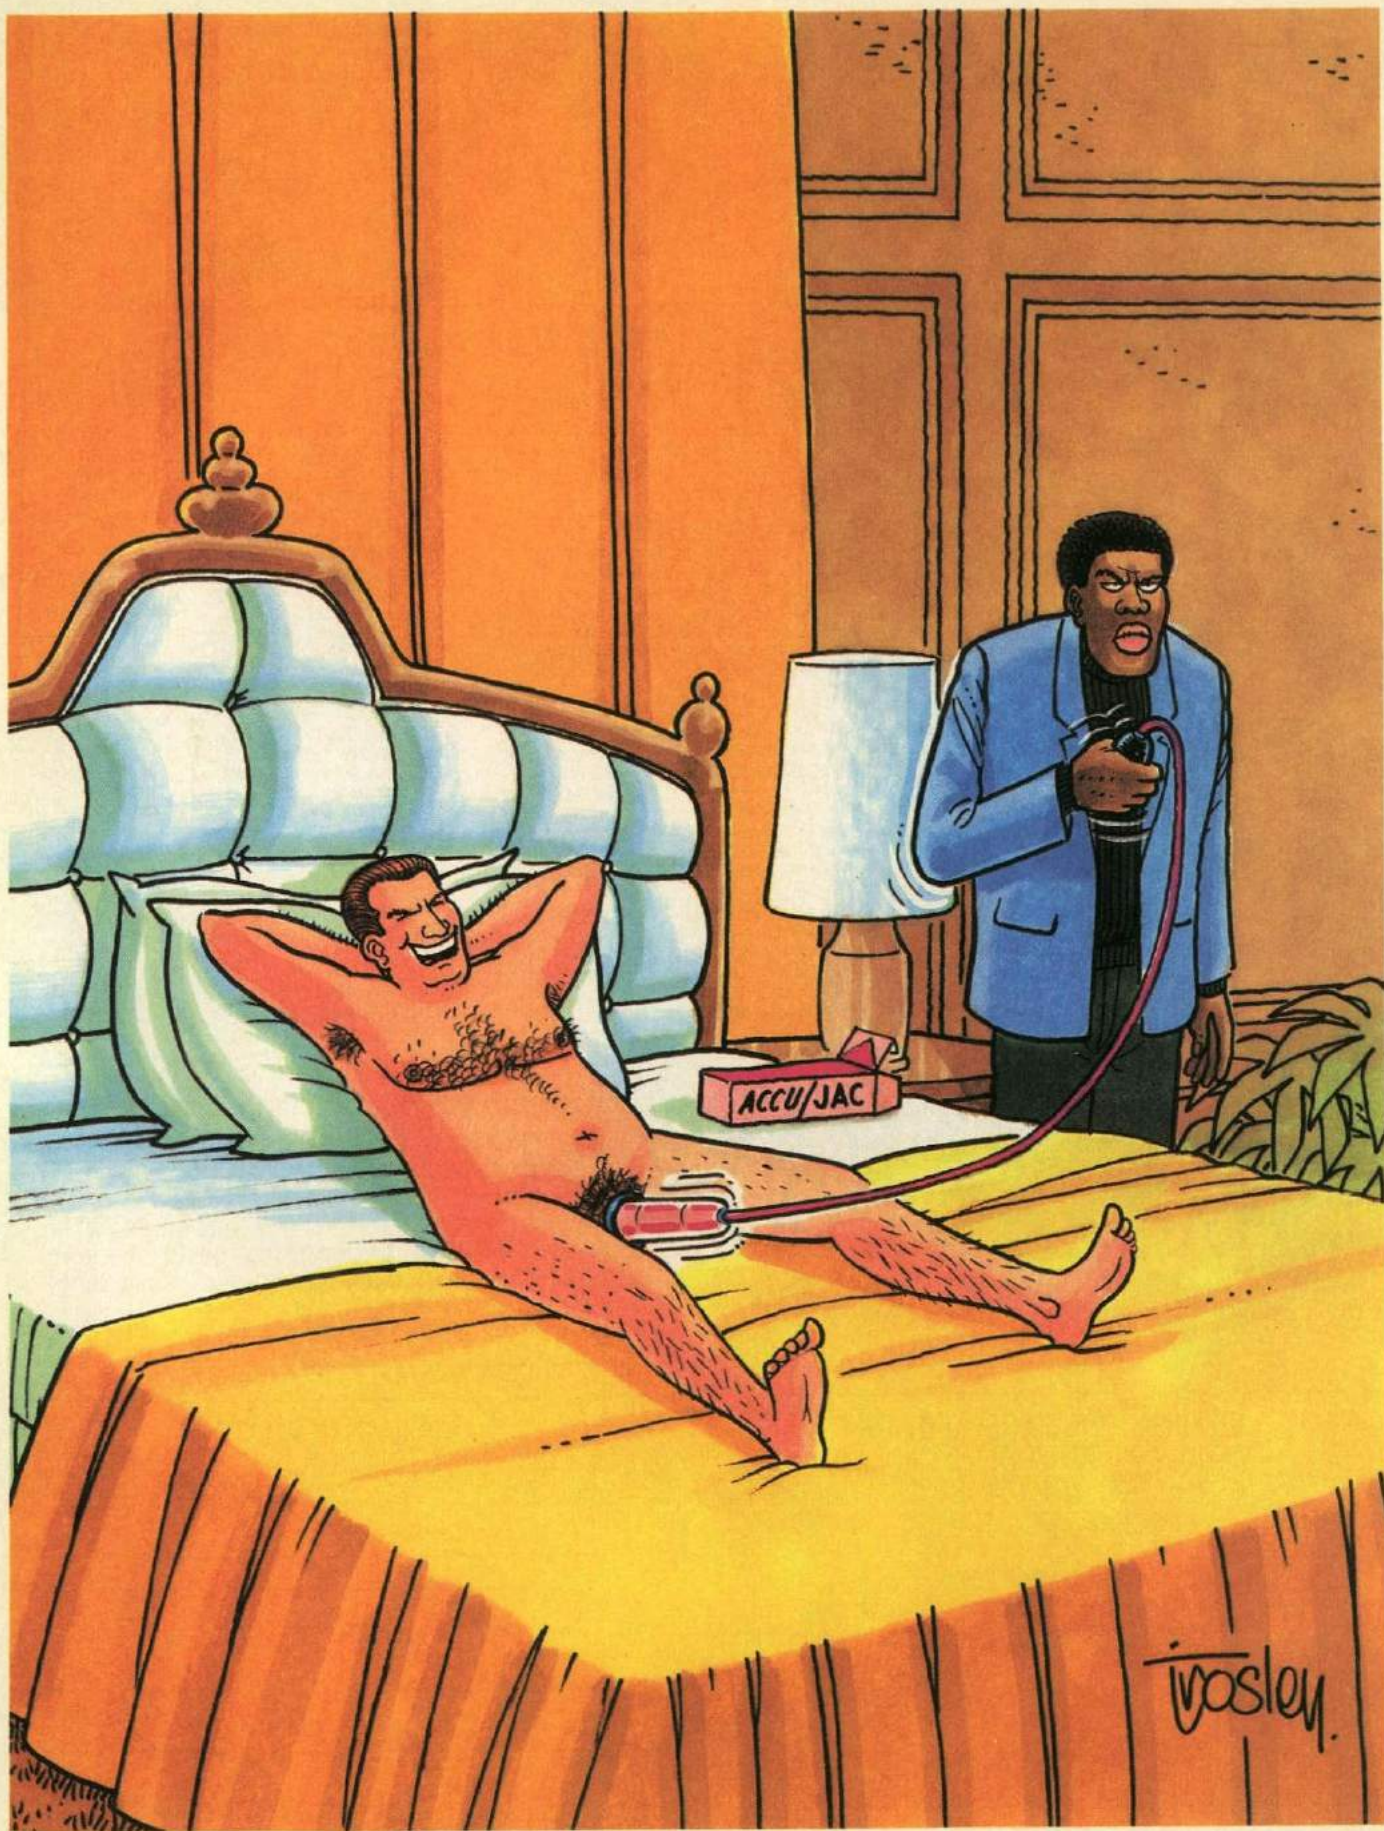

As a young virgin I finger-fucked myself daily to fantasies of my eventual sexual degradation. My parents wanted me to date one of the many guys at the nearby country club. I preferred to fantasize about giving my moist, aching snatch to coarse, illiterate working men—white and black alike. These men, I knew, would not fritter away time courting or indulging my silly feminine whims.

I have a B.A. from Vassar, an M.B.A. from Stanford and I possess an IQ of 185. What I don't need is more money, culture, or improved social position. What I need is a foul, crude pig of a man who will make an utter whore out of me; who will whip my ass raw, fuck my cunt in front of his friends, and take photos of me as I suck hard black dick.

At Vassar, I dated infrequently. Males were in short supply, and the few I encountered were so smarmily polite and emasculated that I tired of them quickly. Alone in my room at night, I fingered myself constantly to degrading fantasies that continued to plague me. I imagined being tied down and gang-banged by a union hall full of longshoremen, and of having my anus stretched and stuffed by the biggest, blackest and stiffest man—

ASSHOLE OF THE MONTH

Yet another self-proclaimed guru has found a way to fill the gaping spiritual void in eager human patsies, raking in millions while voicing an ever-scarier message. Meet J. Z. Knight, Asshole of the Month.

While trying to dehydrate food under paper pyramids, housewife Knight met Ramtha, a 35,000-year-old know-it-all from Atlantis. Ramtha "channels," or speaks, through Knight, who lives on a multimillion-dollar estate with pool, Arabian horse barn lit by chandeliers, and the usual Rolls-Royce. At high-priced seminars Knight dramatically falls into an alleged trance, then awakens to strut about as Ramtha, delivering spiritual plums in the predictable deep voice.

Ramtha is another entity who assures us that we control our own fate, but forces us to pay his medium for helping us achieve our own mastery.

J. Z. Knight

Ramtha constantly reveals new "truths"; so followers can't risk missing tomorrow's \$100 to \$400 lesson.

Unfortunately, meta-merchants like Knight attract vacuous sewers of souls incapable of individual achievement. One woman used Ramtha to break out of another enlight-

enment movement, then had to be deprogrammed from Ramtha, only to embrace the widely accepted Christian cult. She confesses that, under Ramtha's hypnotic spell—"When we weren't listening to dictations, we were listening to Ramtha tapes"—she would've killed for "spiritual reasons."

That's scary because Ramtha's initial positive message has chilled to a paranoid prediction of planetary disaster and civil unrest, with only Ramtha pods surviving. Charles Manson sang a similar hymn for his flock; so don't laugh at a possible army of believers in inane bullshit. Just ask any of the 900 fun lovers at Jim Jones's Kool-Aid party what they'd do for a cause.

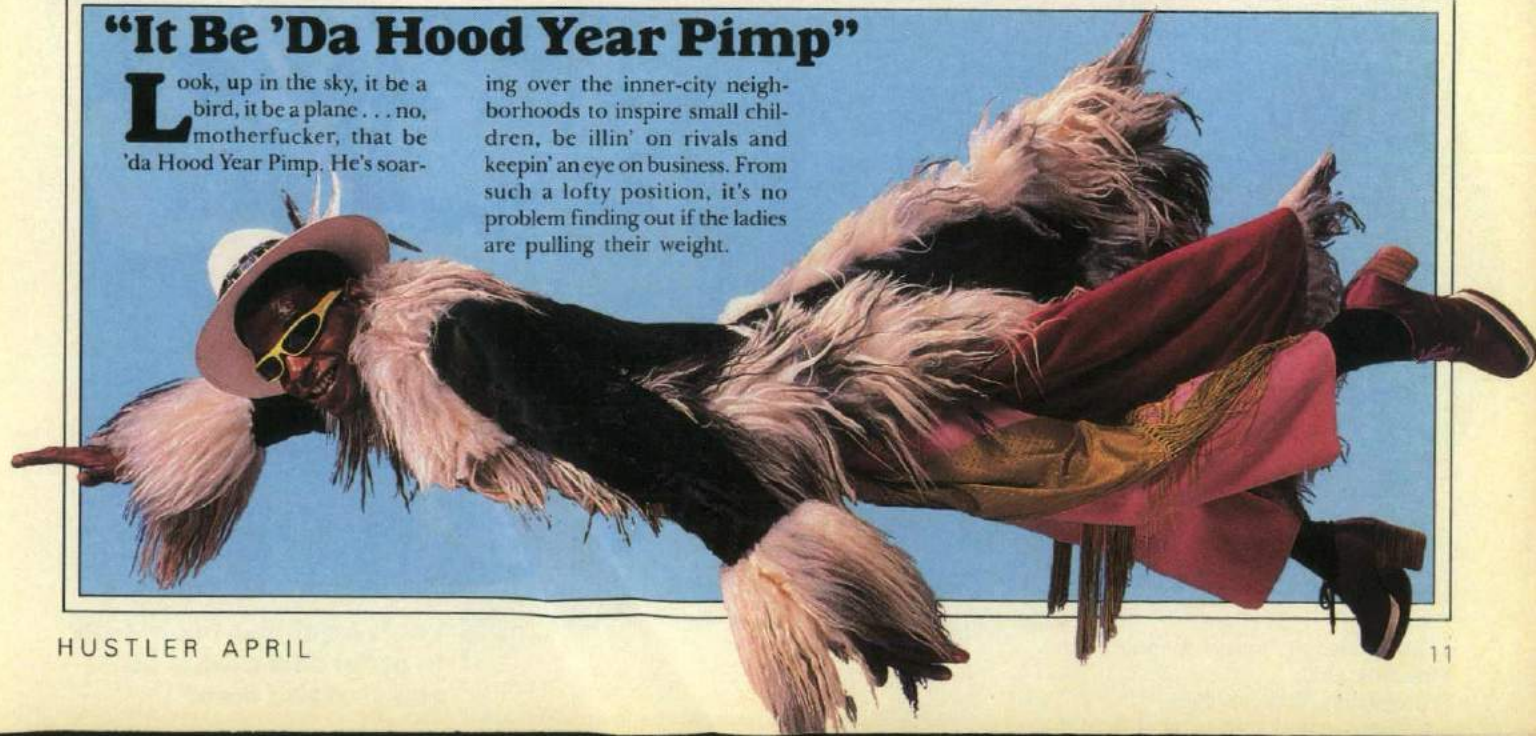

Authorities on cults see the same pattern in Ramtha—a willing audience, mass hypnosis, paranoia of outsiders, and total—even fatal—commitment. Newly proclaimed enemies and dangers keep the flock off-balance, dependent on Ramtha's big-ticket advice.

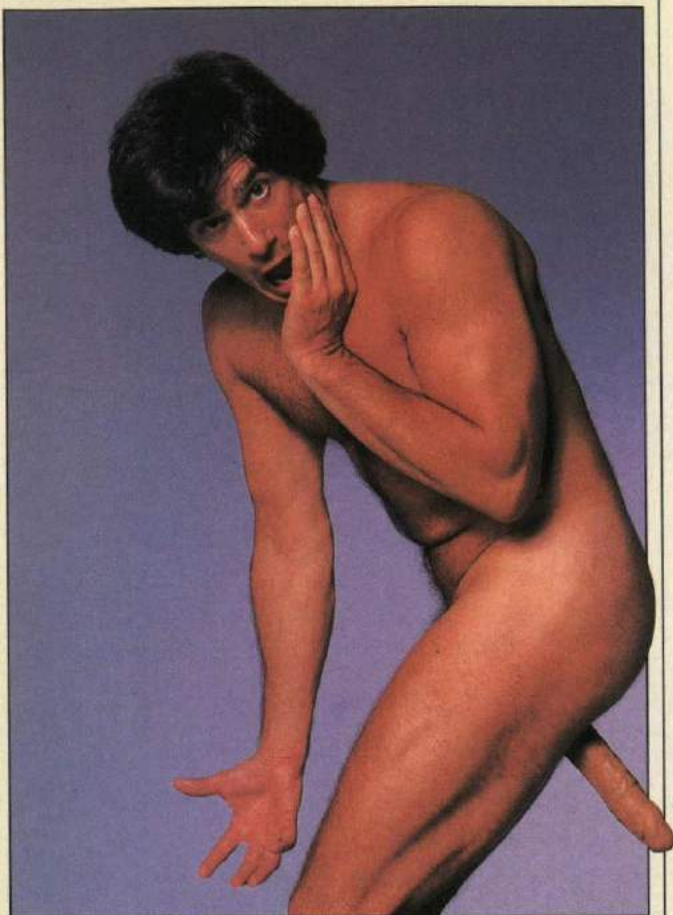

Ramtha has already preached that Mother Nature would like to be rid of homosexuals, and why should she stop there? Assholes like J. Z. Knight should be the first dregs channeled down the universal shit chute.

"It Be 'Da Hood Year Pimp"

Look, up in the sky, it be a bird, it be a plane... no, motherfucker, that be 'da Hood Year Pimp. He's soar-

ing over the inner-city neighborhoods to inspire small children, be illin' on rivals and keepin' an eye on business. From such a lofty position, it's no problem finding out if the ladies are pulling their weight.

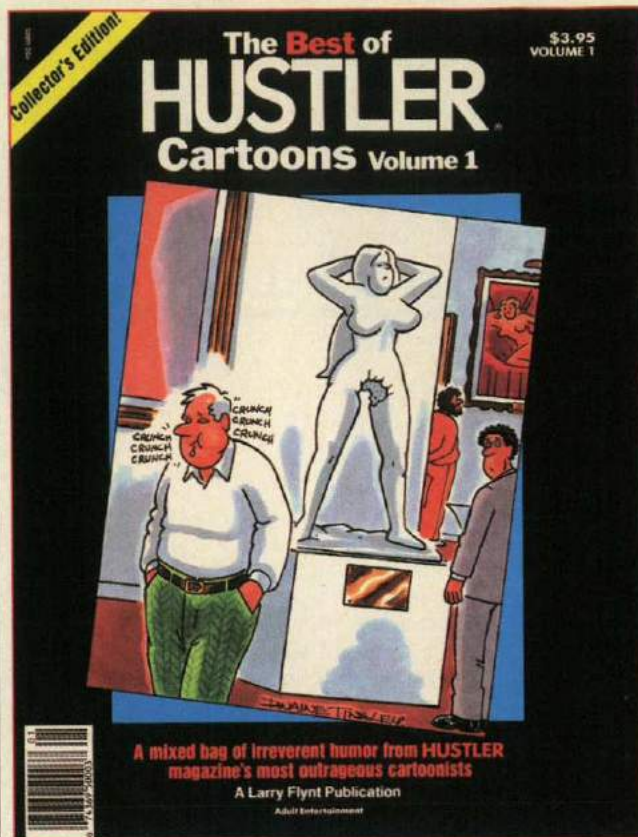

Tail Bone

Medical science has yet to come up with an explanation for it, but this poor anatomical

freak has a lot more than just a stick up his ass. His wife couldn't be happier, however, claiming, "Around here, it's always cocktail hour. I've got the bastard by the balls, whether he's coming or going."

It's About Time . . .

That was the comment heard most often when it was announced that *The Best of HUSTLER Cartoons Volume 1* was being released. HUSTLER is famous for its cartoons. Now they're all here in

one magnificent collection. If you have trouble finding it on your newsstand, just send \$3.95 plus \$1.00 postage and handling to Flynt Subscription Company, P.O. Box 67068, Los Angeles, CA 90067.

Despite the efforts by Reagan to strengthen anti-pornography sentiment, adult entertainment remained vital in 1986. Judging by the flood of reader ballots, people watched a slew of blue films and videos last year. Filmmaker Gregory (New Wave Hookers) Dark became the first back-to-back winner (Best Director) since Radley Metzger accomplished the feat with *The Opening of Misty Beethoven* and *Barbara Broadcast* in 1977 and '78. Hearty congrats to the trio of virgin victors—Erica Boyer, Herschel Savage and the ever-adorable Nina Hartley. Thanks to all who voted. See 'ya next year!

Sexual Magic, Michael A. Rosen's collection of outrageous "dangerous photographs," isn't for everyone, but if a little good-natured S&M is your cup of tea, it's

bound to excite your interest. The text features some stunning shots of renowned San Francisco Dominatrix Mistress Kat in some inspiring positions. It's available for \$23, postage paid, from Shaynew Press, Dept. CH, POB 11719, San Francisco, CA 94101.

Bored housewives can now take care of their two favorite activities at the same time with Phone Mate, the special dick-to-phone converter. Raising a Stink

Philadelphia, Pennsylvania—Researchers at the Monell Chemical Senses Center of the University of Pennsylvania have determined that smelly underarms may not be such a bad thing after all. In fact, there's evidence that male B.O. may be good for a woman. George Preti and Winnifred Cutler rubbed "essence of male" scent under the noses of female volunteers, and concluded that the odor of the male pheromones resulted in more regular menstrual cycles, fewer infertility problems and milder menopause. So toss away that deodorant and sweat to your heart's content—she'll thank you for it someday.

Making Sparks

Dobbs Ferry, New York—Gynecologist Dr. Steven Kaali, director of the Women's Medical Pavilion, has come up with an electrifying new development in birth control. His invention is a tiny battery to be inserted with a diaphragm or I.U.D. in

a woman. It's designed to electrocute sperm, though just knowing it's there will probably stop a lot of couples from fucking in the first place.

Live and Learn

Kansas City, Missouri—Foot fetishists can learn a lesson from the arrest of 26-year-old Stuart Levine for telephone harassment. Levine phoned a number of female clerks in order to ask them intimate questions about their feet, such as, "What kind of shoes are you wearing? Are they open-toed?" and "Would you wiggle your toes for me?" Other aspiring perverts should take care not to make Levine's mistake—the women he called all worked for the police department, which takes a dim view of using their lines for even the most innocuous surveys.

of plea bargaining, by having sex with the judge an hour and a half before her court hearing. Judge Tom Cave now stands accused of conducting this sort of pretrial examination with at least seven other women, but he refuses to voluntarily step down until his own trial. Justice may be blind, but that doesn't mean it can't be horny.

Kiss of Death

London, England—British "Kissogram" message firms have gotten a lot of calls from a man threatening to slit people open, harm their children and fire-bomb their homes. One might suppose it's just another antisex fanatic, but according to the *Daily Mirror*, the culprit is Tony Papotto, who owns 70% of the Kissogram industry. Apparently, Papotto wants to own it all. According to the report, the Papotto family is using similar techniques to gain control of London's ice cream business as well.

X-RATED FILMS, FUCK TAPES AND MORE

X-RATED FILMS

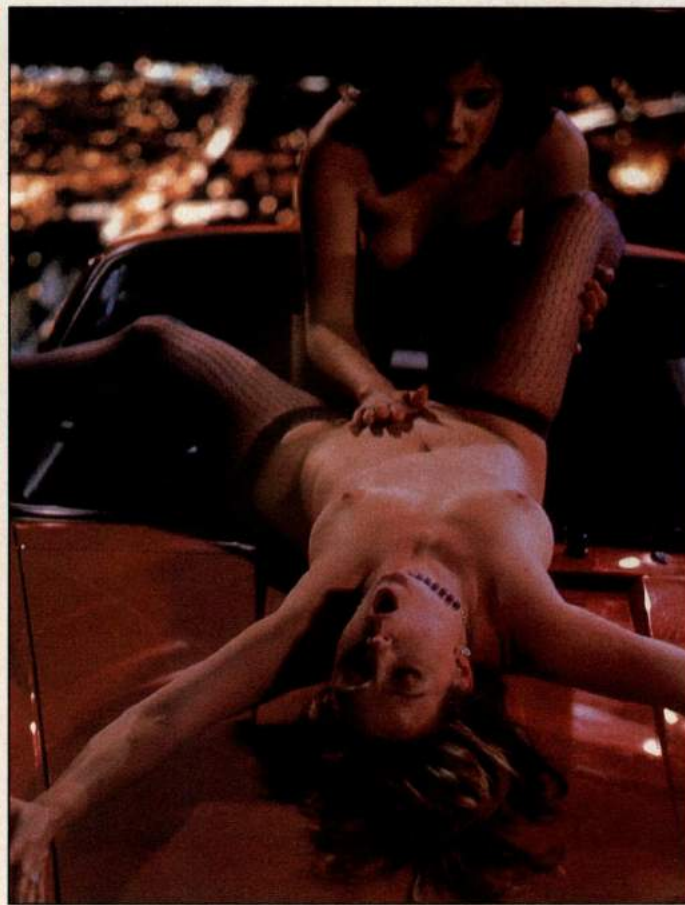

Edited by Doug Oliver

Millions of adults watch X-rated movies; yet most publications have constantly ignored the obvious need to inform the public as to which films are ripoffs and which ones aren't. *HUSTLER's* reviews of hard-core erotic films have long been regarded as the yardstick of the industry. We take this function seriously, and we'll continue to keep you abreast of the latest adult-film releases, and also do our best to spur porn producers on to even better productions.

Lovers Lane

C Three-Quarters Erect. Produced by Charles DeSantos; directed and written by Duck Dumont; starring Tracey Adams Barbara Dare, Stacey Donovan, Alexis Greco, Buddy Love, Joey Silvera, Melissa Melendez, Karin Chandler, Billy Dee, Jon Martin, Don Fernando and Jonathan Lee. Running time: 73 minutes.

This film is little more than a series of sexual episodes lamely

tied together by Tracey Adams and her girlfriends' reminiscences of their down-and-dirty antics on lovers lane when they were in college. The trip down memory lane is sparked by an out-of-the-blue phone call from an infamous nympho known as Lovers Lane Rhonda (Barbara Dare). Five years have passed since the girls graduated, and L. L. Rhonda is looking up old acquaintances so she can show off her husband.

The run-of-the-mill plot is redeemed by the intensity of its carnal action and the deft direction of Duck Dumont. After a fairly standard opening screw between Adams and Joey Silvera, *Lovers Lane* delivers a stunning scene in which the incredible Barbara Dare takes on—and practically consumes—Jon Martin and Don Fernando. The sex-intoxicated Dare works very well with two studs—she seems almost too volatile for just one. In one particularly hot configuration, with Martin's dick deep in her throat, Dare's eager pussy plays hostess first to three of Fernando's exploring fingers, then to his driving cock. This scorching, wonderfully photographed threeway is almost reason enough to see *Lovers Lane*.

In the same vein is the encoun-

ter between cute, spunky Stacey Donovan and superhunk Jonathan Lee. When Lee starts to pull Donovan's mouth off his prick so that he can get at her snatch, the angelic slut pushes Mr. USDA Choice back down with instructions to just lie back and let her do her job, and proceeds to lay a terrific blowjob on his T-bone.

Dynamic Alexis Greco gets porked by hayseed Billy Dee in a scene that is intercut with an unlikely lovers-lane sight: muff-munching Melissa Melendez expertly tonguing newcomer Karin Chandler to a frenzied orgasm.

In the finale, Dare and Adams (doing a little gash-gobbling of their own) are joined by heavy-hung Buddy Love who plays the cop whose beat is Lovers Lane. The ladies dive on his dong with an enthusiasm he quickly rewards by filling their cunts with ten inches of thrusting pussypiston.

Though the film's flaky story falls completely apart at the end—the cop, by the way, is Rhonda's husband—the good-natured encounters and sense of sexual enjoyment conveyed by the picture's performers make *Lovers Lane* well worth a visit. —D.O.

Careful, He May Be Watching

Half Erect. Produced by Platinum Productions; directed and written by Richard Pacheco; starring Seka, Mike

Horner, Kay Parker, Shanna McCullough, Jon Martin, Toni Brooks and Misha Garr. Running time: 82 minutes.

This is Seka's first more-than-a-cameo feature since *Sunny*, a movie she made in the early 1980s, which has the distinction of being one of the very few porn films that was never released. Since then the platinum legend has done a scene here and there in various fuck films, appeared on *Saturday Night Live*, registered her name as if it were a logo like *HUSTLER* or *CBS*, produced and starred in *Careful, He May Be Watching* and stopped sucking cock.

Giving head was one of Seka's brightest talents. Now that she

doesn't do it anymore, there's not all that much to distinguish her from any other icy Nordicesque goddess you'd have to make outlandish promises to in order to get a blowjob.

So what's in this movie to make you want to see it? You decide: There's a thorough, but somewhat dull, story about the inner workings of the porn industry. There's competent-to-good acting, excellent camera work by Alex DeRenzy, who signed on as director of photography, and a funny fantasy sequence in which stewardess Shanna McCullough strips and masturbates for pilot Mike Horner in front of the

complex relationship—including the comedic aspects—between a housewife (Seka) who makes porn films behind hubby's back and her husband (Horner), whose greatest desire is to go to bed with two women at once. (How else is he going to get a blowjob?)

Skimpy sexually, of the five meager scenes only the breezy Seka/Horner fuck (featuring a crystalline view of the superstar's toasty-O asshole that is pure DeRenzy), a steamy shower scene between Horner and McCullough, and Seka and Kay Parker's passionate lesbian encounter are of passing interest.

passengers aboard an airliner. There's an attempt to portray the

Careful, aimed at the couples market, will probably be appreciated by people who haven't seen many X-raters, or who have no memory of how good Seka looks with a dick in her mouth. —D.O.

Ultimate Lover

Three-Quarters Erect. Produced by Ed Leonard and Thomas Paine; directed and written by Thomas Paine; starring Nina Hartley, Tracey Adams, Eric Edwards, Amber Lynn, Herschel Savage, Paul Thomas, Robin Cannes, Jessica Wyld, Kimi Gee, Nikki Randall, Ron Jeremy, Alexis Greco and Jon Martin. Running time: 106 minutes.

Weighing in at a hefty 106 minutes, *Ultimate Lover* would definitely benefit by a trimming. Despite its length, however, *Ultimate* is hugely enjoyable. Its intelli-

Seka fucks, but doesn't suck in *Careful, He May Be Watching*.

gent, humorous script tries to combine a sexually slanted update of the *Frankenstein* story with insightful observations about what a bitch relationships can be—and succeeds nicely. The large, talented cast, excellent direction, refreshing attention to detail, impressive special effects, and great performances by Nina Hartley and Tracey Adams make this movie a natural for couples. What's more, although the raunch quotient is non-existent, there's no shying away from sex. Twelve fuck scenes that are an integral part of the story give *Ultimate Lover* the punch that most so-called couples-films sorely lack.

Plotwise, because their love lives are in shreds, Hartley and Adams, designers, builders and fitters of artificial body parts, create a robot (Eric Edwards) to replace the skeevey men in their lives. He's a great fuck—the ultimate—but, unsatisfied with the “elaborate vibrator” they've built, the two scientists proceed to program an emotional life for their “monster.” As a consequence, he becomes sexually demanding. His superhuman endurance wears the girls out and sends three more (Robin Cannes, Jessica Wylde and Nikki Randall) to the hospital sore-pussy ward. The only thing to do is create a bride for the monster. As you might guess, the bride (Amber Lynn) is more than a match for the groom. At film's end she's demanding that he fuck her again and again and again.

Though the story tends to ramble (the monster's visit to the

Acrobatic Karen Summer straddles deejay Steve Powers in *Tasty*.

adult theater, where he tries to join the couple on the screen, while certainly cinematic, could easily have been cut), and some of the sex is repetitive, there are more than enough moments, both comic and hot, to keep the interest—and the pecker—up.

—D. O.

Tasty

One-Quarter Erect. Produced by Caribbean Films; directed by Bud Lee; written by Hyapatia and Bud Lee; starring Hyapatia Lee, Jesse Eastern, Stacey Donovan, Lee Brown, Sasha Gabor, Karen Summer, Mike Horner, Gail Force, Patti Petite, Kristara Barrington, Steven Powers and

Dodger Dee. Running time: 82 minutes.

It used to be that no matter how awful the picture, just an appearance by the stunning Hyapatia Lee could make such a film at least watchable. Not so anymore. She's boring, the movie's stupid and boring, and the sex action is so frustratingly standard, you just have to wonder how old Hya and Bud talked anyone into financing this loser.

The story revolves around a small-town radio station whose ratings are shit. In an effort to stay afloat, the staff decides that sex on the air is the answer. So we get deejays talking dirty (snore), listeners calling with obscene requests (snore, snore)—oh, you know the rest. It's a hit! And everybody fucks happily ever after. Tired plot, stinky acting, mundane sex: Nothing works in this mangy dog except, perhaps, one scene. Steve Powers eats Karen Summer's hairy pussy while she's straddling the studio console. It's fairly hot and admirably acrobatic.

As far as the rest of *Tasty* goes, here's a sample: Lee and the obese Dodger Dee are watching a rock video on television of Lee in S&M garb lip-synching—horribly, by the way—“Hit Me With Your Wet Shot” to Mike Horner. Pat Benatar, call your attorney. Lee fucks Horner in the video, then Dee in front of the TV—both sequences generate about as much heat as a blizzard-blanketed Christmas in Minneapolis.

The final word on *Tasty*? Yecchhh! —Sam Lowry

Tireless Lover Eric Edwards sends Robin Cannes to the sore-pussy ward.

PORNPOURRI

Edited by Doug Oliver

Adult entertainment has diversified. Videotapes produced exclusively for home viewing are now being manufactured and can be purchased at this country's nearly 50,000 video stores, or through scores of mail-order companies. To help you sort out the best from the rest, HUSTLER provides these capsule reviews of the newest X-rated home videos, as well as the latest happenings in the world of erotic entertainment.

Forbidden Bodies

(Wet Video) This second HUSTLER Video is crammed with beautiful beavers (HUSTLER Covergirls/Centerfolds Janette Littlelove, Elle Rio and Candi Evans's

the threeway with Keisha, Buffy Davis and Robert Bullock. Excusing some puzzling touches—Evans licking Randy West's cum off a plate and Lane pouring cum from a condom into her mouth, to mention two—that come out of nowhere, *Forbidden Bodies* is easily Damiano's finest sexvid.

—D. O.

Tom Byron scores with stripper Krista Lane in *Forbidden Bodies*.

among them) and riveting sex. Skillfully directed by his eminence, Gerard "Deep Throat" Damiano, *Forbidden Bodies* is a portly, middle-aged lush's (Rudolph Eckmann) dreamy reminiscences of the strippers he's known. The script is somewhat lame, but compensated for by admirable performances from the large 15-member cast, excellent production values (settings, costumes, photography and sound are terrific) and the astounding Elle Rio. Rio's aggressive sexuality is one of the seven wonders of the erotic world, and her ass/pussy double penetration by Marc Wallace and Ron Jeremy is one of the best of the year. Once in place, both studs actually move, and the insatiable Rio meets them thrust for thrust. Also noteworthy are the high-voltage, heart-pounding, close-up-studded Krista Lane/Tom Byron boff and

Doin' the Harlem Shuffle

(Caballero Home Video) This elaborately costumed, full-length feature has story, sets, competent dinner-theater acting, stiff dicks and dripping slits, but its main appeal is someone who's not even in the video. Cast as the olden-days madam/owner of a Harlem cathouse, Taija Rae wears a short platinum-blond wig throughout the picture. This wig combines with Rae's beauty marks and the extra weight she put on for this role to give us the closest we'll ever get to seeing Madonna do hard-core. The Material Girl illusion is so strong as Billy Dee bone-handles her big buns, and Joey Silvera jizzes her ass crack, that Sean Penn may wish to pick up this tape for those times when

the Mrs. deems him too out of it to bed her. *Shuffle* is also burning up with a slo-mo cum shot in the valley of Trinity Loren's orbs, a hot, milky gush on Sahara's quivering bush and plenty of splats on buns. A cooling effect is caused by a slow-building, chocolatelesbo sandwich that goes nowhere and a black-and-white film within the film that is a distracting novelty. Still, it's worth a ride uptown to do the *Harlem Shuffle*.

—Christian Shapiro

Double Dare

(Essex Video) Though stupid story-wise, *Double Dare* is blessed with some absolutely ferocious fucking. Barbara Dare plays a secret agent with the peculiar ability to turn herself into two people. (It's explained, and it's a humorous

idea, but don't think this means Dare fucks twice as much.) She's out to recover the Bellybutton Ruby of Burma, which is stashed in Mai Lin's whorehouse. Once this threadbare premise is set up, the video proceeds to dish up the sex, starting with a relentless

pussy-pounding Dare gets from big hunk Mike DeMarco. Buffy Davis and Billy Dee share a hot hump, and Shone Taylor's triad with newcomers Nikki Dee and Lynn Francis is especially bulge-building. The only real letdown is the Mai Lin/Steve Drake pairing. The Oriental cum-magnet sucks and drools on his tool, but without the vibrant authority she's revered for. All this leads to a blistering climax in which Dare joins in on a serious boning that DeMarco is laying on Bunny Bleu. Though somewhat on the sloppy side technically, there's enough heat here to make *Double* a dare you'll gladly take.

—Sam Lowry

Hot Rocks

(Wet Video) *Hot Rocks* has to be the millionth sexvid with a let's-put-

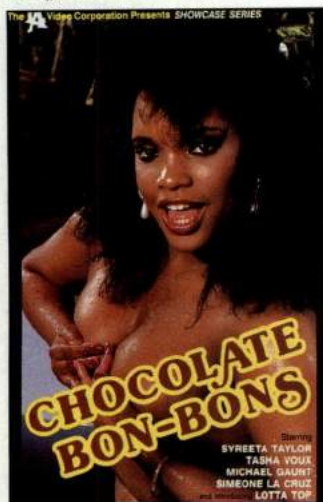

sex-on-the-radio-and-improve-our-ratings theme, and it isn't done any better here than in the other attempts. Ron Jeremy and Nina Hartley play the deejays who are bored with their station's format. Of course, their boss (Jon Martin) is against sex on the radio, but all it takes to change his mind is for Hartley to throw a fuck on him, which she does. Hartley's fans will want to give this tape a better rating—what a face! what a body! what an ass!—but she can't carry the whole load. She does try, especially in her frolic with Gayle Sterling—some serious cunt-lapping here—and a juicy mouth-fuck of Jeremy at tape's end. The only sex without Hartley that sizzles is an encounter between Tom Byron and Angel Kelly. Disappointing is a threeway with Billy Dee, Jonathan Younger and Sterling: There's no zip. Ditto for the rest of this video.

Chocolate Bon-Bons

(L.A. Video) Sexy sepia slut Syreeta Taylor is Falcon Crestwood, and Tasha Voux is the Snowgirl in this dippy tale of international intrigue and interracial intercourse. Taylor and Voux are a pair of semen-swilling superspies out to intercept a box of sex-drug-laced candies—the bon-

bons of the title. Predictably, cross and double-cross follow, as do an adequate number of white-dick-in-black-pussy couplings and triplings. The one notable scene here, however, is an all-white outing. It starts with Voux seducing David Christopher in what we're asked to believe is a hotel room. They are joined, mid-frolic, by the aptly named Lotta Top. This bodacious bosomed broad packs a pair of pontoons that would use up half the alphabet just to label! And that's not all. Even though the tape's creators have seen fit to give it only a few fleeting moments of screen time, Miss Top also sports one of the largest clits in cuntdom. If honky ham-steak sliding into wet, ebony erogenous zones is your preference, *Bon-Bons* will probably satisfy your bone, but the viewer looking for quality—regardless of cast color—will probably consider this number the video version of junk food.

Videocassette by VCA Pictures.

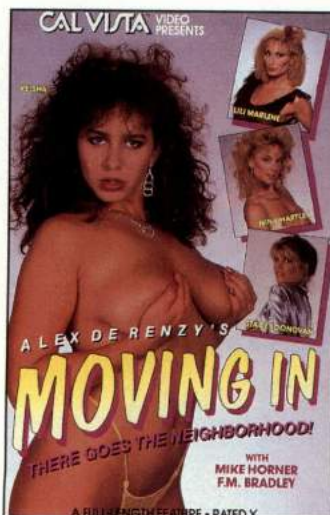

Lustfully lensed and dripping with eroticism, *Dream Girls* extols the virtues of fantasy femmes over the real thing. Narrated by Jamie Gillis, this elegant video opens with a tantalizing tryst between a teacher (Melissa Melendez) and a student (Tony Martino). Superb lighting effects and photography heighten the powerful appeal of this fantasy in which an experienced older woman tells her younger lover how to please her. Another dream girl (Taija Rae) pops out of a men's magazine while Tom Byron is masturbating to her picture. Announcing to the startled Byron how horny she gets on that page, she begs to give him a blowjob. In the middle of the suck, two more models emerge from the mag, and Byron, proceeds to stroke his bone while ogling the three girls getting it on. The Amber Lynn/Tim Fairbanks pairing is particularly hot. Amber, in rare form, lays one of her remarkable blowjobs on Fairbanks who, in return, licks her

Dream Girls are everything a stroker can imagine in this erotic fantasy.

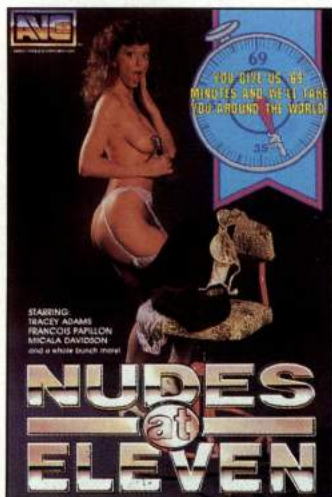

tempting asshole. In Gillis's fantasy, he's hauled before a severe judge (Nina Hartley) who finds him guilty of carrying a concealed hard-on and sentences him to look but not touch while she and Sahara grind gash. Allowing the sex-crazed Gillis to join them, he's put through a mild S&M session: Dominatrix Sahara spansks his ass and humiliates him while Hartley sucks his dick through the bars of his cell. Sensuous situations, an attractive, hard-fucking cast and a first-class production make *Dream Girls* a dream sexvid. Couples take note.

tigious condo and wreak havoc on the libidos of its upwardly mobile tenants. The clash of these two crass ass-and-gash hounds with uptight yuppiedom (as portrayed by Ron Jeremy, Stacey Donovan, Keisha and Mike Horner), results in superlickin' Marlene's cunt crammed full of Jeremy, Donovan riding an obsidian rocket to orgasm, a special appearance by Nina Hartley's electrically charged tongue, two blondes on a purple bone, a licorice stick in a white chocolate canal, and more. This Alex DeRenzy spoof is funny when it's supposed to be and filthy the rest of the time. If *Moving In* doesn't have your hands moving into your pants, it's because they're moving into somebody else's. —C. S.

Nudes at Eleven

(Adult Video Corporation) *Nudes* is a throwaway, something to fill in until a good idea comes along. A *60 Minutes* takeoff, complete with commercials—in

this case trailers for other AVC product—*Nudes* consists of an episode of "69 Minutes." Bone-stiffening Tracey Adams narrates the news stories, but aside from a comic gag using her bare and beautiful boobs—and a lackluster blowjob—Adams is just so much window dressing. The theme is that the world would be a better place if people fucked more and fought less. To illustrate the point, visits are paid to fuckers around the world. Newcomer Micala Davidson sucks the semen from Francois and goofy Johnny Nineteen in the opener, but the hokey humor distracts from the action. Some heat is achieved during a liaison between bosomy Bambi Allen and Steve Drake, but not much. Nubile Jeannie Pepper gets chewed and dicked by Jerry Butler in the tape's final frolic, but this scene is also plagued by the sheer ho-hum, who-gives-a-fuck, we'll-still-make-money-on-it, lackluster attitude that pervades the tape. In this case, unfortunately no *Nudes* is good news. —B. B.

Dreams' Buffy Davis prepares for a cream rinse from Frank James.

Cream Dreams

(Video Exclusives) *Cream Dreams* resurrects the old ploy of having four guys sit around a poker table, talking about fucking girls, with each gent's reminiscence then shown in full-video splendor. The first episode begins as Blondi Bee strips from lingerie

down to nothing, spreading her cheeks and winking her asshole at Tony Montana, who slavers on her slit and rims her ring before slamming a strong, steady helping of schlong from behind and blasting on her buns. This is as good as sex gets. Though all are at least adequate, none of the remaining 5½ fucks are as effective. With the possible exception of a Bee/Montana reprise, only Buffy Davis being porked by Frank James is worthy of a rewind and a second look. The good news is that Blondi fools around with another girl who momentarily fucks Montana—so perhaps a new sex partner is in store for the Bee who's launched a thousand cream dreams. —C. S.

Stargazers

(Caballero Home Video) *Stargazers*, with a total of two male actors (Shone Taylor and Jerry Butler), has only four fucks to fill its 71 minutes. The script is subpar by porn standards, and the so-called

Lovitt lactating on Taylor's baby-face, and two new—though not fresh-faced—girls. Overall there's not much to gaze at star-wise. —C. S.

Temptations of the Flesh

(Vidco) This video starts off like too many others: Joey Silvera in the shower, urging mate Ali Moore to live out some fantasies to spice up their relationship. This wide-yawn concept is saved by a series of proddings, beginning with Paul Thomas out in a garden, pouring romantic smarm onto Moore before laying her down for a hard fuck in the dirt. Joey Silvera gives Siobhan Hunter's face a penis whipping, Tasha Voux and Paula Meadows play dueling lips on Ashley Moore's dick, three women trade clit, and Thomas takes his dick from Hunter's ass to her cunt to her mouth. As Thomas's cum leaks from Hunter's pout, he and the tape are finished. Aside from an annoying music track, the main problem with *Temptations* is that it leaves you craving at least one more. —C. S.

HOT LETTERS (continued from page 8)

Each time one of them orgasmed, he would pull out and shoot his load into my face, drenching me with semen.

dingo love muscle in all of Harlem.

It was not until I traveled to California to pursue my graduate studies that I succumbed to the sick lure of my fantasies. Strolling one day in a park near a large construction site, I happened to pass by a quartet of crude, uneducated construction workers. I happen to be a slender woman with an extremely large pair of breasts, and my jiggling endowments prompted these "gentlemen" to shout crude compliments regarding my tits.

I knew, of course, that I should keep walking and ignore them. That day, however, immediately before my period, my cunt had felt wet, sticky and in need of hard reaming since the moment I'd opened my eyes. I was in a state of heat, desperate for a good banging—none of the wimpy male M.B.A. students could ever satisfy me.

I stopped, ostensibly for the purpose of lecturing this motley crew on their indecent language. Their coarse compliments grew more foul. The next thing I knew, my wet, throbbing, desperate-for-a-drilling pussy had induced me to accept a "date" with one of them for later that

evening. All of us knew precisely what type of "date" I wanted. When I showed up at the guy's apartment at 8 p.m., I wasn't surprised to find the other construction workers waiting for me. I was in a trance as I removed my clothes, exposing my enormous, stiff-nippled sucklers they had admired so brazenly.

By 8:30 I was on my back, with the mingled cum loads of two of the workers already dripping out of my swollen, violently-fucked cunt. The third guy was still humping furiously between my thighs when the fourth turned us over, spreading my girlish ass cheeks and exposing my pink, puckered rectum. I nearly blacked out as he sank his enormous erection into my back door, the two of them laboring together to give me a double-fucking I would remember for a long, long time.

My appetite for humiliation, degradation and violent fucking has only grown stronger since then. I now work as a marketing consultant for a Fortune 500 company in San Francisco. I am not married, which, for a woman of my beauty, prompts much curiosity from my compatriots. They have no idea that I travel to

the black, working-class neighborhoods of nearby Richmond and Oakland to get the savage humping I need.

My current lover is Howard, a fat, filthy, 50-year-old mulatto auto-wrecking yard owner. The fact that he is half-black arouses my violent sexuality. As I age, my fantasies disgust me more. I long to suck and fuck black dork.

Howard satisfies my depraved desires and gives me what I need. It is not unusual for me to visit him at the wrecking yard, to kneel in the filth on his office floor and, on demand, suck a huge load out of his giant, half-black dick. It's also commonplace for Howard to invite his friends over for gang-fucking. Some are white, others Mexican, and some, like Howard, have black blood. Sometimes they ask me to spread my legs as they watch me finger-fuck myself. At other times I urinate before them, or submit to a hard spanking. With my ass red and stinging, the sensations of fucking are intensified as I thrust my blushing buns off the floor during a gang-bang.

One of my wildest nights with them began with Howard ordering me to perform a striptease for he and his buddies while they leered at me and drank copious amounts of beer. When I was nude before them, I was forced to lie on the floor while all of them stood over me, unzipped their flies, and let loose with torrents of hot urine. I writhed in the puddle on the floor, my hand massaging my stiff clit. One by one, they sat on my face and had me clean their foul, shit-encrusted assholes with my tongue. The odor was so horrible, I almost wretched, but I did what they asked. Then, they fucked me, two and three at a time, filling every one of my holes with their gigantic, vile tools. Each time one of them orgasmed, he would pull out and shoot his load into my face, drenching me with semen. There were so many cocks, and so much sperm, that at one point I was seriously afraid I might choke on the stuff. That day I had more than ten orgasms lying there on the floor covered with beer and piss and cum.

These men are not raping me. If a man were actually to force me to act against my will, I would not hesitate to call the police. Nor do I consider myself genuinely prejudiced against blacks, although the word "nigger" violently excites me. No, everything is consensual—they give me what I need. I know that my desire for humiliation brands me as a sick woman in need of psychiatric counsel. Unfortunately, I do not want to be cured. —D. B. San Francisco, California

CZECH
HER
OUT

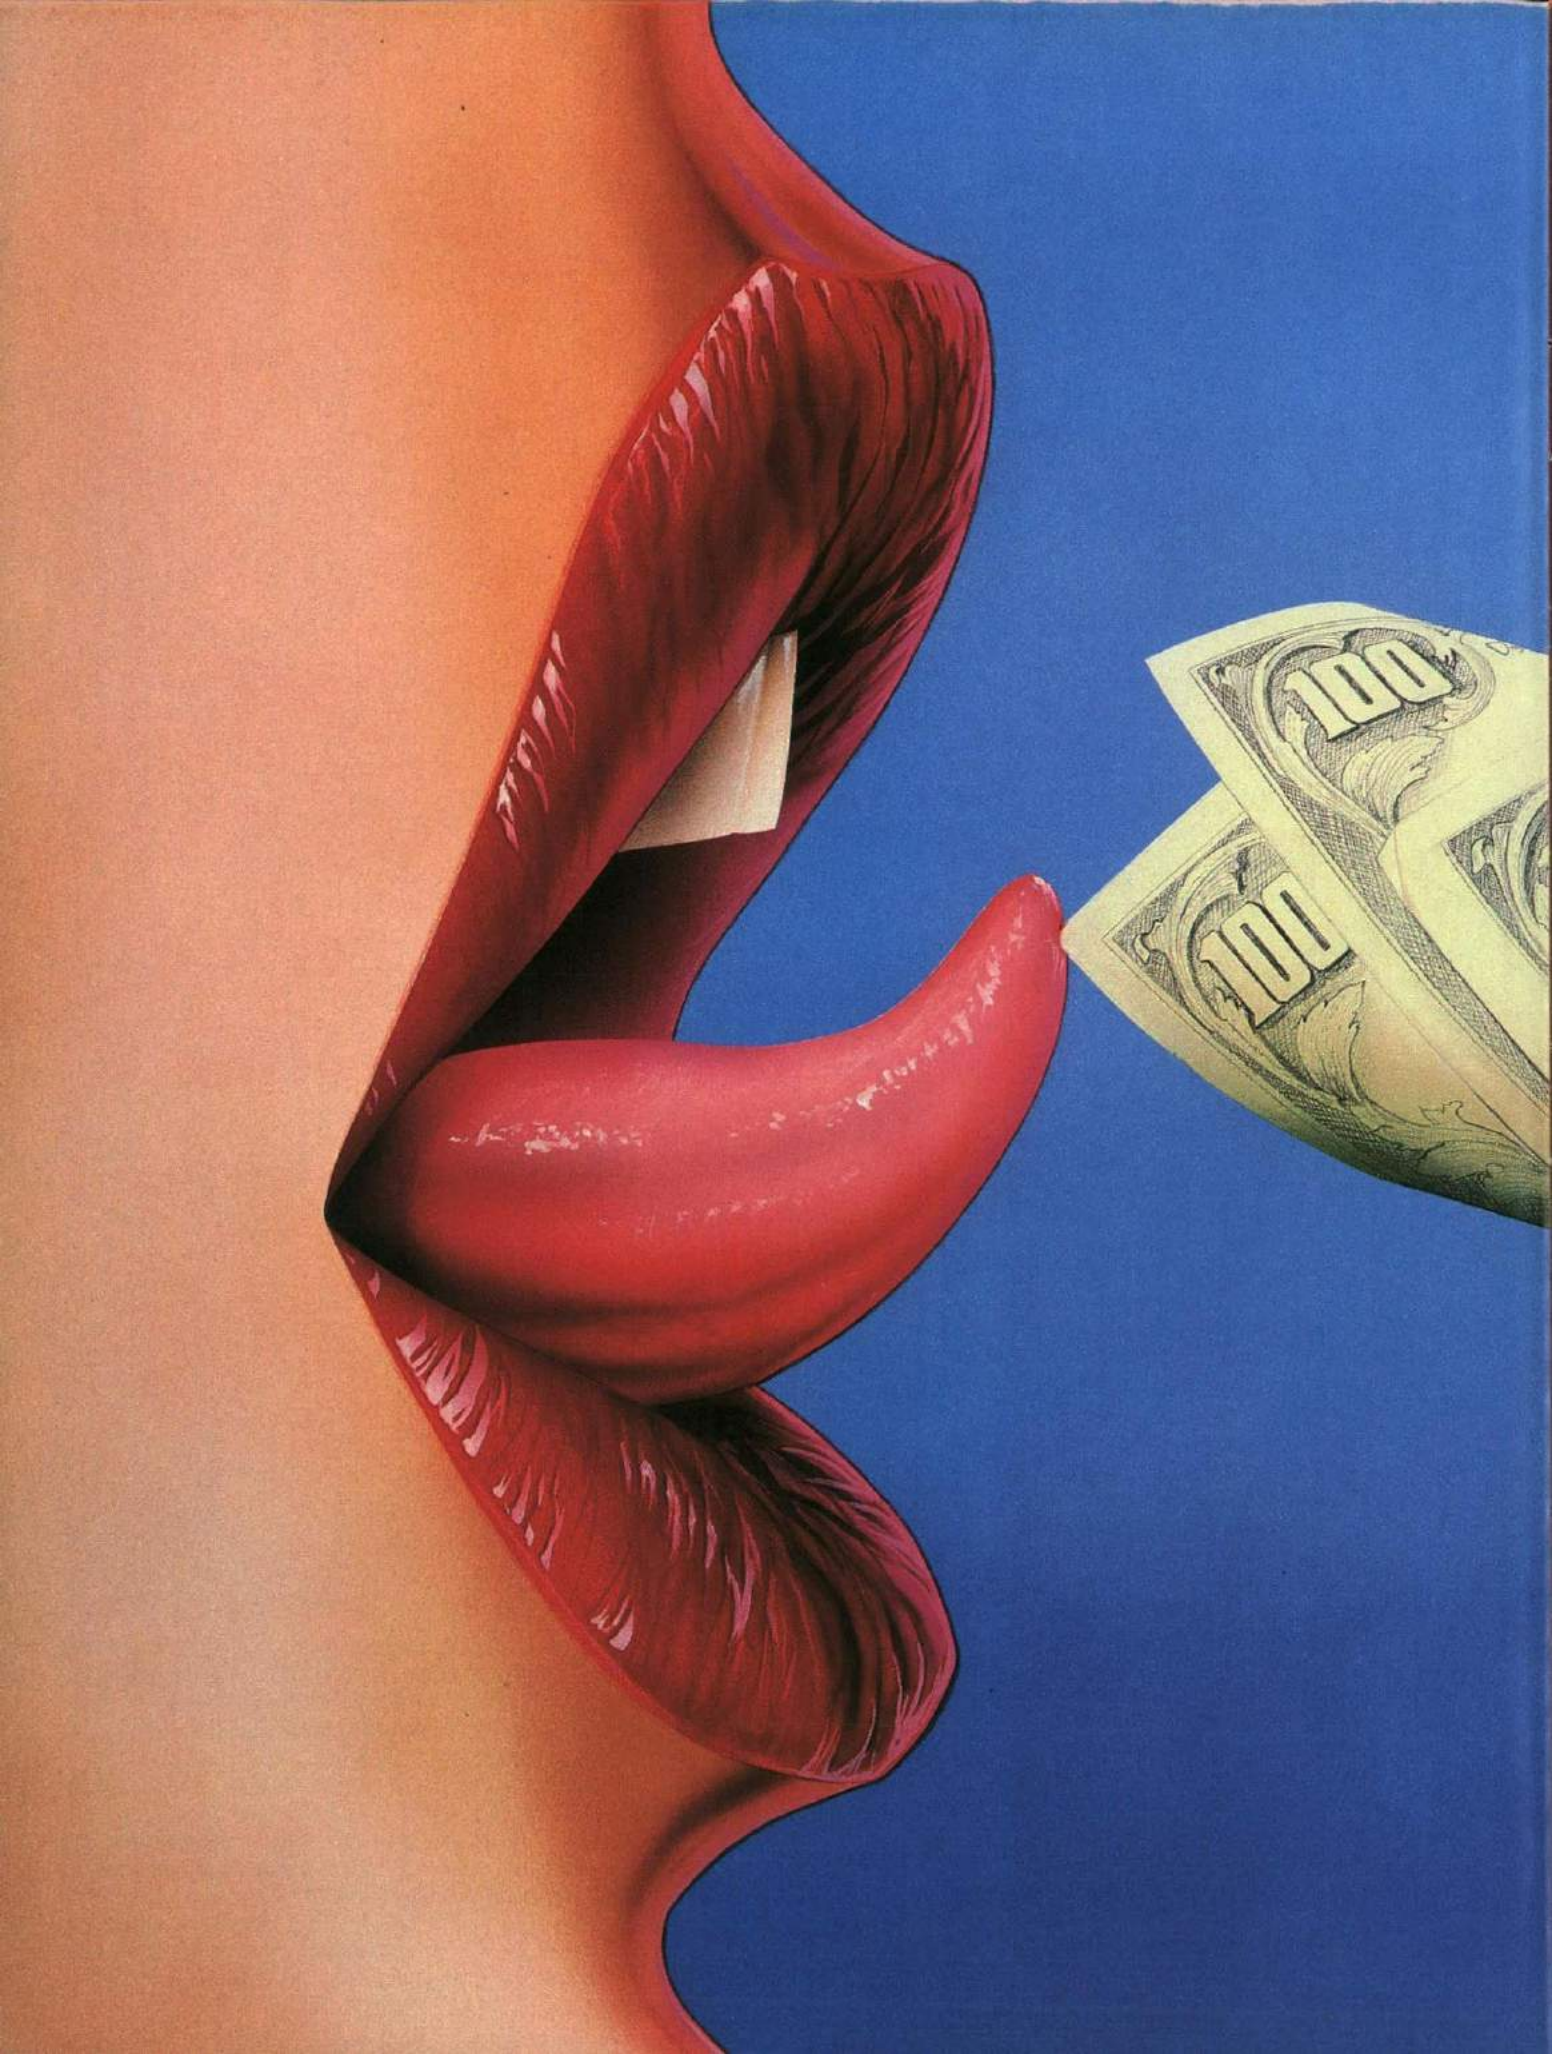

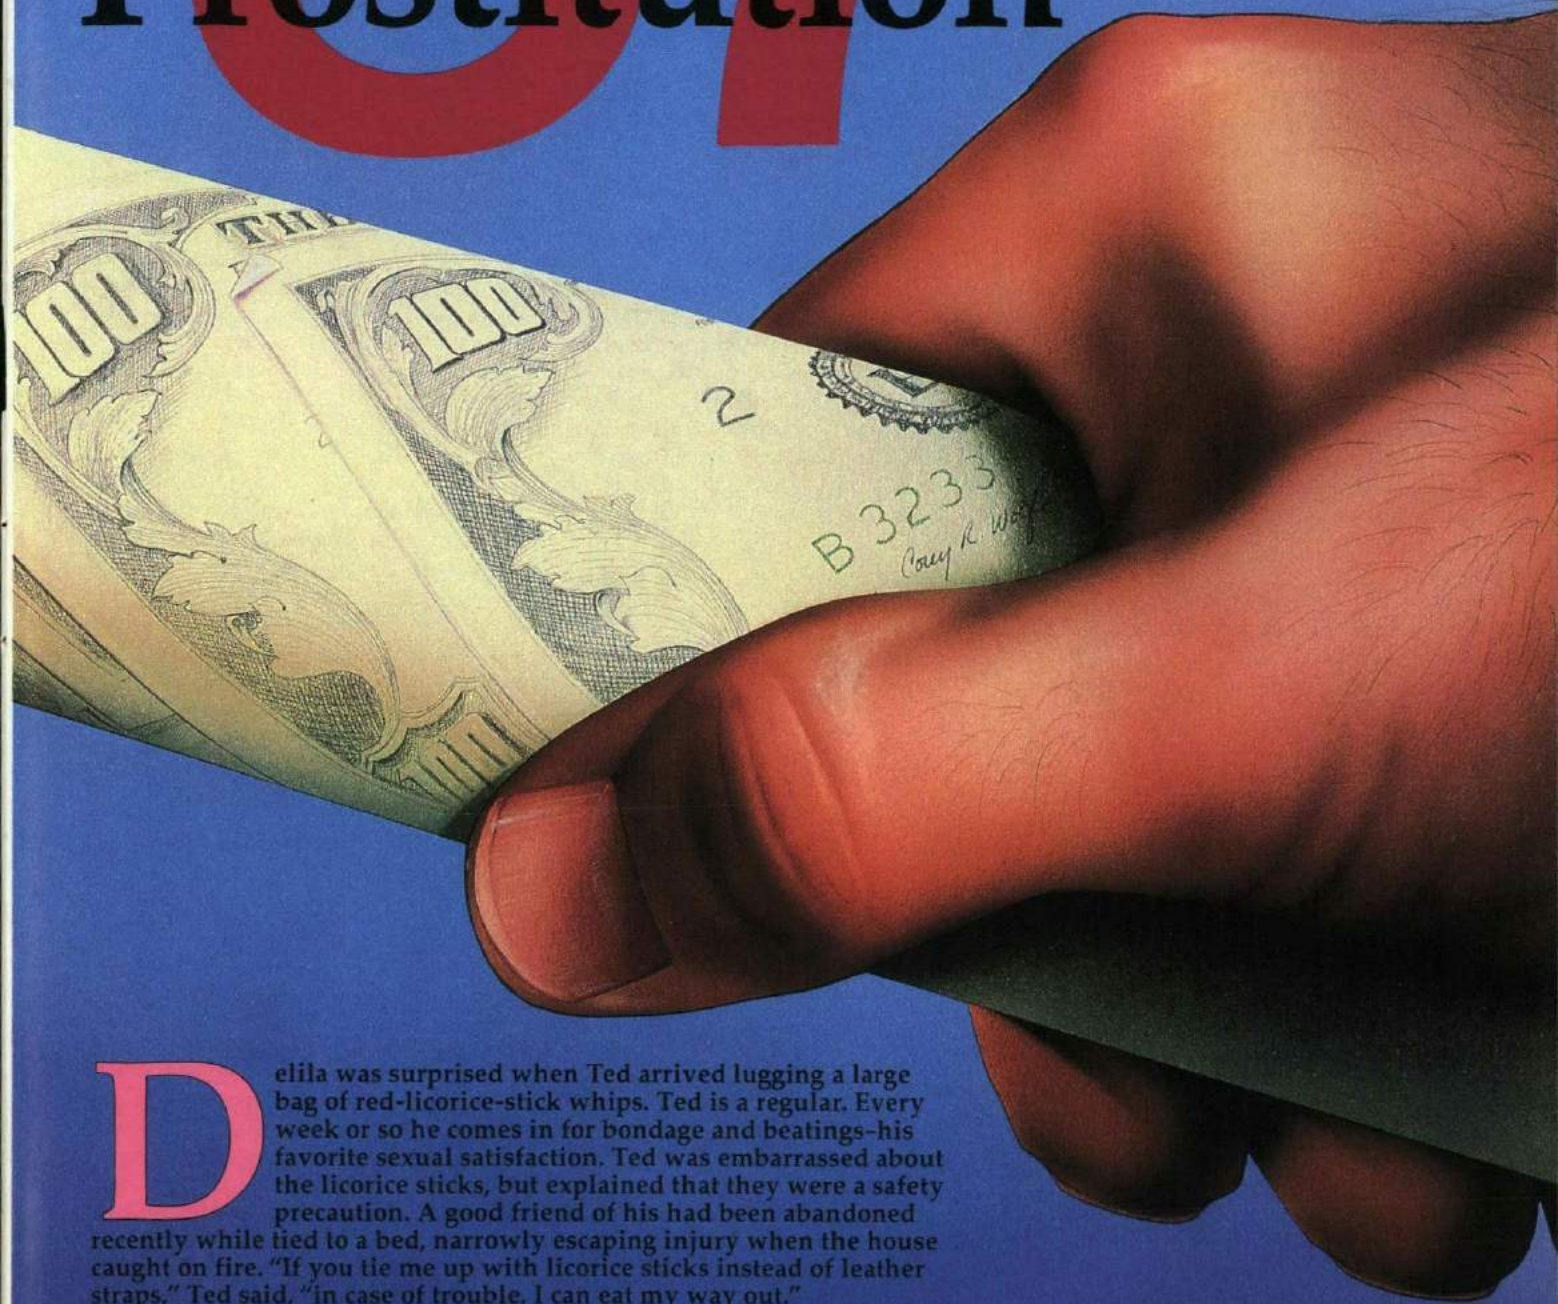

Although Czechoslovakia isn't as drab as some Iron Curtain countries, Martina still couldn't resist the advantages of moving to Southern California. "I like entire sets of matching lacy underwear—in a choice of colors—in stores. At home, anything but industrial-white cotton is black market."

Of course, Martina doesn't fit the socialist society profile—overweight and hairy with a potato farmer's pallor. "I don't even like potatoes," Martina confesses. Something filled out her buxom frame, however, but she's keeping her endowment program a state secret. Men who'd like to probe Martina's past will have to offer her a future. "I like a long-term relationship with a steady guy. I've been through too many changes already to get this far, so when I go all the way, I like to know what to expect."

Prostitution

Delila was surprised when Ted arrived lugging a large bag of red-licorice-stick whips. Ted is a regular. Every week or so he comes in for bondage and beatings—his favorite sexual satisfaction. Ted was embarrassed about the licorice sticks, but explained that they were a safety precaution. A good friend of his had been abandoned recently while tied to a bed, narrowly escaping injury when the house caught on fire. "If you tie me up with licorice sticks instead of leather straps," Ted said, "in case of trouble, I can eat my way out."

No bondage and beating for Bill. His sexual preference is a simple blowjob. "Six months in Nam was enough violence to last me a lifetime," he insists. Many evenings, Bill hangs out at a neighborhood

bar until 2 or 3 a.m. and then looks for a prostitute. Willing and able to pay for a blowjob, Bill usually chooses a cross-dresser or pre-op transvestite for his sex partner. "Women are okay sometimes," he says. "What really turns me on is knowing that under that tight little leather mini is a man."

Although Ted and Bill live in different parts of the country and select widely divergent sexual options, both prefer professional sex partners and have no trouble finding what they want.

Even in 1987 the specific acts Ted and Bill pick may not be everyone's cup of tea, but their choice of using a professional partner is one shared by millions of American men. The outstanding feature of prostitution in 1987 is popularity, followed closely by visibility, availability and abundance.

Hang-ups formerly ascribed to both buyer and seller are disappearing in the '80s, and freedom from guilt seems to prevail. Where to find it, what to expect and what it will cost are fast becoming topics for businesslike appraisal and information sharing. Peter Whittaker, au-

thor of *The American Way of Sex*, sums it up. "Great segments of the American population have begun to taste true liberation from their own worst, Puritanically ingrained fears, and nothing will ever be the same again."

There are some simple guidelines of where to find prostitutes: Large cities, wherever there are lots of tourists, swinging towns such as New Orleans, San Francisco and Atlanta, transit towns that lots of people pass through—Army bases, port cities, mining towns, oil fields, convention areas—all attract hookers like a magnet attracts iron.

RULE 1: Spending money for sex should not make you feel guilt.

MASSAGE PARLORS: Massage parlors, based on their many advantages, are among America's greatest sexual innovations. Today, a man simply thumbs through the Yellow Pages to find the nearest massage parlor, pays an entrance fee at the door and instantly has a choice among several women—all ready, willing and able. His entrance fee pays for a massage, and a negotiated "tip" will get him specific sexual services. Not all massage

parlors are fronts for prostitution, but one city official says, "There are over 400 massage parlors in New York alone and, of those, 90% are brothels."

Massage parlors offer physical safety, on-premise sex, choice of partners and sexual variety. The cheapest service in most parlors is a handjob. Some parlors include this in the entrance fee. The most popular act is a blowjob and the usual tip for this is \$35 and up.

Massage parlors are relatively free from police harassment, but sometimes, as in Baltimore recently, city officials take matters into their own hands. In its heyday Baltimore's red-light district, known as the Block, was several blocks long and contained upward of 50 parlors. The official word is that the Block has been shut down and the 50 parlors boarded up, but several go-go-girl palaces are still operating, located conveniently near a medical school.

ESCORT SERVICES: For a complete rundown of outcall escort sex, see Murray Shekel's article on page 41. Briefly, escort services are the opposite of massage parlors; they provide no on-premise facilities for sex. Like many pizza parlors and delicatessens, they merely deliver the order to a hotel or wherever the client directs.

"Don't be alone," they implore. "Call us, and we will send you *tres chic* escorts and limousine service for dinners, business functions, sightseeing, parties, theater, sporting events and even weddings."

RULE 2: Prostitutes, like lawyers, work for the client who pays them the most money.

ORIENTAL SPAS: The Asians have discovered that selling sex in America is a very profitable business that doesn't require great proficiency in the English language. The newest and most aesthetic off-street prostitution in 1987 is Oriental spas. This should be no surprise, given the history of harlotry in Asia and considering that a half-million legal Asian immigrants landed in America in 1985.

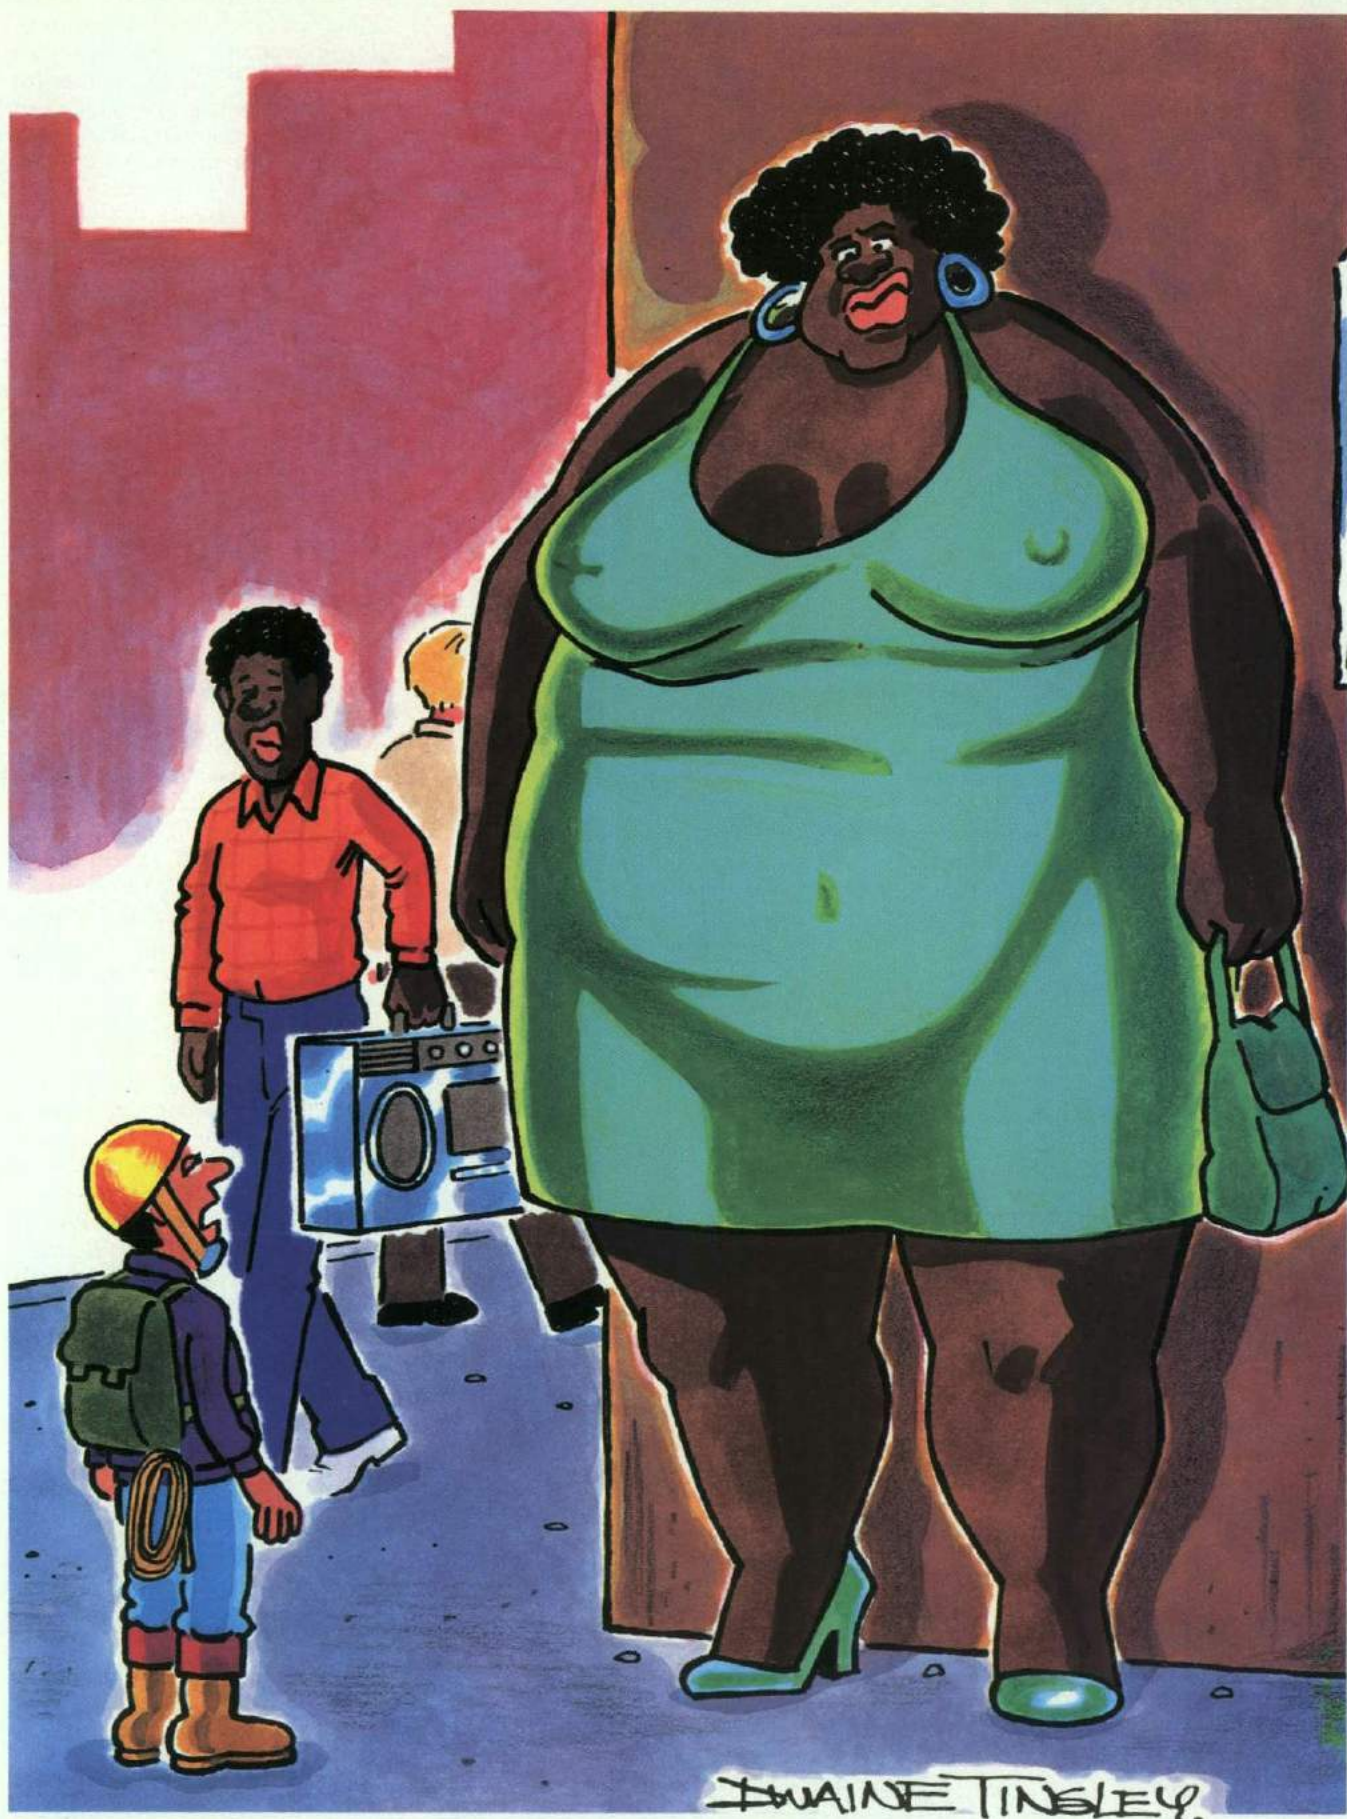

Most clubs are well-run spots where a man can relax in a steam room, sauna and shower, with Shiatsu (Japanese massage) and some of the most attractive women around. The door charge usually runs about \$30, with tips for sexual services up to \$100. Many are open 24 hours a day.

RULE 3: Imports can be glamorous, but home "maids" may prove to be more durable.

BARs: Topless, Bottomless, Others: A bar girl is a prostitute who meets her johns in bars, taverns, nightclubs or wherever drinks are sold. Talking money over a drink has gained popularity steadily since the end of Prohibition. Women who work bars develop their own methods of doing

The girls' second choice is a Baptist convention. Baptists may be less affluent than doctors, but are gentle and sober.

business; the major difference is whether they work as independents or as employees of the establishment.

Independents are women who walk into a bar, expecting to buy a drink or two and meet a man who will accompany them off the premises to an apartment, hotel, parked car or back alley, where he will pay money for an agreed sex act. An independent often solicits at one or more favorite bars and usually has a financial arrangement with the bartender. By the time she becomes a regular at the club, the bartender may refer customers to her and, when he does, she gives him a piece of her earnings. Women whose youth, beauty, clothes and self-image permit them to work the better bars consider themselves almost as aristocratic as call-girls and are proud of their ability to make it on their own without becoming establishment employees.

Bar owners, realizing that prostitutes help attract customers, often hire B-girls to work the bar, hustling customers for drinks and sex. While these women are employees of the establishment, there are no fixed rules about financial ar-

rangements. She probably gets a percentage of drinks any guys buy for her, and she may retain all of the sex money or she may split it with her employer.

A town may be "dry as a bone and tight as a hatband," but find a topless bar, and you can bet the ranch that the whores aren't far away. Women who work in clubs as dancers or strippers often turn a few tricks between dances, and a surprising number of topless bars have a few cots in small rooms behind the stage for the use of the dancers and their clients.

Men who are out on the town should be alert to problems lurking in topless and bottomless places. The mainstay of one club is to suck horny customers for expensive "champagne" under a false pretense of sex. Drinks for B-girls will probably cost a minimum of \$20 each.

RULE 4: Leave your credit card at home when touring the topless dives and always ask the price before buying drinks for a B-girl.

VAN VAMPS: Van vamps are ingenious prostitutes who've discovered that recreational vehicles and citizens-band radios are a happy and lucrative combination.

"It's easier and less dangerous cruising the highway in my RV than cruising hotel lobbies," reports Cathy, who works the highway out of Topeka, Kansas, living in her RV and using it as a mobile brothel.

Cathy gets on her CB and contacts truck drivers or any man on the road with a CB. After a few minutes of conversation, she makes a date to meet her client at the next truckstop or other convenient location. She's learned the CB handles used by truckers who pass through the area regularly and usually calls them on their own radios, but sometimes approaches them at major truckstops.

Prostitutes have found that CBs can juice up business for brothels or massage parlors on a slow night. Using a mike connected to a base-station transceiver, the hustler selects a favorite channel and within 20 minutes alerts as many as a dozen clients and may also speak to half a dozen new prospects.

RULE 5: If the van's rockin', don't you come knockin'.

CONVENTIONS: Conventions are the delight of conventioners and prostitutes alike. The man is away from home, tending to business among strangers, with the opportunity of boffing prostitutes without the wife finding out. The hooker is often in town specifically for the convention, probably sharing the work with others who've also come to town for the event. She's pleased to be working with clean, well-heeled customers in posh surroundings.

Several pros report their favorite convention is the American Medical Association's. The doctors arrive alone, pay well, and their cozy bedside manner rarely falters. The girls' second choice is a Baptist convention. Baptists may be less affluent than doctors, but they are gentle, quiet and sober. Political conventions of both parties are always well attended by prostitutes. A politician's dominance-drive is usually high, and his desire for "specials" astounding, but he has money and is prepared to pay for whatever he gets.

HOTELS: Working women frequent hotels because of the continual flow of out-of-town men. The hotel lobby is often called "the race track" because women walk there to solicit trade. Women just "turning out" (entering the life) or new in town, may work as hotel maids and hustle the guests during or after working hours. When she has built a book of regulars, she quits making beds and cleaning toilets and devotes her time to hooking.

The hotel owner provides the setting for intercourse, rooms and beds. Every man who enters the hotel business must decide how he feels about supplying the furniture of love. Often the hotel staff

About five hours to the northeast of Reno on Interstate 80 sits the little town of Battle Mountain, Nevada. The burg is quiet at this late hour, and the lights are dimmed, except for two conspicuously bright red bulbs atop a pair of neighboring buildings. Inside, Christian Shapiro, journalist from HUSTLER Magazine, sits slouched at the bar of the Desert Club, one of two legal brothels in Battle Mountain. Shapiro glumly nurses a highball glass full of hot milk and thinks about ordering another—a double.

"You are the sorriest-looking sack of shit I have ever seen in a red-light salon," observes a trucker sitting next to Shapiro. "What is your problem, anyway?"

"I am a tragic victim of misfortune," laments Shapiro with no further prodding. "I have been sent to this lovely cathouse, and the Calico Club next door—the friendliest bordellos in Nevada—by HUSTLER Magazine to do an all-expenses-paid, firsthand, *in-depth*, wet-and-wild report on proper bawdyhouse behavior."

"I see," says the trucker sagely. "That must be tough."

"It is a dream come true, except that my penis has just now flunked the health test."

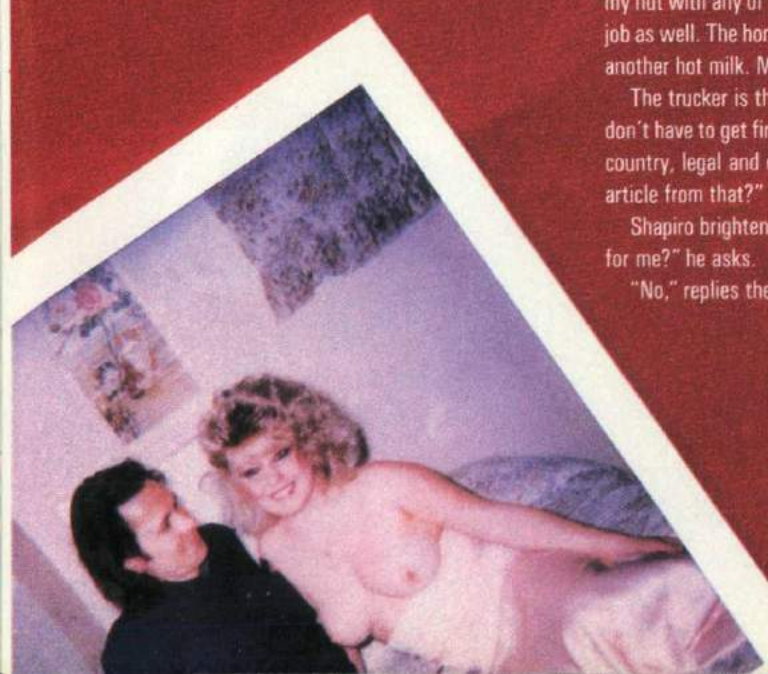

The trucker laughs uproariously. "You mean you've got a little disease on the dick?" he crows with obvious sadistic glee.

Shapiro's pained expression intensifies. "Yes, precisely. And now, not only am I unable to bust my nut with any of the six highly desirable women employed at these two clubs, but I will lose my job as well. The home office will never forgive me for botching a story as simple as this. Bartender, another hot milk. Make it a double, and give my friend here one too."

The trucker is thoughtful for a moment. "Listen, buddy," he says in a sympathetic tone. "You don't have to get fired over this. Me and my partners have been to every sporting house across the country, legal and otherwise. Why don't you just use our expert testimony and write your little article from that?"

Shapiro brightens at the simple genius of this plan. "You'd do that for me?" he asks.

"No," replies the trucker curtly. "We'll do

it for the Calico and Desert clubs. These are the best two brothels in the state of Nevada."

"The first thing you've got to remember is that hookers are human beings. If you treat them right, they respond a little more enthusiastically, which gives you greater value for your entertainment dollar. Now there are a few things that are a definite turn-off to a working girl. One is a guy who doesn't bring along enough money. The answer to, 'What can I get for 20 bucks?' is, 'Your feelings hurt.' The girls are independent contractors, and they all have different price ranges, from \$40 for a simple blowjob to \$1,400 for an all-night-out date, where you take the girl off the premises for a night on the town. Don't forget, money is the world's oldest-known aphrodisiac.

"Now, if you'll excuse me, I'm gonna go spend some with hot mama Anna. Chuck here will fill you in while I'm gone."

Chuck has just emerged from a back room with bright-eyed, blond Valerie who, like most of the other girls, is lounging around in comfortable-looking underwear. "Another thing the girls just can't hardly stand is a drunk. If you're going to get so plastered that you can't get a hard-on, stay home and do it with your wife. Lushes pass out, vomit, get mean and cry all over the place. A big boozier also smells bad. These ladies don't like guys who smell bad. How would you like to fuck a dozen guys every day, and all of them stink?"

Shapiro considers this vividly distasteful scenario. "I guess I wouldn't like it too much," he admits.

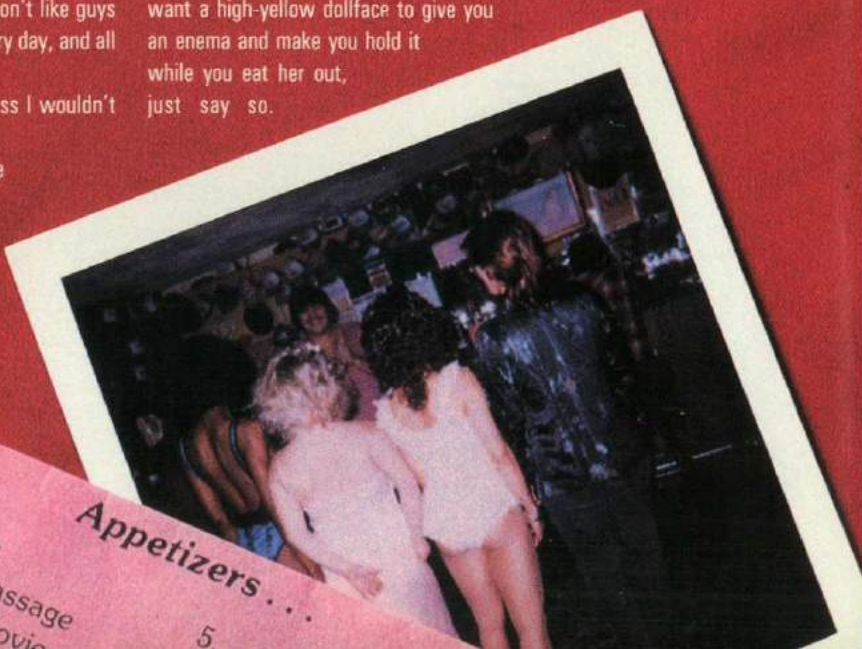

"Damn right!" states Chuck emphatically. "So, if one of the women asks if you'd like to take a shower first, she means, *take a shower first!* All these places got showers just for that. It's amazing how much better a prosti-

tute will treat you when you're clean.

"I gotta hit the road now, kid, but my brother Gene here will tell you more about it."

Gene, who travels I-80 every chance he gets and always takes extra-long getting through Nevada, settles down with a steaming cup of the coffee provided to truckers free of charge as a public service by the Calico and Desert clubs. "Christian, eh? Why, that's a funny name for a Jewboy. When I come into the club, I like to ask for a lineup. That's where all the girls come out and stand together so you can pick one out. I set awhile, have a cup of coffee, buy my girl a drink and have a little conversation. Of course, a girl's drink is five bucks—and might be weak or water—whereas mine is only a shekel or two, but that's five bucks well spent, because you get to see if there's a spark there. You don't really want a drunk hooker; so it's not important what's in the glass. If you like her, you tell her you'd like to go to her room. You don't want to rush yourself through this part, but keep in mind you don't want to waste the senorita's time either. In some houses the girls have 15 minutes to get you back into her room. If you go past that limit, she has to give up on you and let another one take a shot. If you wait too long to make your move, they'll ask you to leave. But there's no time or trick-pressure at the Calico or Desert. This type of laid-back situation attracts friendlier hookers, which makes for happier clients. Working girls looking for a good, no-hassle, down-home, professional environment can contact Virginia and Chuck Barrett, care of the Desert and Calico clubs at North Second Street, Battle Mountain, Nevada 89820. Or phone (702) 635-2764. I know I'm sure looking forward to meeting any girls who come out here.

"You can't talk money and sex here in the bar because the liquor license is separate from the prostitution license. Once you're in the girl's room, sex and money is the favorite topic of conversation. Just tell the lady what you want and how much you got to pay for it. If that's okay, she'll say so. If it's not okay, she'll say so. No hard feelings. Most guys either want a half-and-half, that's a blowjob and a lay, or a straight lay or a blowjob. Some dudes will come in, and they'll be hankering for a vibrator on the balls or two girls at once or maybe they want to wear some lingerie. There's a hot tub Jacuzzi here and X-rated videos. Ask for anything your twisted little mind can think of. You're not going to shock these girls. They won't do Greek, because it's impractical and not too legal in Nevada, but if you want a high-yellow dollface to give you an enema and make you hold it while you eat her out, just say so.

NEVADA'S
FRIENDLIEST
LEGAL
BROTHEL

She'll either quote you a price, refer you to a girl who's into the scene or suggest a compromise, like maybe a little regular female domination.

"Anyhow, I'm going to go visit sweet black angel Tracey's lingerie collection. Why don't you go over to the Calico Club and have Clem take it from here?"

Over at the Calico bar, Clem is sitting with a satisfied grin, ready to turn his 18-wheeler back out onto the asphalt. "Okay, boy, let me make this quick. Once you've closed your deal, it's time to get down to the pleasure part of this business. But first they're going to check your equipment, from your bellybutton to your knees. This is a very health-conscious industry. The girls see a doctor every week who checks for any kind of VD, and they have an AIDS test done monthly. So don't take it personally that they want to check your pecker. In fact, you wouldn't want them dicking around with some little infected fucker so he could pass his disease on to you, would you, son?"

Shapiro squirms.

"They check for open sores, warts, scale warts, any unusual discharge and body lice. If they see anything, they'll be tactful and ask you to come back once you've got it cleaned up. Don't be a jerk and try and get her to do you anyway. I don't want to catch what you got."

"You sure don't," mumbles Shapiro.

"Okay, I'm in a hurry; so listen up," continues Clem. "Once you pass the unit inspection, the girl will take your money and leave the room. Don't worry; she'll be back. While she's gone, logging in your money with the manager, take off your clothes. Don't be bashful, because she's also setting a timer while she's out there, and you won't want to waste a single precious second. As soon as she gets back, she'll take you over by the sink and have you hold a pan under your plumbing while she scrubs it down with the same type of solution a surgeon uses before he cuts you open. For best results, try not to come while she's doing this. Okay, I got to ramble. I'll let Bart tell you about fucking them, though I don't see why you don't just go do it yourself."

Bart excuses himself from a table where he's been talking with Cabelle and Raven, two petite, high-powered packages. "Now, when you get onto her bed—not into it—you can either lie back and be done, or you can take the initiative. They're open to most positions; just don't try to kiss them on the mouth. They won't take that from anybody. Remember, this is sex here; if you want to make love, go home. Don't go falling in love with one of these ladies, thinking you're going to give her a great big orgasm and whisk her away. That kind of behavior just annoys them. Moon-eyed johns hanging around like puppies intimidate potential clients. Your job is to get off. Don't worry about satisfying her. All she wants is for you to have a good time. They'll like you, and you can like them, and there's even some affection, but the whole deal's a business; so don't go making it into something it's not. When it's done, she'll

wash your equipment again, and it's over.

"On the other hand, this cash transaction doesn't give you the right to be an asshole. Being rude, acting like you own the girl and calling her 'bitch' isn't going to get you anywhere. Crass shit like, 'I wanna buy a piece of ass,' or, 'How much to suck my dick?' is liable to make a girl think you've got an attitude problem. Depending on her mood, she might just send you away to jerk off in your car. It's her prerogative. Just because you have \$100 doesn't mean the woman has to go with you. You treat her like a human being, and not only will she be impressed, she'll impress your knob, yes, sir.

"One last thing. The best way not to impress one of these girls is with your drugs. The laws are stiffer than a long-hauling trucker's prick here in Nevada. Guys come in thinking this is some sort of outlaw operation, talking their drug talk and flashing that shit around. No, sir, thank you very much. Take that shit home to California or wherever with you. There's no room for it here."

Hours later the night's final customer comes out from a refreshing interlude with blond, hot-to-trot sexpot Charley, a young Taija Rae type. While putting on his coat, he exclaims, "I adore the shit out of these hookers. They never fuck around with me. There's no obligations here, none of that why-don't-you-ever-call-me bullshit. They're happy to see you no matter how long it's been, whether you remember them or not. It's like home without the problems. And a cathouse like this sure cuts down the risk of being robbed, mugged or infected.

"I swear, I've been to brothels all over the world, and these two little places are still my favorites. They come highly recommended for man and working girl alike."

Shapiro has heard none of this. Cooling glass of milk in hand, head bowed on the bar, he's off in slumberland, dreaming of Tracey, Cabelle, Charley, Raven, Valerie and Anna.

CALICO CLUB

PROSTITUTION '87 (continued from page 36)

Pretty little Oriental girls of all shapes and sizes prowl and whisper softly to passing men, "Fuck me."

(bellboy, room clerk, manager) is cooperative in helping a girl find clients.

Large cities have hot-bed hotels that specialize in prostitution. The rooms are rented by the hour, sometimes as often as 12 times in 24 hours. The prostitute is paid the agreed price, and her client gives a few dollars to the hotel clerk. When a whore quotes a price as "30 and ten," her fee is \$30, and the room will cost an additional ten.

One of the last places you'd expect to find prostitutes is in the wilderness, but a recent report says employees at Yosemite National Park in California were involved in prostitution. Wanting nothing but the best for themselves and their clients, the hookers chose as their base of operation the Ahwahnee, the most prestigious and only three-star hotel in the park.

When looking for hookers, don't overlook adult-book stores. The District Attorney of Erie County, Pennsylvania, filed suit against a bookstore in Kenmore after receiving evidence that women were soliciting for prostitution in a back room of the store. Erie County may close down Village Books and News, but it

probably isn't the only store in town.

RULE 6: Never underestimate the ability of hookers to open up new markets.

STREETWALKERS: The streetwalker, as her name implies, beats the pavement in sections of town known as ho' strolls. Prostitutes tend to walk the same blocks, stand on the same corners and lean against specific doorways. They also tend to work the same hours and the same days of the week. A woman's regulars must know when and where to find her.

Streetwalkers usually charge lower fees than women who work indoors, and they depend on fast turnover and high volume to make their nightly quota. A consumer hoping to pay a small fee for a quick boff, a blowjob or a handjob in his car will probably find his best bet is a streetwalker. [See H. H. Morris's article on page 66 for more on this.]

Every great city and most larger towns have ho' strolls. The Times Square stroll in New York is famous from coast to coast. Less well-known are the Miracle Mile in Tucson, Arizona, and the stretch of pavement that runs along the land side of Kalakaua Avenue in Honolulu. There,

pretty little Oriental girls of all shapes, sizes and colors prowl, swagger and whisper softly to passing men, "Fuck me, fuck me, baby."

Streetwalkers are the most visible prostitutes in the industry, and their visibility is deliberate. They have no fixed place of business, can't run ads in newspapers and must rely on general department and eccentric clothing to attract customers.

While hookers can still be found soliciting trade in the Lincoln Tunnel area and late at night on Broadway in New York, a subtle shift in the business has occurred. Prostitutes have started moving out of the streets and into suites and penthouses where they are out of sight and out of mind. NYPD Captain Jerome Piazza estimates there are at least 10,000 pros in the city.

CALLGIRLS: Callgirls are the aristocrats of prostitution. Callgirls make most of their appointments by phone, but often don't take calls directly, preferring for safety to use an answering service or telephone exchange. These girls prefer to go to the client's home or hotel, but some clients (usually local married men) are entertained in the girl's apartment.

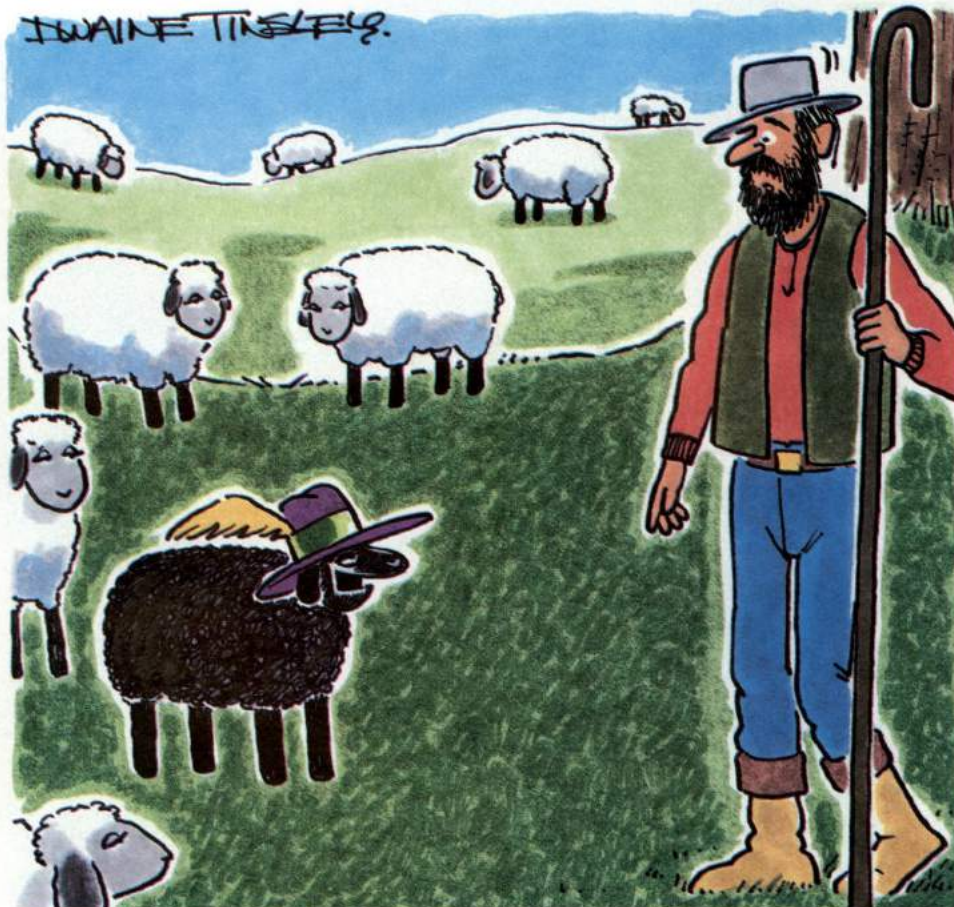

These independently operating prostitutes are usually better educated and more articulate than their sisters on the street. They do no advertising. New clients come by referral from previously satisfied customers or from friendly callgirls who exchange clients to assure variety for the men.

All prostitutes are expected to provide sexual services, and most johns hope they will also get flattery and praise. The more money the trick spends, the more lavish the hooker is likely to be with her compliments.

THE GIRL MARKETS OF NEVADA: Nevada is the only state whose elected officials have the taste and brains to offer American men legal prostitution in 1987. Nevada never outlawed prostitution, leaving the option to the various counties. In Reno, laws against whoring are still strict and frequently enforced. In Las Vegas, hustling is an important casino adjunct—tolerated, controlled, but illegal. But out in sparsely populated desert counties, red lights of the Nevada whorehouses stand out in the night air.

You can pause in your hotel lobby to pick up maps showing the state's 40 legal whorehouses (forget the illegals) and a paperback listing the various establishments with write-ups and star ratings similar to the *Michelin Guide*. If you are driving (limousine and private-plane service are available), proceed along Highway 80. Brothels are as common as filling stations, and the per-mile count of whores is rumored to be the densest on Earth.

OUTCALL

ESCORT SERVICES MADE EASY

by Murray Shekel

Let's say you're stuck in Little Rock, Arkansas. It doesn't really matter why. What matters is that you don't know any ladies, and you need a woman. You tried that pickup-bar the cab driver suggested, and drew a blank. It's 1 a.m., and the streets are so quiet, the city looks like it's been nuked. What's next? A rendezvous with Mary Fist? Back in the hotel room you notice the phone directory. A firecracker goes off in your head, and you decide to check the phone book for massage

ESCORT SERVICES

Depending on location, an escort girl will cost from \$100 to \$200 and up an hour.

parlors. You find one listing—a guy named Olaf who gives Albanian acupuncture massage. Not good. Another, bigger, explosion in your brain tells you to try the listings for escort services. There are three listings in Little Rock, and you call one because the ad says they're available until 4 a.m. A lady with a syrupy voice answers and says, sure, they can send someone to your room... sure, they take credit cards... you're in business! While you wait for the girl to arrive, you congratulate yourself. You just beat the system for nookie, and you did it the way Ma Bell recommends: "Let your fingers do the *cruising*."

Escort services have become the most reliable source of female comfort in America. Even during vice crackdowns, escort businesses are likely to survive where other commercial sex enterprises go belly-up. When it comes to commercial sex, police and concerned-citizens groups attack what they see—streetwalkers, massage parlors and the like. Discreet escort ads in phone directories offering "hostesses" for "social events" or "nights on the town" are bothered less

often. Moreover, the way most services operate—the client calls the service, and the girl goes to his home or hotel after verifying his legitimacy—makes it difficult for the police to harass them.

Not all escort services supply men with sexual partners for a price. There are services that provide only "guides," "dinner companions" or "interpreters," rather than fuck bunnies; ordinarily they let the caller know this in a hurry.

There are disadvantages to escort/outcall services. One is price: They tend to be expensive. Depending on location, an escort girl will cost from \$100 to \$200 and up an hour. What's more, using an escort service is like going on a blind date; you don't get to see the girl until she knocks on your door. There's not much you can do about the price, but there are ways to get around the blind-date angle.

Take the case of Big Potatoes. Nicknamed by his friends in New York, Big Potatoes is a wheeler-dealer with plenty of money and a magnum-size appetite for the ladies. Potatoes goes through an outcall girl every *single night of the week*. If he doesn't like the girl's looks, he sends her

back—with cab fare and \$20 to assuage her ruffled feelings. The best policy is to specify in advance exactly the type of woman you want. Small "budget-priced" services figure if they send you a broad with two breasts who is still breathing, they've fulfilled their end of the deal. But most services, particularly in big cities where there's competition, expect requests for specific types of ladies. Fancy services not only supply you with a girl's measurements, but also give you her educational and employment background and other clues to her personality.

Bear in mind that an escort-service girl has more to fear from you than you do from her. Unlike streetwalkers, outcall girls can be traced to an exact source; so very few are larcenous. Further, the simple precaution of a condom protects you against most disease. But what prevents a psycho from checking into a hotel under a false name and ordering an escort girl with the intent of doing her harm? Services use various precautions to ensure the safety of their women. When ordering a girl or girls for a bachelor party, you can expect the ladies to arrive with one or two bodyguards in tow. When ordering a girl for yourself, you will have to supply a phone number that will be checked—usually before they even discuss available women with you. Some services have their girls delivered by a bodyguard who waits outside to drive her back. Or the girl might call into her service when she arrives and receive a callback at the end of her stay.

Most services prefer cash, placing a 10% or 15% surcharge on credit-card transactions. However, if you want an "overnight date" or a "traveling companion," the services usually insist on a credit card or other references for identification purposes.

Though there are exceptions, like Cincinnati and Wichita, there are listings for escort services in most large American cities. A city's size and prevailing community standards determine the ways its escort services advertise. In tight-assed towns you must rely on the phone book. In liberal places like L.A., San Francisco and New York, outcalls advertise in sex tabloids, entertainment guides found in hotels, and the Yellow Pages.

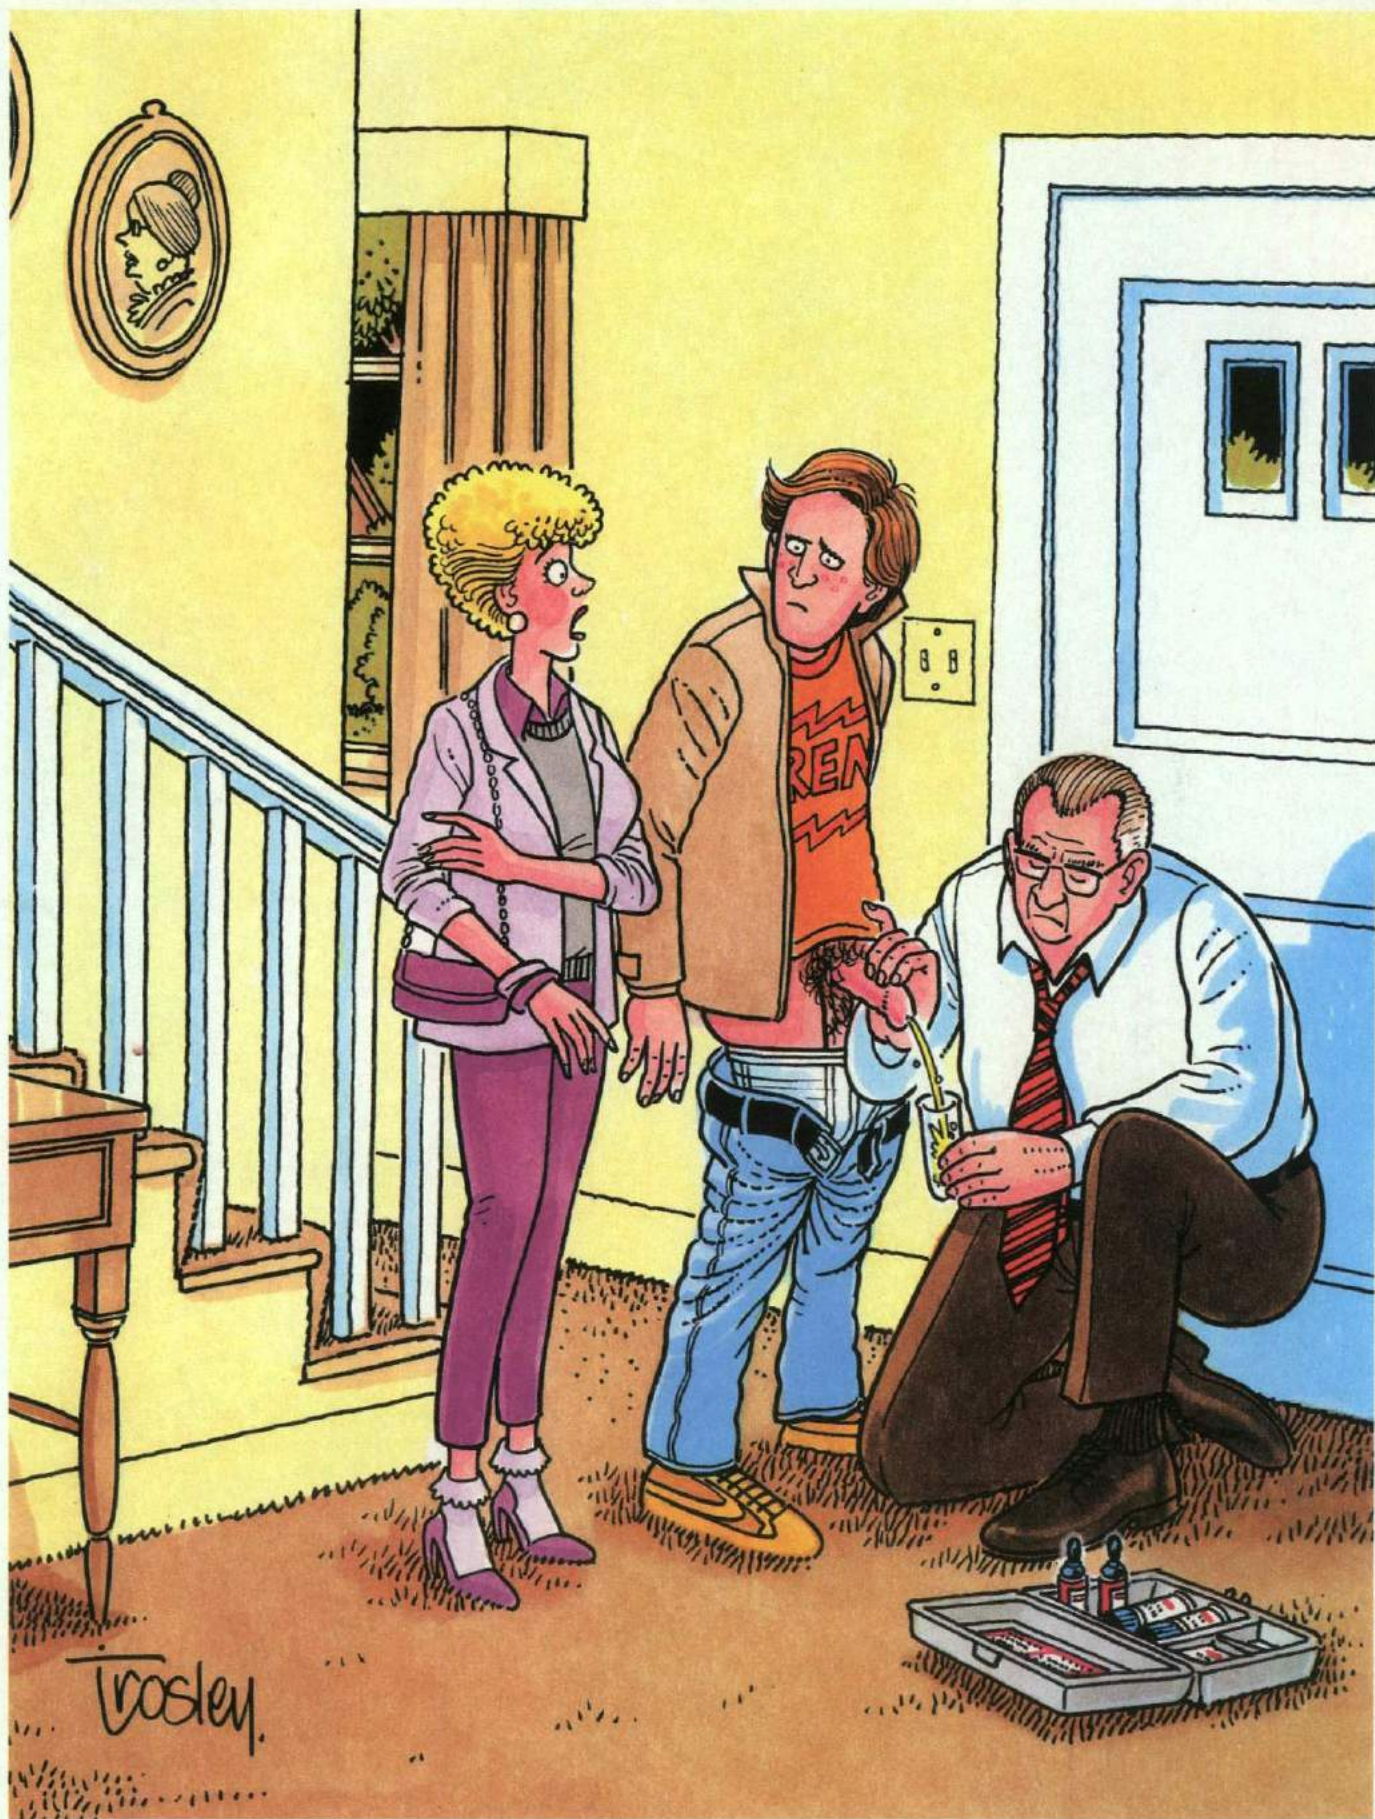

Discretion is the key when calling an escort service. Many escort companies are subject to periodic police harassment; so the receptionist may be tentative over the phone. Let's say you're calling *Thunder Pussy Outcall* and get a suspicious "Hello?" The services do this to ensure that the caller is not just someone who's dialed a wrong number. Ask if you're talking to Thunder Pussy, and they'll tell you. Next, tell them where you saw their ad—

This music soothed the savage breast, but when these two adult-film-and-video stars try to practice playing, they end up soothing each other's breasts. ESCORT SERVICES (continued from page 42)

Remember, you're entitled to know what your escort will look like. Ask for exactly what you want.

this generally calms their suspicions.

Escort services expect discretion over the phone and, if you don't show it or if they think you're a jackoff artist, they'll hang-up in a hurry. Keep it straight, businesslike and play it by ear.

"Can you give me an idea of your rates?" is usually all it takes to get the receptionist chattering. Remember, you're entitled to know what your escort will look like. Ask for exactly what you want. Let's say you're interested in a petite redhead, 20 to 25 years old, and they tell you they have no petite redheads. Being a reasonable and horny man, ask them to describe what they do have available. If they respond with vague doubletalk instead of specifics, move on.

Once the escort is in your room, show her the same respect you would a "civilian" girl on a conventional date. The offer of a drink, and a few minutes conversation will pay dividends later in bed. At the same time, don't let her push you around. After all, you're paying for her time and, if it begins to look like she wants to spend the hour discussing the meaning of the cosmos, let her politely

know that it's time to drop-trou.

Since it's well-known that men with freshly emptied balls are not particularly generous, hookers expect to be paid in advance. Don't even think about arguing the point.

Here's the current deal for some major cities across the country.

Los Angeles: California is the land where massage parlors still thrive, phone-sex companies have names like *Cum on My Face*, swingers clubs are located in private homes, and there's a veritable smorgasbord of escort services. But outcall services do not have a license to sell sex—not even in L.A. So you must adhere to certain rules when dealing with them. Many of the services will not speak to you if you call from a phone booth. Some of the outfits only service hotels, and nearly all require a number to call back before they discuss the particulars on their girls. Though they amount to the same thing, there are two types of outcall packages in L.A. The first, as evinced by *Beverly Hills Princess*, involves a \$65 "agency negotiable fee," cash only, and a "tip" that is negotiable with the lady. Expect the tip to

be at least \$100. The agency fee drops to \$50 at *Coconut Moons*, and they accept Mastercard and Visa. The other deal is one flat fee. *Rendezvous Escorts* charges \$200 per hour cash and \$250 on credit cards. At *International VIP Escorts* the fee drops to \$160 cash, more for credit cards, and they operate 24 hours. *Classic Touch*, in business for the past eight years, claims to be the oldest continuously run service in L.A. *Touch* provides "traveling companions." Want a lady to spend the weekend with you in Vegas? They'll fetch one—if you have \$3,500, the fee for Friday night through Monday morning. Considering that you don't see the lady until she shows at your door, it has to be the most expensive blind date on the planet.

The phone at *Act II Escorts* is answered by the same receptionist that answers for *Classic Touch*. This is often the case in the escort business throughout the country: One owner operates under different names and numbers—particularly in larger cities. Many of the L.A. outcalls operate 24 hours, while others usually stay open until 2 or 3 a.m.

San Francisco: The escort-service listings in the Frisco phone book are a thing to behold. They look more like a sex tabloid than some sex tabloids. The more than 50 escort-service ads feature enticing photos of models and ad slogans like: "We Do It Anytime!" and "We Satisfy!"

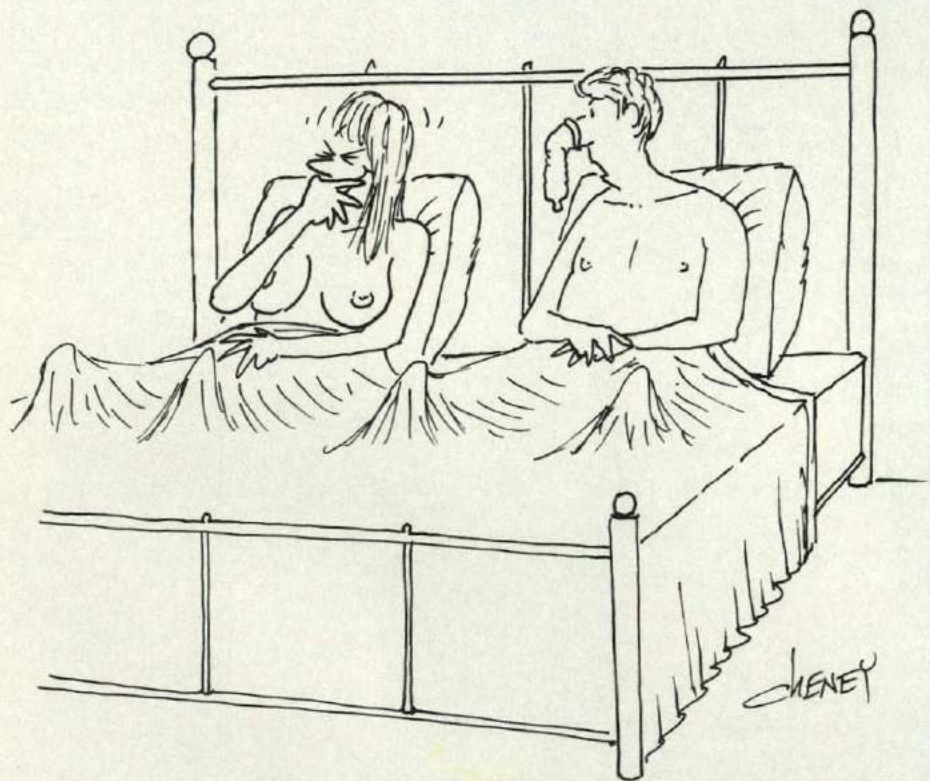

Like L.A., the fee for the San Francisco services comes two ways. At *Avante Garde* a man answers and tells you the agency fee is \$50 cash, \$75 with a credit card. The "model's" fee is negotiable, but generally runs about \$100. At *Euphoria* a lady told us the agency fee was \$60 and that they're available 24 hours a day.

At *L' Elegance* the flat fee is \$150 cash, more for credit cards, and they have "dozens" of ladies to choose from. *Elite Escorts* is also \$150 per hour, but for satyrs they offer the bargain rate of five hours for a mere \$650.

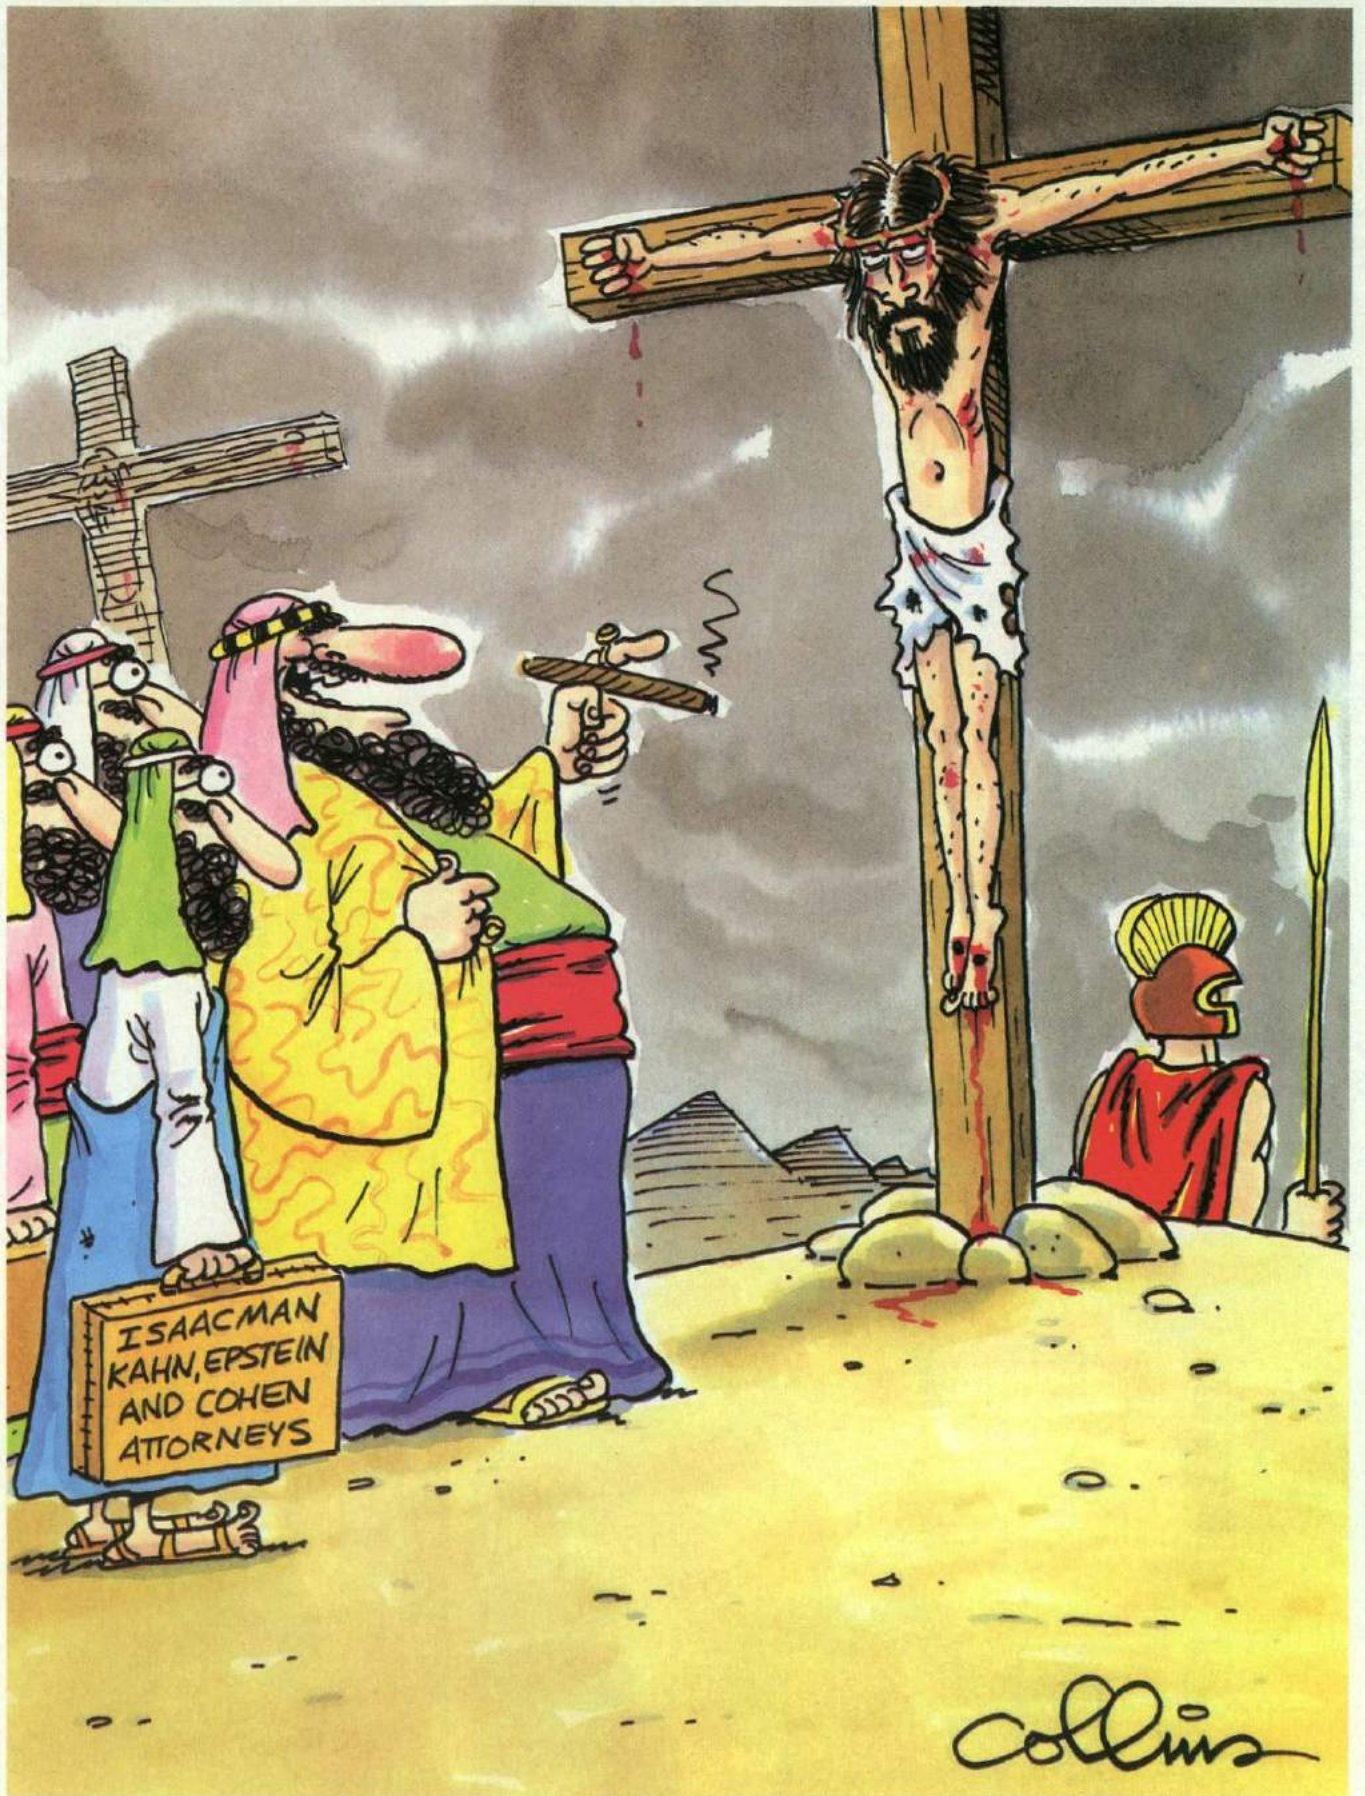

The services operate anywhere from 24 hours to 2 or 3 a.m., and are a bit more polite, a bit less leery and cautious than those in L.A.,

Texas: Texas is a funny place. Consider the North Houston escort-service listings. There are four in the directory, all with the same 999 prefix number. Call *Absolutely Discreet Escorts*, and you're told there is a \$60 agency fee and that, "Each girl works individually on a tip basis." They take Mastercard and Visa and are available until 3 a.m. At *Executive Referral Service* a different listing at the same number, the same receptionist you spoke to at the other service tells you the agency fee is \$100 per hour, and they take American Express as well as the other cards.

Miss Nude Universe '88

Photography by Clive McLean

Stunning Jessica Jensen wears the title Miss Nude Universe with grace and good humor. "The Miss Nude Universe contest is a lot more respectable than most people think," she explains. "You're never actually completely nude, just topless, and only for a little while. Most of the time you're completely clothed, and there's even a talent competition." Jessica told HUSTLER, "I never learned how to do things like twirl a baton while baking an upside-down cake. I just danced." The Ontario, Canada, native's obvious physical charms impressed the judges far more than trick-baking ever could.

No stranger to nude royalty, Jessica has been Miss Bikini Canada and Miss Nude World. A recent immigrant to Los Angeles, she hopes to contribute to the status of California girls as our nation's knockouts. It will be a crowning achievement for our pink princess.

HUSTLER HUMOR

A huge, mean-looking hulk of a man was in the supermarket. He went to the fresh produce section and told the produce clerk that he wanted to buy just half a head of lettuce. "You can't do that," the clerk told him.

But the man said, "Oh, yeah?" and tore a head of lettuce in half. When he went to the front to pay, the cashier told him that he would have to check with the manager before he could sell the man just half a head of lettuce.

So the cashier walked over to the store manager and said, "Some big, dumb-looking asshole wants to buy half a head of lettuce." Just then the cashier noticed the huge man had followed him to the manager's office and was standing behind him, hearing everything he said. Thinking quickly, the cashier pointed to the large man and told the manager, "... And this kind gentleman has agreed to buy the other half."

A few days later the store manager told the cashier, "I like someone who can think on his feet. In fact, I want to train you to become a manager; so I'm sending you up to Winnipeg, Canada, for a training seminar."

"But the only people who come out of Winnipeg are either whores or hockey players!" the cashier said.

"I'll have you know," the manager said slowly, "that my mother is from Winnipeg!"

"Oh, really?" the cashier responded. "What position does she play?"

Question: What do you call a Jewish prostitute?
Answer: A Rentl.

Two Poles emigrated to America. On their first day off the boat in New York City they spied their first hot-dog vendor in the street. "Do they eat dogs in America?" one asked his companion.

"I dunno," said the other.

"Well, we're going to live in America; so we must learn to do as they do."

So they each bought a hot dog wrapped in wax paper and sat down to eat them on a nearby park bench. One Pole looked inside his wax paper, then over at the other Pole, and asked, "What part did you get?"

Question: What do you call an Arab with lots of girlfriends?
Answer: A shepherd.

A traveling salesman went to a farm. As he drove up the road to the farmhouse, he saw a pig with a wooden leg in the yard. When the salesman got to the house and met the farmer, he asked him, "Say, what's the story behind that pig with the wooden leg? I've never seen anything like it before."

"Funny you should mention it," said the farmer, "but that's the greatest pig I've ever had. One time I was doing the chores in the barn when I happened to doze off. Suddenly the barn caught fire. This pig," said the farmer, his eyes welling up with tears, "broke out of his pen, came into the burning barn and pulled me to safety. He saved my life!"

"Yes, I understand," said the salesman. "That's wonderful, but that still doesn't explain why the pig has a wooden leg."

"Well," said the farmer, "a special pig like that you don't eat all at once!"

The HUSTLER Dictionary defines *social disease* as: trial and terror!

Check this out," said Ralph to his poker buddies. "Last night while I was out drinking with you guys, a burglar broke into my house."

"He get anything?" asked one of his friends.

"Yeah, a broken jaw, several teeth knocked out and a pair of crushed nuts. The wife thought it was me coming home drunk."

Why are you asking for a divorce?" the judge inquired.

"Because all my husband wants is to make love," exclaimed the woman.

"Most women would be pleased!" the judge replied.

"They are!" the woman shot back. "That's why I want a divorce!"

As part of a massive cost-cutting program, a worker lost his job at the steel mill. Things weren't as bad as first thought, though, because his wife had recently gotten a job. Daily, she would go off to work, and he would stay home and do the household chores. Several months later he was having a few beers with the boys.

"How do you like doing all that women's work?" a buddy asked.

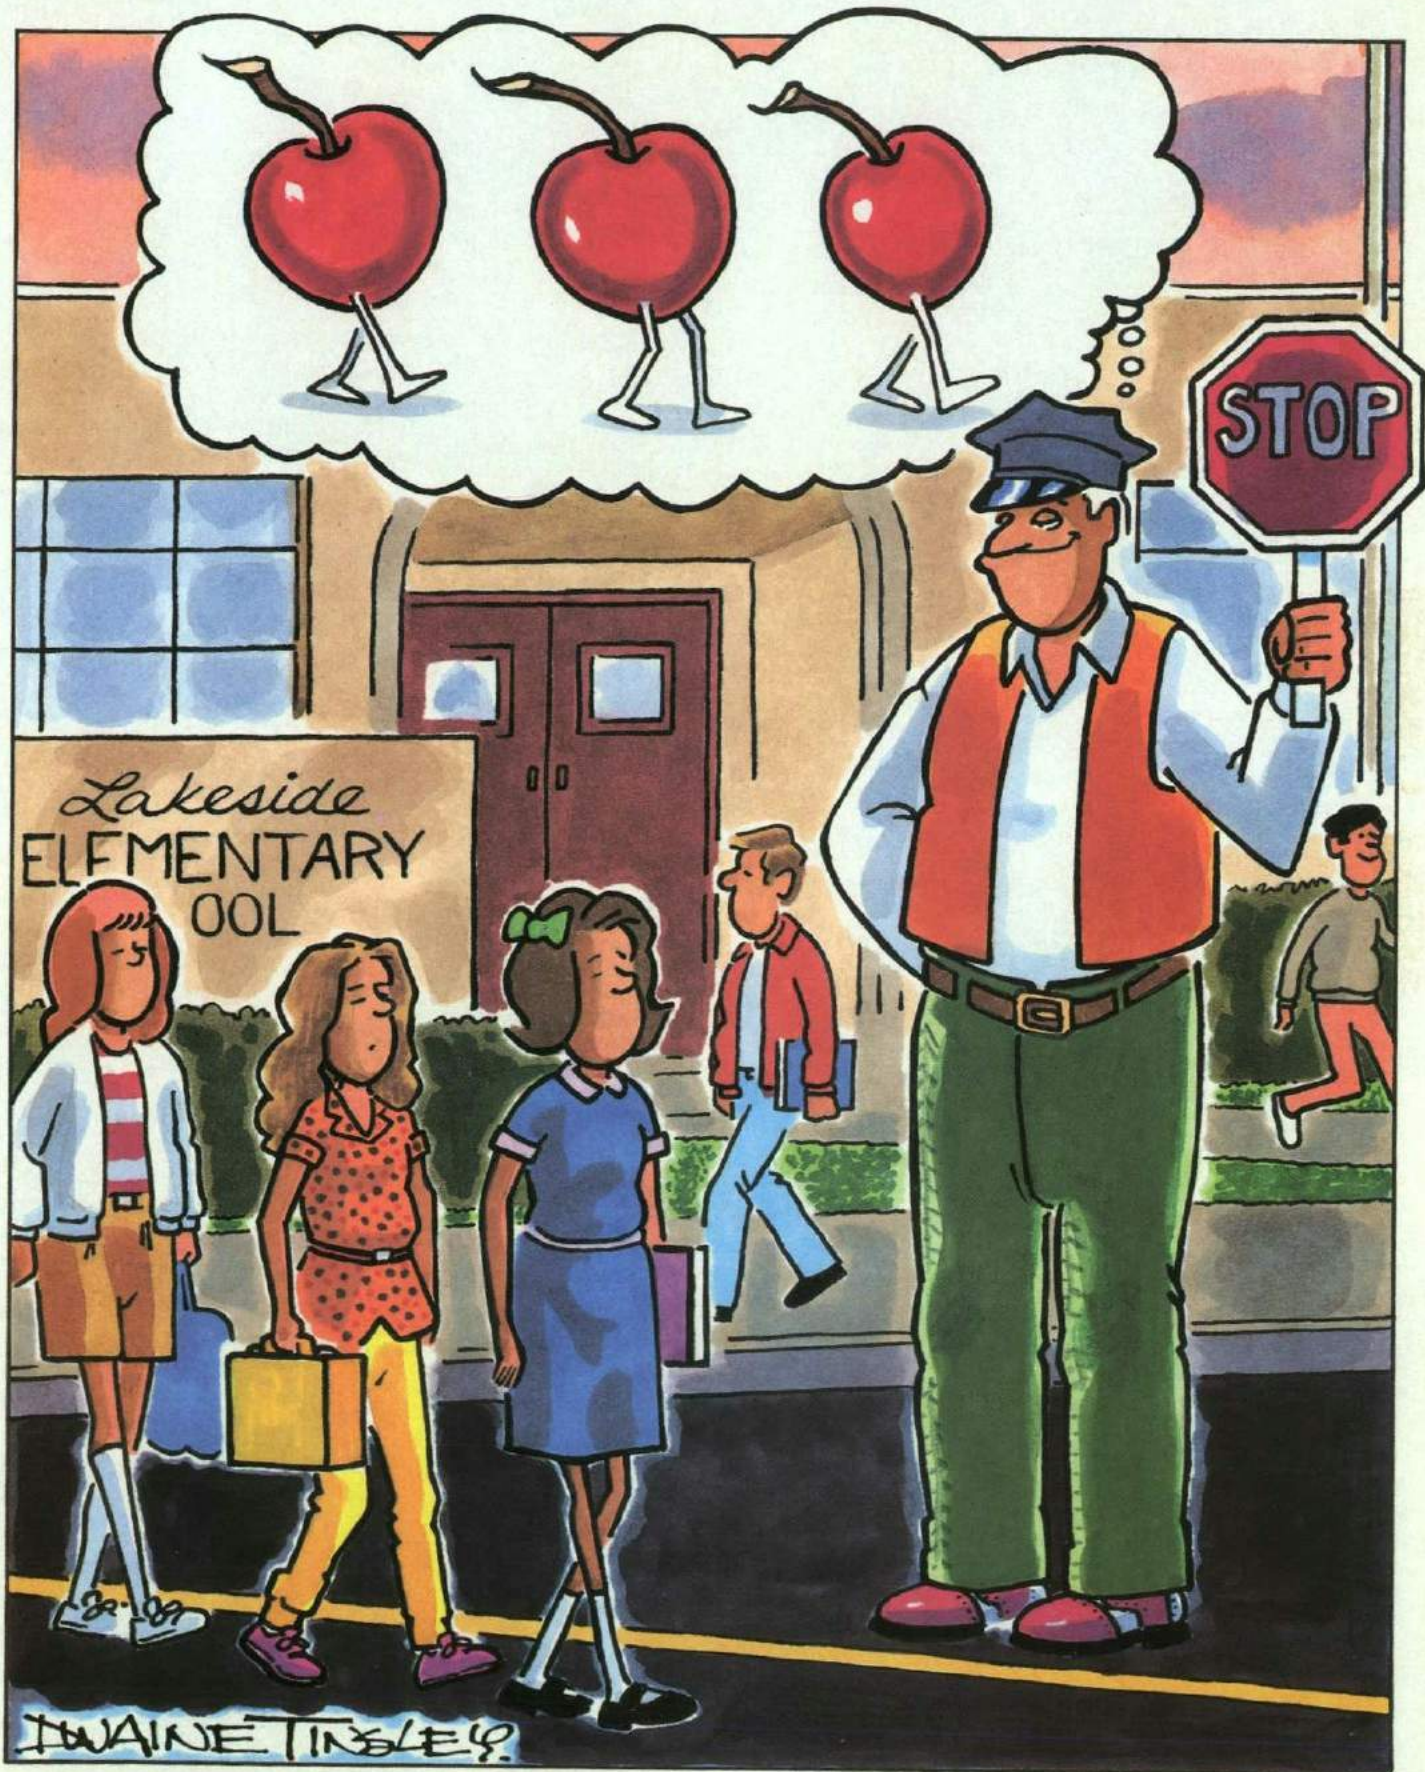

"At first," he said, "being a house-husband wasn't so bad. But now it's getting to me."

"How so?" asked the friend.

"Well, the cooking and cleaning and running errands don't bother me so much," he said, "but fucking the milkman, mailman, and plumber is wearing my poor ol' asshole out!"

Ghester the Molester

If you ever played cops and robbers as a child, you probably remember it was more fun to imagine yourself as an outlaw than a cop. Then you grew up and thought you'd quit playing games. But while you weren't looking, society invented a real game—cops and peckers. Unless you're a cop, you're already a potential outlaw. This is one game no one wants to lose; you'd better learn the rules in order to win.

I first encountered the game in the Albuquerque, New Mexico, airport a few years

How to
Avoid Soliciting a

WOMAN**

ago. I had a long wait for a 3 a.m. flight. I was ready for distraction when two men ran like elephants with piles up the steps into the departure lounge. Loud sports coats covered big bellies. The pair hid behind two pillars. The duo were in position to watch passengers arriving from Mexico. I pegged them as customs agents and waited for what came next.

Spike heels clicked on the tiles as a predatory blonde strode into the lounge. Her high tits bounced under a clinging sundress. Hard eyes swept the waiting room. I thought I could avoid her by not making eye contact. I was wrong. She ignored the Hispanics waiting for a flight from Mexico City, and the young guys wearing backpacks and jeans.

Her shadow fell across my book. Her smile showed white teeth. This lady came on with high voltage.

"Got a long wait?" she asked me.

"Yeah."

She bent down to examine the ticket in my shirt pocket. That let me see beyond the tan line to pink, small, hard nipples. If you like boobs high, round and tight, she was your lady.

"American Airlines," she said. "That is a long wait. What are you doing?"

I had cash in my pocket. Leggy blondes with pretty faces turn me on. A gal who knew airline schedules from memory and flashed her tits at a stranger was obviously an airport hooker, waiting for me to ask her the going price for . . . *the scene's elements computed*. I'd read reports about other cities running the sting. Those men weren't from customs. Did I want to be 2,000 miles from home and in deep shit when I faced the judge?

I said, "I saw your chaperons. I can't catch a plane in the Goddamn slammer."

She straightened, glared at me and ordered, "Don't open your fucking mouth."

Another middle-aged man arrived a few minutes later. He saw only her jugs and reached the obvious—and wrong—conclusion. When he stood, the cops pounced. Within 45 seconds he was in handcuffs and on his way out of the airport.

Stephen Smith, a detective with the Aberdeen, Maryland, police department, occasionally backs up a decoy policewoman running a similar sting. He says that the moment of arrest is dangerous be-

cause johns tend to panic. One night a man nearly ran over the cop's partner.

Detective Cox, the partner who nearly became a hood ornament, agrees that johns don't react like real criminals because, "These guys aren't real criminals."

Steve is right about panic. When I realized why the blonde had approached me in Albuquerque, I felt sheer terror—even though I'd done nothing wrong. If she'd taken a seat after checking out the lounge, I'd have assumed she was a traveler who looked like a hooker—or a traveling hooker.

If she had arrested me and filled out a charge sheet, which of us would the judge have believed? I know very few people in Albuquerque—and no one there knows me well enough to serve as a character witness.

Cox says of the incident, "It was bad police work. It's too close to entrapment. We wouldn't make an arrest if our decoy policewoman went that far."

A retired Baltimore cop suggested something far more sinister than lousy police work or deliberate entrapment. He zeroed in on a detail that hadn't registered at the time—neither the blonde nor the two men had flashed a badge or any other form of ID.

"Ever hear of the badger game?" he asked me.

A man handcuffed between a pair of bruisers can only hope they take him to a police car. The judge might leave him enough money to get home. Furthermore, cops tag and store valuables, such as rings and watches. If those two guys in the airport were crooks, they cleaned their victim out and left him with a concussion . . . if he was lucky.

That summer adventure in Albuquerque was no isolated incident. During the past ten to 12 years police forces all over America have begun arresting johns. Cops and hookers agree that it effectively shuts down activity in a targeted area.

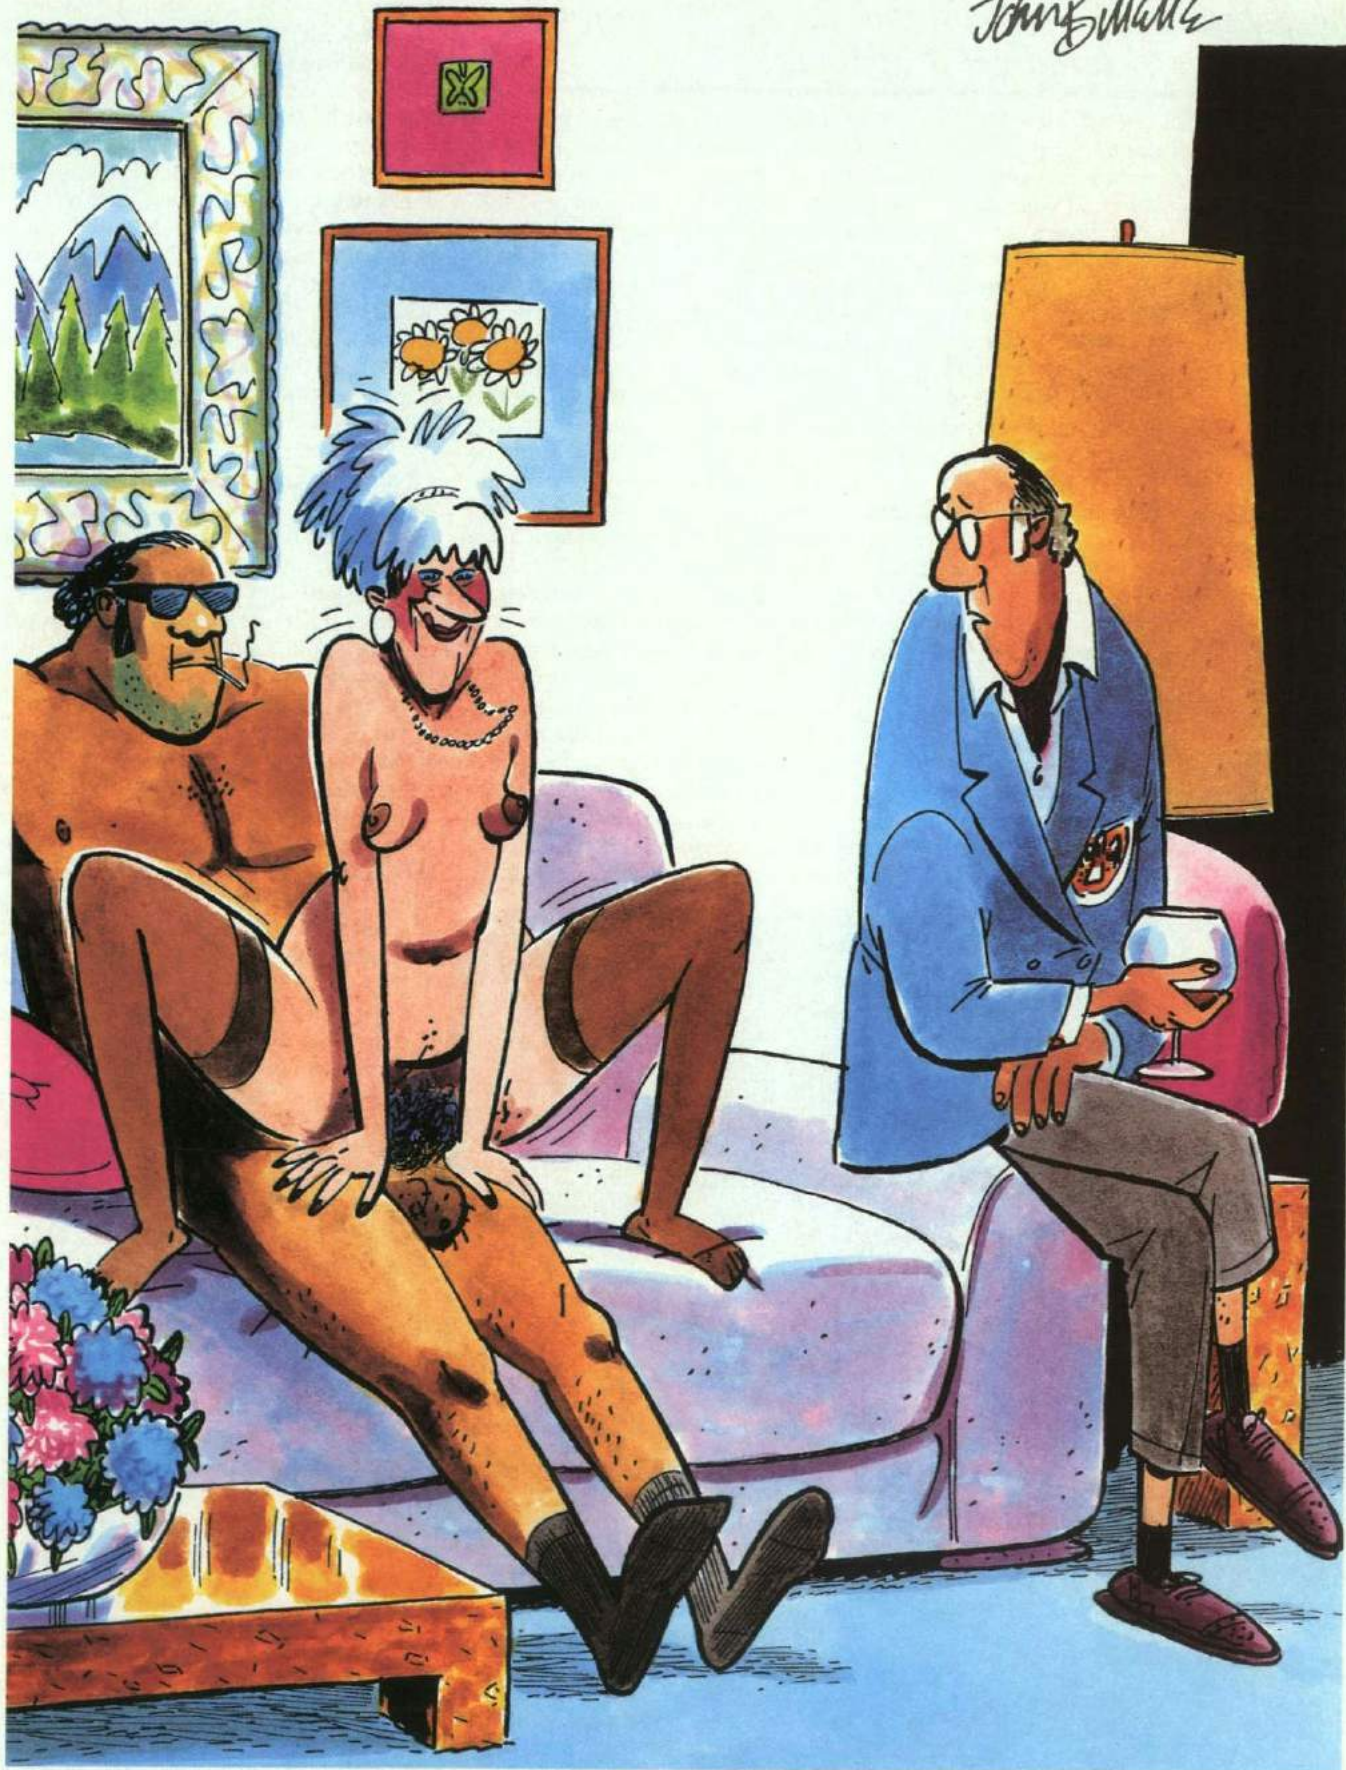

FBI statistics confirm the tactic's widespread use. Published annually, *Crime in the United States* compiles numbers from crime reports nationwide. The latest edition compares 1981 and 1985 arrests in prostitution and commercialized vice. The number of men busted for prostitution increased 29.4% in four years, while the number of women arrested decreased 4.9%. The number of men arrested in 1985 increased 68.6% over those busted in 1976. Crime reports total 25,231 men busted for prostitution and commercialized vice in 1985.

Cops don't make the laws. On the record they don't say that enforcing one is more important than enforcing another. Prostitution is illegal everywhere in the U.S., except a few Nevada counties. Such

laws are absolute and refer to men as well as to women. Cops know better than anyone how many laws go unenforced because of lack of manpower. If you examine the pattern of stings closely, and if you understand what generally motivates police departments to set up such operations, you have a good chance of avoiding one while continuing to break the law.

The cops won't tell you how to avoid getting caught, but Phyllis, a Bel Air, Maryland, police department detective who's worked as a decoy several times, suggests, "Get a girlfriend. She can do everything for you a prostitute can. And you'll be a lot safer."

Off the record a lot of cops suggest legalizing prostitution. Both johns and hookers would be safer in houses than on the streets. And the cops could cut out the drugs and the armed robberies that plague areas where hookers patrol—as well as join with public-health authorities to control the spread of disease. At present, however, the laws stand. The cops enforce them sometimes. So if you intend to use a hooker, know the rules for avoiding a lady cop who looks like a hooker.

Kay, who worked a dozen years as a prostitute and never got busted, followed two rules: First, stay off the street. Second, let the john talk sex and money first.

You can easily follow rule No. 1. And if you reverse rule No. 2—let the girl mention cash for gash first—you're as close to absolute safety as you can get while breaking the law.

"I worked motel lounges," says Kay. "I parked my butt, had a drink and looked available. Some guys wanted it for fun. There's no law against telling some asshole his good looks are insufficient to get me into bed. Men who took the hint and offered to pay had to show me their room keys. At that point we reached closure."

A security man for a major hotel chain says all officers have standing orders to chase street hookers who begin openly soliciting johns on company property. They don't bother the classier hookers who work the bars or the callgirls who stroll through the lobby and take an elevator to a john's room. One reason is obvious: Every drink sold and every bed rented helps the bottom line.

One guy who travels a great deal and

dislikes going to bed alone has a marvelously simple system. He always stays at major chains. He bluntly asks taxi drivers, desk clerks and bartenders how to get a woman sent to his room. He says he can get a clean, safe woman wherever business takes him.

A cop—he's from a populous state and works for a force that doesn't want officers quoted and identified—confirms the evidence that police forces tend not to bother the big chains. He was in a major hotel to check out a tip that a fugitive was staying there. The management cooperated with him fully. He was in civilian clothes. As he walked down a corridor, a girl wearing only a wraparound skirt stepped out of a room.

"She had nice, low boobs with dark nips," he recalls. "She embraced me and said that for \$200 I could fuck her as often as I could get it up tonight. I told her I was a police officer. She screamed and jumped back into her room."

The story amuses him and his fellow officers. It wouldn't amuse his superiors. Technically, his failure to arrest her, or at least to file a report, was a dereliction of duty.

"Shit!" he says privately, "My stopping to bust her while I was searching for an armed felon would have been like a cop in hot pursuit of a bank robber, stopping to bust a wino pissing against the cemetery wall. Besides, I know these big hotels. If I didn't scare that slut into checking out and moving on, some guest will complain about being hustled in the hallway. The manager will come down hard on his staff. Her ass will be unwelcome. Respectable places police themselves a hell of a lot better than the law can."

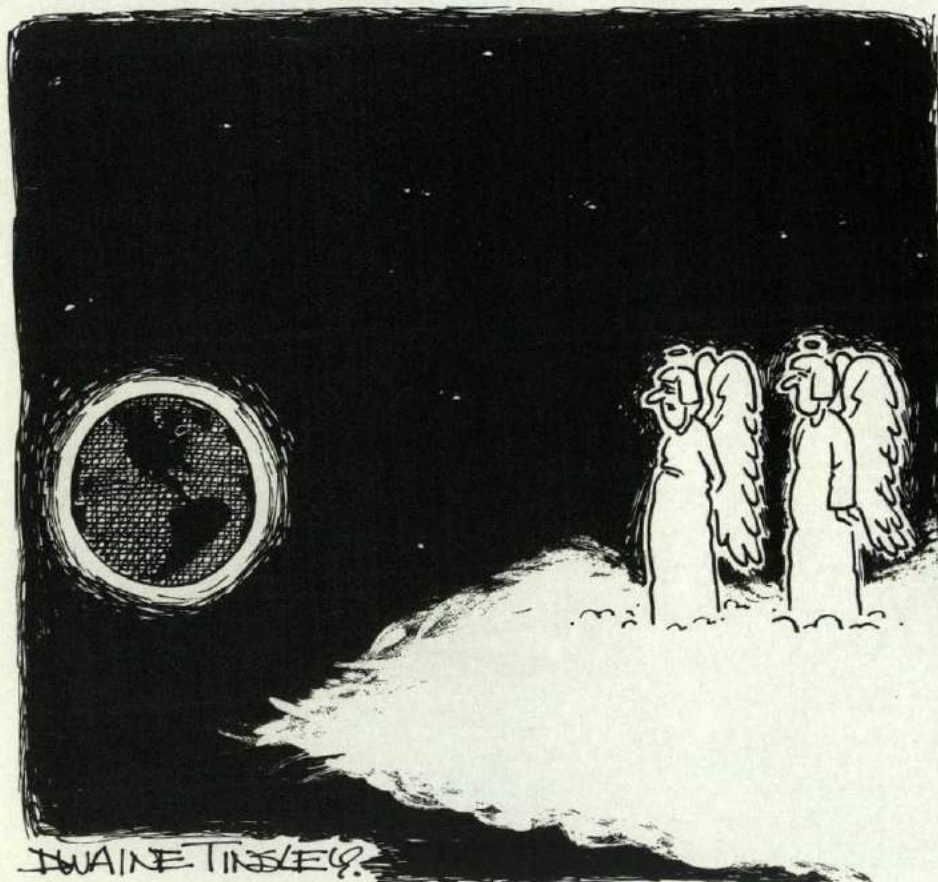

Kay agrees: "Big hotels were among my favorites. I never made a scene. My clothes stayed on in public. And any expensive chain screens out the nuts."

A sting is about turf, not about sex. If you know New York, you know Murray Hill. It's a nice area where you can be artsy or fartsy or just plain wealthy, but you don't dare disturb the peace. In 1985 some 30 to 40 hookers decided to station themselves on East 31st between Park and Fifth—the edge of Murray Hill. Residents, along with the minister of the Madison Avenue Baptist Church, complained.

If residents of the South Bronx complain about whores on the streets and johns following them, the cops will let the drug dealers and muggers handle the extra traffic. Murray Hill is different. A little sting, a little busting of whores, a little moving of the business to neighborhoods without clout—don't bother to go to East 31st to get gash.

And if gay is your thing, watch the areas around the bus stations in Washington, D.C. There was a time when teenage

People in New Jersey can't have much fun, but they can dream, can't they? Fernando and Sylvia are so turned-on by the Fred and Ginger roles, they often switch from sexvids to old dance flicks on WOR.

If dance is a metaphor for sex, then Fernando and Sylvia are the embodiment of the horizontal mambo. Shaved to allow her ball gown to gracefully glide across her nether region, Sylvia gets wet in the arms of the dapper dude in a dashing dinner jacket. Their garments disappear with Busby Berkeley magic as they get down on the dance floor like nothing Arthur Murray ever taught.

Their crazy-crawl moves to a lusty Latin rhythm until their carnal choreography explodes in a crescendo of passion. Then all that remains is putting another quarter in the jukebox of desire.

Let the broad make the offer first. Once she cites both sex act and money, you're home clean.

chickens waited there for governmental hawks to swoop down and pick them up. They still do. And some of those chickens may be clean-cut cops in jeans. Others have been so compromised by the law that they sing beautifully when the case goes to trial. At least one very conservative Congressman—Robert Bauman (R-Maryland)—is now a private citizen because of his activities with boys.

When Portland, Oregon, appointed a woman police chief, she mailed letters to guys whose cars had been seen in areas where hookers worked. Those letters invited the lucky recipients to come in and help with investigations in progress. Of course, since most cars are registered to couples, if their wives should happen to open the mail first. . . .

Scare tactics work.

Go to Chicago and take a wrong turn off the Loop. She might be a cop. Try it in Boston's Combat Zone. She might flash a badge instead of a boob. It can even happen in Times Square, which is as unlikely as Los Angeles' Sunset Boulevard or Washington, D.C.'s 14th Street ever to be completely clean. Statistics count. You

don't get a 68.6% increase in arrests by sitting on your butt.

The cops aren't everywhere though. Listen to a retired Baltimore cop who once provided backup for decoy policewomen. This man says the guys who work vice are "no better than scuzballs." According to him, a few people fucked up the works for everyone.

"A string of whores needed to move," he says. "They picked the wrong neighborhood. Guys coming home from work didn't like getting hustled on their front steps. And the johns who followed the whores, figured any woman on the street was selling. So they'd stick their heads out car windows to ask some housewife or high-school girl, 'How much to suck my cock, baby?' The residents bypassed the police to call their politicians. Within 48 hours more cops than you can imagine hit that street. We used women officers from every city district. All of them owned whore boots, hot pants and see-through blouses. We sewed that area up so Goddamn tight, a mouse with a hard-on would have ended up in detention. The media cooperated."

Amy, in jeans, looks more like a lost housewife than a hooker. She's packing a .38 with a 2" barrel, though, and two johns don't let her innocent looks stop them from breaking the laws against bawdyhouse prostitution. If those guys had followed Kay's first rule and stayed off the street, they could've made the same deal with a genuine hooker in one of several fine motels in the town.

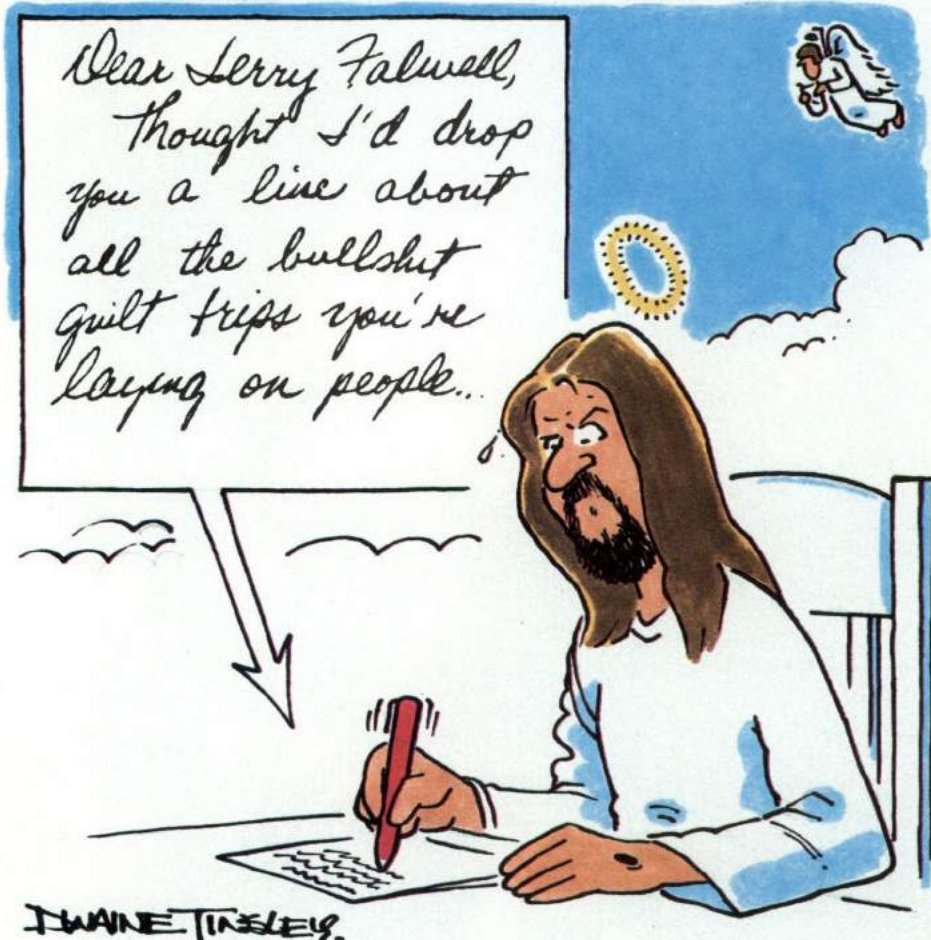

The cops know why you're hitting the street—or its equivalent, the Motel El Cheapo, where hookers slightly outnumber roaches. You're saving time and money. They've factored that into the sting. They know you can bargain with the average street whore. That's why they tell their decoy policewomen to bargain only a little and come cheap. One john figured it out—after she was in his car and directing him to the motel. She already had enough on him to file a charge.

Another john from Virginia told the judge he'd only stopped for the policewoman because he had good taste—she was the only broad on the street worth fucking. The judge chuckled as he levied a heavy fine. The cops don't put dogs on the street. And once you go around the block a second time, your license number is undergoing a computer check. In New York just letting a legitimate hooker in your car was reason for the waiting cops to pull you over. She didn't have her seat belt fastened. You catch the ticket.

If you go out on the street and get busted, be ready for a jury trial. Fighting back starts at the moment of the arrest. Be cooperative. If you run, you'll bump into a backup. If you try to resist arrest, remember that it's an additional charge—as well as hazardous to your health and good looks. And anything you say during the booking procedure may be held against you. One john, afraid of losing a lucrative part-time job, insisted the lady cop had misunderstood him—he wanted a blow-dryer for his hair. That absurd story destroyed him in front of the jury.

It's your choice. Keep off the streets. Let the broad make the offer first. Once she cites both sex act and money, you're home clean. And if you aren't, fight it in court. A few departments will play cops and peckers in the dirty fashion. A few badger-game artists will join the fun. I don't know what I hit that night in Albuquerque. I only know that if I ever have to fly through that airport again, I'll follow Kay's rules once more. And if I wind up in handcuffs, I'll fight clear to the Supreme Court—unless it's a badger game. Then I'll want to know why the local cops didn't protect me.

Pay a little more for safety. Pretty girls such as Kay don't come on the streets. If you pay a little more now, you won't pay a hell of a lot later.

Whatever their price, the services promise that the "girl of your dreams" is just a phone call away.

Clearly, they are the same company, and just as clearly, it'll cost you an extra \$40 an hour to call yourself an executive in Houston.

Chicago: Going back at least to the Mayor Daley years, it's never been easy to locate the girls within the city limits of Chicago. There's no such thing as an "incall" house in Chicago. At last count there were only three escort services listed in the directory—a pittance for a city this size. It's said that the escort services are subject to periodic entrapment scams by no less a police source than the FBI.

We found *Parliament Escorts*, an outfit with a branch office in New York, still open, and charging \$200 per hour, cash or American Express card. They discuss available ladies after you supply your phone number for a callback. The other two listed services, *Pari's* and *First Class*, did not answer repeated callings. A fourth service, *Escorts Unlimited*, which we found in a *HUSTLER* Magazine ad, charges \$180 per hour, cash only, and operates between noon and 4 a.m. Considering the situation, pack your own girl if you're going to the Windy City.

Detroit: Like Chicago, escort services are pretty much stalled out in the Motor City. Of the three listings in the directory, two have had their phones disconnected, and the third, *AAAAAn Ultimate Outcall Experience*, will not service homes, only hotels. The rate is \$75 per hour for the escort and a massage, with tipping additional. They take Mastercard and Visa.

Boston: Beantown offers a half-dozen listed services with prices averaging about \$150 an hour cash and somewhat more for credit cards. At *Tres Chic* your escort shows up with a bottle of champagne, gratis. At *All American Girls* they claim to have at least a dozen ladies to choose from after 6 p.m. *Divine Associates* will rent a limo as well as an escort, and they are open for business around the clock.

Washington, D.C.: The nation's capital has always been a wide-open town in terms of scoring for sexual amenities. In the late '50s, when smut was just a gleam in the eye of Larry Flynt, there were soft-core peep-show stores in D.C. What's more, the single female population outnumbered the male by two or three to one.

But if you can't land one of those single ladies, 25 to 30 escort outfits serve the metropolitan D.C. area. Outcalls operate from about noon to 2 a.m. and range in price from about \$125 to \$175 per hour. *Student Escorts* will send a genuine American Indian girl for \$125 per hour. They have a "no tipping" policy. At *Elegance for the Connoisseur* the hourly rate is \$150, with the option of visiting the girl at her home or having her come to you. *Mais Qui* charges \$170 per hour for Washington, D.C. or suburban Maryland, and claims to have a "floating list" of 60 women, of which seven to ten work on any given night.

Atlanta: New Orleans used to be the great cathouse of the South. In recent decades this distinction has been taken over by sexually liberal Atlanta. There are more than 40 escort services listed in the Atlanta directory, outfits with enticing names like *College Age Escorts*, *Affordable and Adorable* and *Blondes Have More Fun*. But the deal is disappointingly similar from service to service. All the outcalls charge a \$60 agency fee, and then you must negotiate with the girl for her tip, which might range anywhere from \$50 to \$150. There is a 20% surcharge at most for using credit cards.

New York: Escorts are big business in the Big Apple. Diversity is the name of the game in New York, where there is even an escort service called *Musclette*, featuring female bodybuilders at \$200 an hour. Call one service and a woman who sounds like she just swallowed a handful of Tuinals asks, "Ya like big tits or small ones, huh?" Call another service and a pretentious voice informs you that their travel-companion fee is \$2,000 a day, and they accept corporate checks.

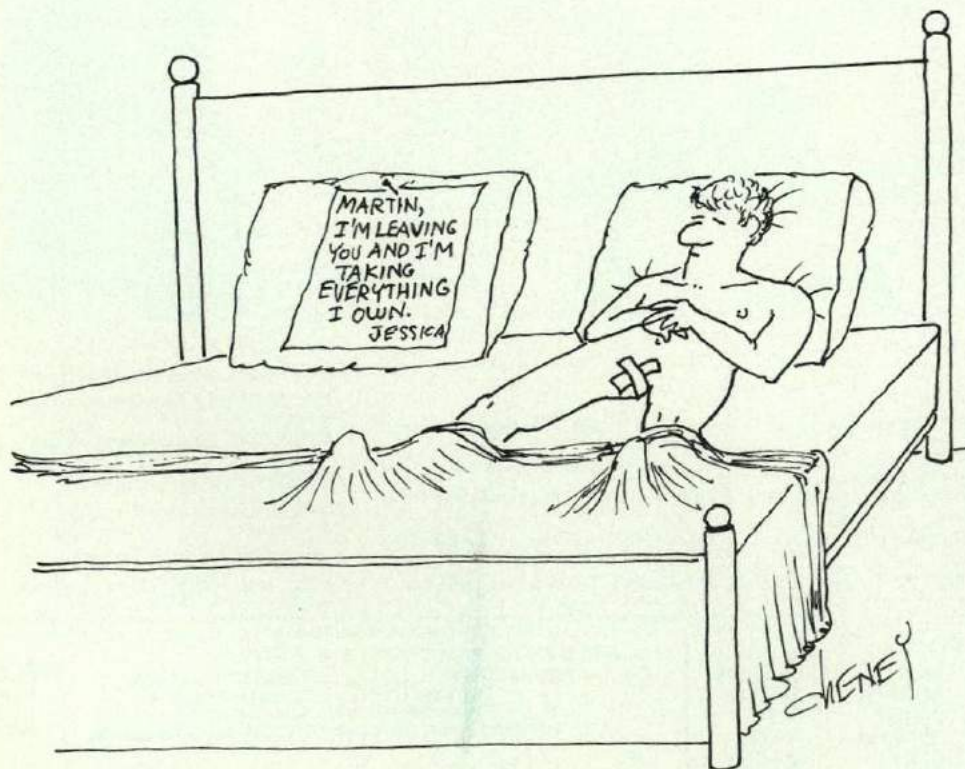

Escort prices range from as little as \$80 an hour to a \$500 minimum fee for two hours. A half-dozen services brag of being "the most expensive in town."

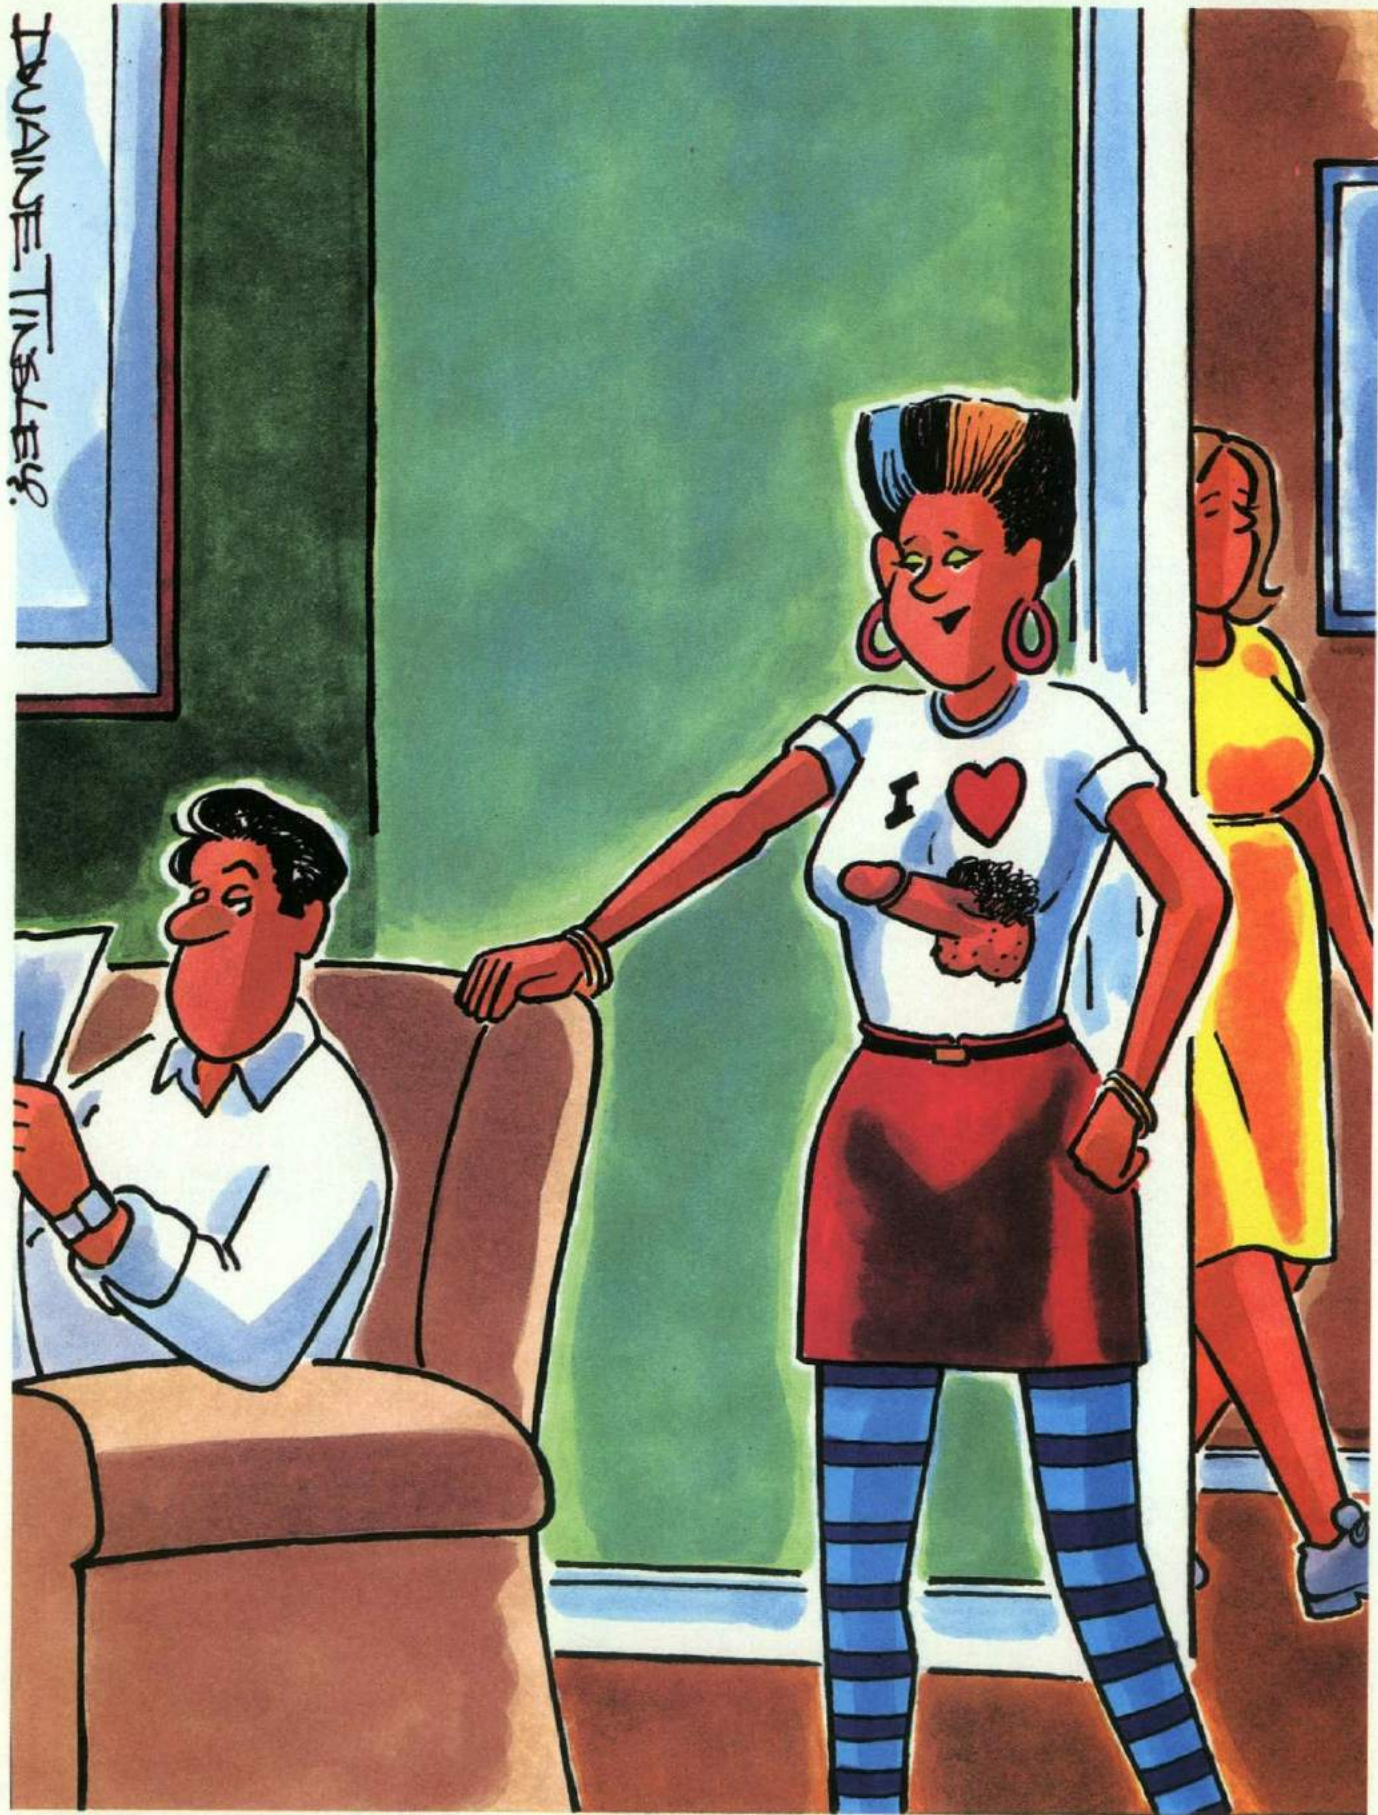

In New York it is positively easy to spend \$1,000 for an evening with an escort. Take *International Escorts*, where they have three classes of girls: "Regular" (\$300 for the two hour minimum) "More Glamorous" (two hours for \$400) and "Best" (two hours for \$500).

Whatever their price, the services promise that the "girl of your dreams" is just a phone call away. The girl of my dreams, at least my sex dreams, happens to be Oriental—a petite, delicate-featured Japanese or Chinese girl. I checked the ads in *Screw* and the weekly *Village Voice* where the "budget" or \$100 services advertise. There were no \$100 China girls. I settled on an outfit called *First Class*, which boasted that all their girls were 18 to 25. In lieu of an Oriental, I asked for a tall, leggy girl 18 to 25.

ESCORT SERVICES *(continued from page 88)*

I went down on her. It was the first time I had eaten pussy at the rate of \$200 an hour.

"I'll send you Margo," the receptionist said. "She's very intelligent . . . definitely . . . trust me." Yeah, right.

You have to order escort girls in advance, anywhere from an hour to a day. I ordered Margo at 9 p.m. About 30 minutes later she called, saying she'd be over within an hour.

The bell rang, and I opened my door to find a thin-faced woman about 5-6 wearing two-inch fuck-me heels, designer jeans and a shawl. Margo looked intelligent all right, but she was neither pretty nor plain. After calling in to her service and refusing a drink, she politely asked for the \$100. I forked over the money, and she placed a condom on my coffee table, saying: "We'll have to use this—unless you just want head." I didn't want anything at this point, but there she was; so I asked her to stand and slowly undress. Her striptease revealed a mid-20s body, slender, and with a bit too much wear for her age. She caught me staring at the faded scars running down the insides of her forearms. "Don't worry, I haven't shot drugs in two years."

Margo wasn't exactly my dream girl. I

decided to salvage the situation with a massage. Without being asked, she transitioned the massage into a tongue bath. Despite my sexual indifference to her, I was ready when she delivered an efficient, if uninspired, blowjob.

Almost exactly an hour after she arrived, Margo called her service, got her next assignment and breezed out of my door and out of my life.

You get what you pay for. The \$100-an-hour girl proved to be a sexual bust. It was time to see if my dream girl could be fetched at \$200 an hour. I confined my search for a jade goddess to the Yellow Pages, where the better services tend to advertise.

A few calls later I stumbled on a service with the delicately pretentious name of *Entre Nous* and asked for an Oriental escort. The receptionist said, "I think we have the perfect girl for you. Her name is Tiffany. She's 23, 5-3, extremely pretty and a dance student. Tiffany arrived, and I opened the door. Standing before me was, as advertised, an "extremely pretty" young lady in a classy silk dress.

Like Margo, she immediately called her

service. I asked if she wanted a drink. She said: "Scotch, please, and do you have any grass?"

While we shared some sinsemilla, Tiffany told me she was born and raised in Osaka, had toured Europe and was now studying modern dance in New York. Everything about her telegraphed an icy feminine vanity. There was nothing of the hardboiled whore in her demeanor.

The conversation was interesting, but we were on a meter, and the meter was running at \$3.35 a minute. She counted the \$200 while reading me the escort's riot act: "Because of all the disease going around, I don't kiss until I get to know someone, and I have to give you, how do you say it—a duty?" The "duty" was a condom that she produced out of her bag. I was determined to fuck her; so I didn't beef about the rubber.

Her breasts were 35Bs, large for an Oriental, and perfectly firm. In fact, her entire body was flawless—lean but not too lean, with perfect muscle tone.

She was as clean as a whistle; so I went down on her. It was the first time I had eaten pussy at the rate of \$200 an hour. It tasted the same as when eaten for free. When I produced my cock for her oral attentions, she reached for the rubber.

Considering her reserved manner, I was surprised to find that she was an excellent cocksucker, able to deep-throat my entire tool as I played with her pussy. She seemed to like playing with my cock. Her pussy started lubricating.

I was more than ready to try her pussy. I placed her on her hands and knees and entered her from behind, instructing her to turn her head sideways so I could watch her face. Tiffany's cunt was one of the tightest I'd ever had, and only out of sheer will was I able to fuck her for 15 minutes before exploding.

Given the facts—the \$200 fee, the rubber and the no-kiss rule—fucking Tiffany shouldn't have been much better than fucking a beautiful blow-up doll. But I admit that I enjoyed her. She was, as claimed by the service, a superior sex object. About ten minutes after she left, the phone rang. It was the receptionist from *Entre Nous*: "Hi, just calling to see how everything went. . . ." Jesus Christ, talk about efficiency. I joked about Tiffany and I being engaged. "Well that's lovely, do try us again," she said.

My experiences with New York's escort services were a mixed bag. The bottom-line \$100 service was a bust while the \$200 service did produce a quality girl. In the final analysis it seems to me that if money is not an object, and if you are careful in selecting a service and a girl, then escorts can be a civilized and enjoyable excursion into the world of commercial sex. 🍆

PROSTITUTION '87 (continued from page 40)

There are as many ways for a man to find a prostitute as there are ways to have sex once he finds her.

From the California border to Utah, Route 80 has 16 towns and some 25 houses that have operated through war, peace, pestilence and plenty. Brothels bearing girls' names may all be worth a visit, but the most fabulous and famous is the Mustang Ranch.

Park your car, ring the bell, and the gate swings open. A score of girls alerted by the buzz assemble in the main hall to greet you. The walls are decorated with whorehouse nudes in gilt frames. Beneath each picture stands a red plush sofa where girls wait for customers.

At last report, Mustang had 510 acres, 110 bedrooms and about 100 prostitutes.

RULE 7: You may never make out in Nevada, but you can't get busted in a legal, lawful whorehouse.

TALKING MONEY: Don't be surprised when a hooker demands her money up-front—before, not after, sex.

Prostitution is not an industry with controlled prices, and the price is whatever the market will bear. There's hardly a way to explain haggling that goes on between tricks and prostitutes in establishing the price for the service, especially if

the prostitute is a streetwalker, but haggling prices is hardly new in 1987.

One new thing is plastic money. The number of credit cards in circulation has doubled since 1982; so logically, some sections of the sex industry will take plastic money. Many callgirls have a handy little machine to authenticate the bill so her date can deduct the fee as entertainment on his income-tax return. An escort-service manager usually asks for the client's credit-card number and checks it before filling the order.

Ads for massage parlors and escort services sometimes specify which credit cards they accept, but to be safe, ask in advance. In some situations it's cheaper to leave your credit cards at home.

DANGERS: Men who go whoring are nearly always in some danger of being stiffed, beaten, or robbed. But a few precautions—where to go and with whom—minimizes those dangers.

In 1987, probably the greatest danger is AIDS. For years, prostitutes have been wrongly blamed for the spread of VD. But prostitutes know their first wealth is health, and they have regular checkups at

least once a month, and more often if needed.

More and more prostitutes are insisting on condoms for vaginal, oral and anal sex. Considering that AIDS is a terminal disease, it's surprising how some men resist using condoms. *The Bad Trick Sheet*, a newspaper published by and for prostitutes to identify violent and dangerous tricks, cites the reactions of some men who resisted using rubbers. "A white male in his mid-50s offered \$70 for a lay. When the woman asked him to wear a condom, he got violent and said she was implying that he had VD. After slapping her around, he proceeded to rob her."

A famous Atlanta peach of a madam demonstrated how she jacketed reluctant Europeans who rejected the condom. Without hands—merely by the adroit use of an educated tongue—she would, as part of the blowjob, protect herself from possible contamination.

The "rubber man" still stands on a corner of the stroll, his pack on his back. He seems to be doing a thriving business.

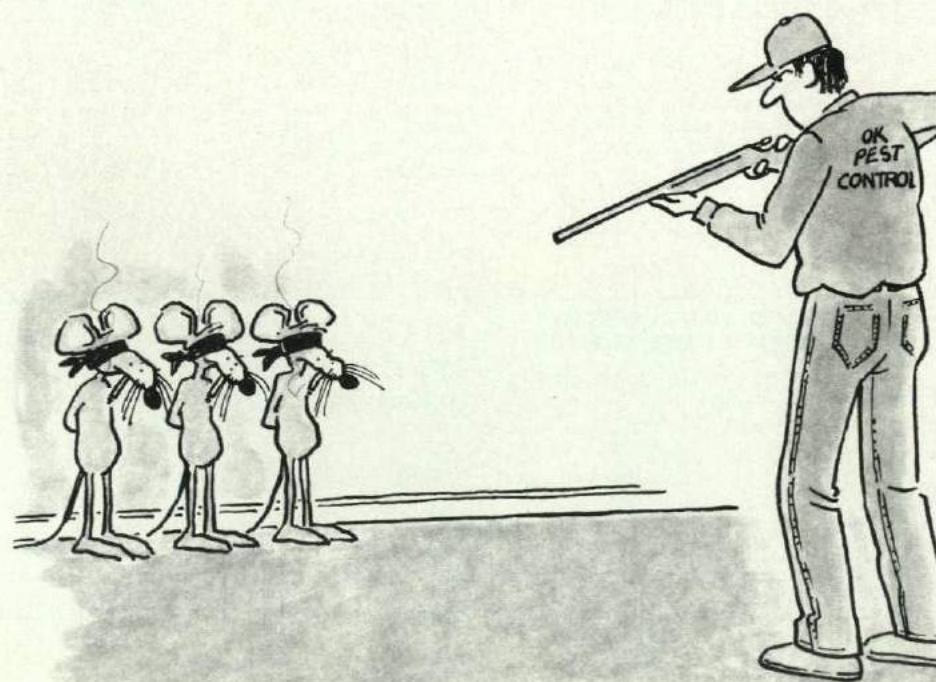

RULE 8: To use or not to use condoms may soon cease to be the trick's choice.

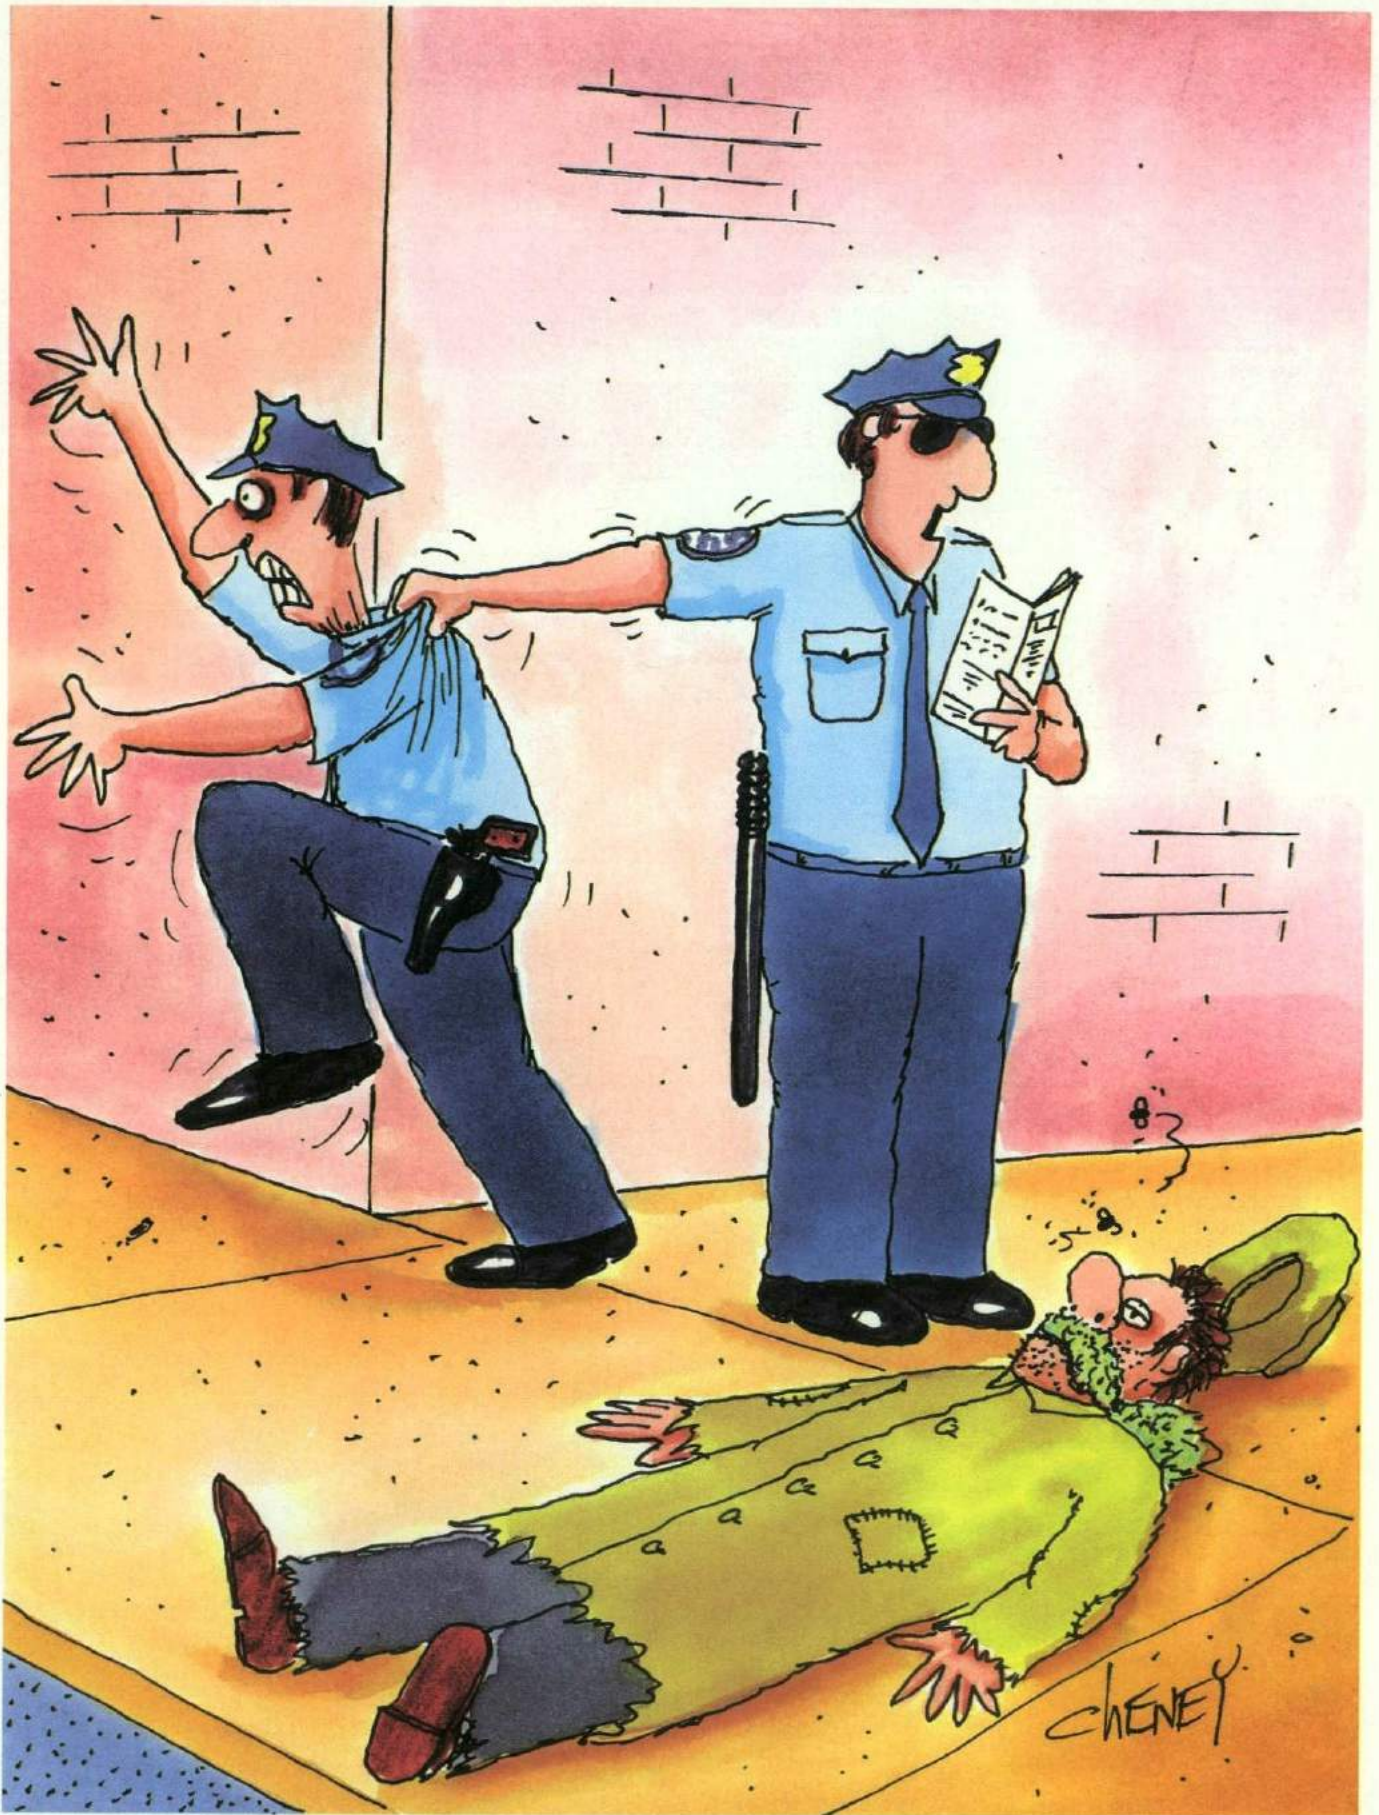

WHAT ELSE?: Today, there are as many ways for a man to find a prostitute as there are ways to have sex once he finds her. Consult the Yellow Pages. Buy a sex newspaper—*Screw*, *Boston Phoenix*, *Fun Seekers*, *Spectator*, etc. Mail-order a book listing prostitutes in towns and cities from coast to coast. Cruise the local ho' stroll or walk around the block in the hotel district. Go to a massage parlor. Call an escort service. Get a referral from a friend or entertainment service. Go to a legal brothel in Nevada or choose an illegal but notorious house in Idaho or Montana. Wait until the club puts on a stage show or bachelor party. Get a number from a desk clerk or cabdriver. You might even find yourself surprised by an offer in an elevator or from the hotel maid or the manicurist at the barbershop. The commercial exchange is seemingly everywhere; the supply and variety, like a prostitute's skills, are seemingly endless.

To be successful a prostitute must be a skilled craftswoman who understands that the client is paying her to be nice, to be supportive and to make him feel special. Her bag of tricks includes a liberal dose of flattery and praise—for his penis and his performance. Knowing her customer and what he wants is part of her skill, and recognizing his anxieties frequently enables her to exert control and increase her fee. She doesn't sell 15 strokes, a tickle and a spurt. She sells a shot at that dream orgasm, the magic coming that takes you out of yourself. She sells manhood, potency, power and all the rest of the dream.

RULE 9: Enjoy! Enjoy! 

DWAINE TINSLEY

"Step three: Place your mouth on the victim's mouth and exhale. . . ."

Sexual Aids:

How to order them without embarrassment.
How to use them without disappointment.

If you've been reluctant to purchase sexual aids through the mail, the Xandria Collection would like to offer you two things that may change your mind:

1. A guarantee
2. Another guarantee

First, we guarantee your privacy. Should you decide to order our catalogue or products, your transaction will be held in the strictest confidence.

Your name will never (never) be sold or given to any other company. No unwanted, embarrassing mailings. And everything we ship to you is plainly packaged, securely wrapped, without the slightest indication of its contents on the outside.

Second, we guarantee your satisfaction. Everything offered in the Xandria Collection is the result of extensive research and real-life testing. We are so certain that the risk of disappointment has been eliminated from our products, that we can actually guarantee your satisfaction - or your money promptly, unquestioningly refunded.

What is the Xandria Collection?

It is a very, very special collection of sexual aids. It includes the finest and most effective products available from around the world. Products that can open new doors to pleasure (perhaps many you never knew existed!)

Our products range from the simple to the delightfully complex. They are designed for both the timid and the bold. For anyone who's ever wished there could be something more to their sexual pleasure.

If you're prepared to intensify your own pleasure, then by all means send for the Xandria Collection Gold Edition catalogue. It is priced at just four dollars which is applied in full to your first order.

Write today. You have absolutely nothing to lose. And an entirely new world of enjoyment to gain.

The Xandria Collection, Dept. HU0487
P.O. Box 31039, San Francisco, CA 94131

Please send me, by first class mail, my copy of the Xandria Collection Gold Edition catalogue. Enclosed is my check or money order for four dollars which will be applied towards my first purchase. (U.S. Residents only).

ENLARGE YOUR PENIS TO IT'S MAXIMUM! HAVE ERECT MEASUREMENTS OF 9, 10 EVEN 12 FULL INCHES!

The MACRO-TEN is the **ONLY** PENIS
DEVELOPER you will ever need!

Is the size of your penis bringing you down? Sure, the medical authorities say the size doesn't count; but as long as women have a need to be filled, they will demand the full measure of devotion. And no amount of psychological reassurance will fill the gap between expectation and reality.

Now, with a simple device you can follow in the footsteps of thousands of men who have proven that there is a way to **INCREASE PENIS SIZE and THICKNESS!** The device is called the **MACRO-TEN ELECTRIC VACUUM ENLARGER**. A safe and proven natural way to add inches to penis length and thickness. With the **MACRO-TEN**, you will see yourself grow to dimensions you never thought possible.

HOW CAN THE MACRO-TEN ELECTRIC VACUUM ENLARGER INCREASE PENIS LENGTH & THICKNESS?

Your erection is caused by blood flowing into hollow caverns inside your penis. The caverns fill with blood and your penis grows in size and thickness and becomes stiffer until the caverns are filled with all the blood they can hold. BUT, IF YOU INCREASE THE CAPACITY OF THE CAVERNS BY MAKING THEM BIGGER, THEY HOLD MORE BLOOD and you have a correspondingly longer, thicker penis. Regular use of the **MACRO-TEN** gently urges the caverns to expand . . . expand . . . expand. You'll see the astonishing results the first time you use your **MACRO-TEN**. Your penis will grow inside the clear, picture window sleeve. Immediately you'll see just how really BIG . . . how really FAT . . . how LONG . . . how HARD and STIFF your own penis can get! And after regular

sessions with the **MACRO-TEN** you'll probably find as do most men that these size gains don't go away! They become a part of you to thrill and excite her!

THE MACRO-TEN IS SIMPLY THE MOST POWERFUL ENLARGEMENT SYSTEM YOU CAN PURCHASE ANYWHERE! AT ANY PRICE!

This powerful, totally electric unit (U.L. approved) is equipped to plug into any wall outlet to give you continuous, even sucking power until you shut it off! Unlike noisy electric vacuum enlargers costing upwards of \$100 — the **MACRO-TEN** is "quite as a whisper." This sophisticated instrument is by far the state of the art in penis enhancing machinery. It has taken time, money and first-class engineering to produce what many have called the "Rolls Royce" of vacuum enlargers. The **MACRO-TEN** is a finely crafted precision instrument designed to create the vacuum needed to make the male organ LONG and THICKER. If you are truly serious about penis enlargement — the **MACRO-TEN** will do the job for you!

HUSTLER

May issue on sale March 17, 1987

LUSTY LADIES

These May flowers are well worth picking. Porn queen Keisha gets things off to a sizzling start by displaying her tantalizing tropical tan. That should warm you up for our one-of-a-kind centerfold, a sexy yuppie surf punk. We'll take you behind the scenes at a hilariously raunchy porn shoot, and introduce you to a pair of voluptuous female pilots who really soar on *terra firma*.

BITCHIN BIKERS

If you've ever been curious about life on the edge in America's outlaw motorcycle clubs, *Biker Lifestyle* publisher Bob Bitchin has the inside story. "Inside the Biker World" reports on the biggest motorcycle rallies of the year across the country, the strange rituals of outlaw initiations and the subtleties of biker etiquette that could save you from getting stomped.

SWEDISH MEAT

"Scandinavian Sex" is a firsthand report on the wide-open world of carnal delights in Stockholm and Copenhagen. The capitals of Sweden and Denmark are renowned for their permissive attitudes toward human sexuality, as this whirlwind tour of the finest bars, brothels and bedrooms amply illustrates. International journalist Lars-Magnus Jameson's sizzling account will have you itching to get on the next plane for paradise.

AND MUCH MORE...

"A Very Happy Man," erotic fiction by Allan MacDonell, details the success of a Beverly Hills pimp; *Hot Letters* relates another mouthwatering selection of reader mail; *HUSTLER Erotic Entertainment* presents the winners in the X-rated video field; *Bits and Pieces* shocks the world with no-holds-barred humor; and *Beaver Hunt* reveals some very talented amateur strippers giving their all. Mark down May as a red-letter month for adult entertainment.
